**To:** [REDACTED] - Windracers  
**Cc:** [REDACTED]  
**Subject:** 20201023 - ACP-2020-15 Decision  
**Date:** 23 October 2020 15:19:01

---

Good afternoon [REDACTED],

I am writing to you today in relation to the Airspace Change Proposal (ACP) titled 'TDA connecting the Isles of Scilly and Cornwall for Operations of Cargo UAVs (ACP-2020-15)'. Following on from the Assessment Meeting, you have conducted targeted stakeholder engagement and you have provided evidence of your engagement in a Summary Report. My colleagues and I have reviewed your engagement report and we have determined that the level of engagement undertaken by the change sponsor, in this case Windracers, is proportionate for this airspace change proposal. The post engagement report meets the requirements set out in the process and the summary of feedback is a fair and accurate representation of stakeholders views. With that in mind, I can confirm that the decision has been made to **approve** the request for a Temporary Danger Area complex in relation to ACP-2020-031.

It is recommended that following this approval, the change sponsor re-engages with their stakeholders to let them know the outcome of the proposal and outline how they intend to monitor complaints and feedback over the course of the airspace change. I would also recommend that a section is added to your final proposal covering this requirement and reupload a final version to the portal for wider awareness. Please upload this as version 3 of your Final Submission.

The next stage for this ACP is 'Implementation'. In order to activate the required Temporary Danger Areas, please contact Airspace Regulation Operations on [arops@caa.co.uk](mailto:arops@caa.co.uk) quoting an activity number and TDA reference, both will be provided to you in due course, with the required activation timings. For example:

*Activation Request:*

*Activity Number: 2020-XX-XXX*

*Date: 20 August 2020*

*Timings: 0800-1600L (it is important to specify local (L) or UTC (UTC or Z))*

*TDA: EG DX98*

Please note that the required TDA's will only be activated whilst the DAAIS service provision is available.

Please ensure that at least 24 hours' notice is provided noting Airspace Regulations operating hours are Mon-Fri 0830-1630L. NOTAM promulgation is usually between 0900-1600L. Please provide as much lead in time as possible to ensure the required TDA is activated with sufficient notice for other airspace users.

May I also remind you that in accordance with paragraph 302 of CAP1616, the Sponsor is required to monitor any feedback and complaints.

Kind regards,

[REDACTED]
