Hi Chris

**Letter of Support**

It was lovely to speak to you recently regarding your plans to fly drones safely across Morecambe Bay in order to move pathological samples around the hospital estate in a greener and more efficient manner.

I fully support this initiative, and we will need to embrace more of this type of technology going forward as we look to decarbonise the county, our country and indeed the world.

I know of similar initiatives that have already happened in Ireland, and that Lancashire police are trialling drone flying in their fight against crime. Ultimately, there are many areas where safe drone flying could be of real use across the county.

If I can be of any help with this then please just get in touch.

Best wishes

County Councillor Shaun Turner  
Cabinet Member for Environment & Climate Change  
Wyre Rural East Division
