

## **ACP-2021-079: Removal of Henlow Aerodrome from AIP**

### **Statement of Need**

Due to the closure of Henlow as a government aerodrome, references in the AIP and relevant Charts will require amendment.

### **Issues or Opportunities Arising from Proposed Change**

RAF Henlow was recently closed as a government aerodrome. The only remaining facilities are 2 Helicopter Landing Sites (HLS) listed in the Mil AIP. The Mil AIP will reflect the aerodrome closure on 02 Dec 21 (AIRAC 12/21). Until then NOTAM U3608/21 refers.

It has been identified that the civilian AIP includes references to Henlow at the following sections:

- 1:250k VFR chart: Sheet 8
- 1:500k VFR chart: Southern
- GEN2.4 LOCATION INDICATORS: Henlow EGWE
- ENR5.1 EG RU234 Henlow FRZ
- ENR 5.5 AERIAL SPORTING AND RECREATIONAL ACTIVITIES: Henlow

These will require deletion from the AIP at next AIRAC cycle.

### **Process Requirements**

Airspace Regulation approved this is appropriate as a Level 0 Administrative Change on 18 November 2021 - the Assessment Meeting was conducted by email between DAATM and Airspace Regulation.

### **Provisional Timescales**

AIP changes to the entries above scheduled for AIRAC 02/2022, effective Thu 24 Feb 22.
