Hello [REDACTED],

I have looked at Cotswold Airports request to extend the AFIS DOC to 25NM/FL40. The DOC increase is possible without any change to the current AFIS frequency however the coordination process takes 28 days to complete. The earliest date I can send the updated frequency assignment document to Ofcom will be 11th August. In the meantime you can use this email as validation that the DOC increase is in progress, this should allow you to carry on processing your safety case for the GNSS approach.

Let me know if you have any questions.

Regards

Subject: Case Number [REDACTED] - FW: EXTERNAL:Fw: Ofcom Application - URGENT [[REDACTED]]

Dear Frequency Approval Team,

Case Reference: [REDACTED]
Created: [REDACTED] 10/07/2020

Please find a Ground Station licence application attached for the following Licensee:

Licensee Name: Kemble Air Services Ltd
customer Reference: [REDACTED]

Once the frequency assignment is completed, please supply this to Ofcom by replying to this email. Also reply if any further information is needed.

Many thanks,

[REDACTED]
Ofcom Spectrum Licensing

[REDACTED],

We had a quick chat about this earlier on the phone.

It had been sent to both the CAA and OFCOM. Its a DOC increase request.

Our nominated holder for the licence is [REDACTED], cc'd.

Can we mark this as URGENT. Its to support a safety case for our Airspace Change Submission to the CAA for instrument approaches.

Kind regards

[REDACTED]

[REDACTED],

All done, see attached. It will no longer allow modification, since I've digitally signed it.

[REDACTED]

FYI. There is a cost increase to about £[REDACTED] a year; this is for the approach.

kind regards

[REDACTED]

Completed Ofcom Application to increase DOC.

Can you sign electronically?, send back and we can get the application in motion, as I suspect there will be an extra delay in processing.

Regards
