5. Statement of Need			
Please provide a brief 'Statement of Need' expressing explicitly what airspace issue or opportunity you are seeking to address. Your Statement of Need should dearly articulate the current situation, the issue (and the cause of it) to be resolved or the opportunity to be addressed along with any other factors or requirements. *			
The London DVOR rationalisation will have a direct impact on RAF Northolt SIDs, STARs and holds, as these are entirely VOR/NDB based. Any change (change of VOR, or FMS overlay) will require an ACP, which depending on category and in accordance with CAP 1616, will be beyond the rationalisation time frame. RAF Northolt station based aircraft (32 Sqn) are only PBN Cat 5 capable.			
Please specify the altitudes (where applicable	e) affected by your Statement of Need:		
✓ Surface to below 4,000 feet			
4,000 feet to below 7,000 feet			
7,000 feet to below 20,000 feet			
20,000 feet and above
