

Where the terms below have been utilised, I have put in red what they would require to be changed too:

“Military Airspace Booking Coordination Cell” → “**Military Airspace Management Cell – Managed Airspace**”
 “MABCC” → “**MAMC - Managed Airspace**”

We have stated in the below table where the terms are located within the AIP to hopefully make this process easier for you.

List of all required changed: (In quotations is/are the word(s) that need updating to the new terms above)
