

Airspace Change Proposal Change Sponsor Indicative Timeline Update Request Form

CAP 1616 requires change sponsors to submit a timeline for their airspace change proposal (Level 0's are exempt) to the CAA so that it can be reviewed and agreed accordingly. In agreeing a timeline, the CAA is making a commitment to deliver the decision timeframes as specified in CAP 1616 for each of the four Gateway sign-offs, and for the decision on the final proposal, subject to the change sponsors meeting their own commitments.

This form should be used by the change sponsor to formally request an update to airspace change proposal timelines that have previously been presented to/and agreed with the CAA.

The change sponsor is required to publish a record of this form, including the latest indicative dates, on the Airspace Change Portal at the following points in the process (major timeline updates can and should be published outside of this as required):

	CURRENT AGREED GATEWAY PREPARATION DEADLINE	CURRENT AGREED DATE	PROPOSED DOCUMENT SUBMISSION DEADLINE	PROPOSED REVISED DATE

Change Sponsor Name: GAL

Please briefly explain the need to revise the timelines: Following the second options development engagement stakeholder event held on 21 Nov 19, stakeholders have requested more time to consider and submit their responses to Gatwick Airport. Gatwick Airport wish to ensure all sponsors have an adequate amount of time to consider the options presented, in order to fully inform the subsequent design principles evaluation and initial options appraisal.

For CAA use only:
