Good afternoon

Glasgow Prestwick Airport (GPA) Ltd wish to register to attend one of the briefing sessions in respect of your upcoming and proposed Airspace Change Process (ACP) under CAP 1616.

We will review the online consultation paperwork – and be in touch soon to register for one of the briefing sessions.

With Kind Regards

[REDACTED]

Subject: Glasgow Airport invites you to attend a briefing session on its Airspace Change Proposal

You don't often get email from airspace@glasgowairport.com. Learn why this is important

Dear [REDACTED]

Glasgow Airport invites you to attend a briefing session on its Airspace Change Proposal

Following our recent correspondence, I am emailing to invite you to a briefing session about the next stage in Glasgow Airport's Airspace Change Proposal (ACP) – a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS). You can register to attend a session at <https://glasgowairport.consultationonline.co.uk/register-for-workshop/>.

Background

Glasgow Airport, along with other airports in Scotland, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to review the departure and arrival routes and surrounding airspace of the airport. The regulatory requirements and guidance for this process is known as CAP1616.

In 2019 Glasgow Airport commenced Stage 1 of the CAP1616 process, which included engaging with a range of stakeholders and community representatives on the principles that should guide the airport's decision making when it comes to designing any new routes. The final Design Principles can be viewed here.

Next steps

Glasgow Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.

To continue to engage effectively with those stakeholders that were involved in Stage 1, Glasgow Airport is hosting stakeholder briefing sessions. The aim of these sessions is to gain feedback from stakeholders about Glasgow Airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Glasgow Airport has taken full account of the Stage 1 Design Principles.

Attend one of our briefing sessions

We ask that your organisation select one representative to attend one of the following briefing sessions:

Date: Thursday 25th November 2021

Time: 11am to 1:30pm

At: Online

- Or -

Date: Wednesday 1st December 2021

Time: 2pm to 4:30pm

At: Online

- Or -

Date: Thursday 2nd December 2021

Time: 2pm to 4:30pm

At: Online

The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.

You can sign up for one of the briefing sessions here. Or you can email airspace@glasgowairport.com detailing the name of your organisation, the name of the nominated attendee and which workshop they will attend. The deadline for registration is Thursday 18th November.

Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. If you are not able to attend any of the dates listed above, or if you are unable to engage online, please email airspace@glasgowairport.com or call 0800 298 7040 as we can arrange an alternative

workshop.

Further information

We'd like to thank all those who have contributed to date to Glasgow Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy. Should you have any questions, please view the attached FAQ document, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Glasgow Airport's ACP here. If you would like information not covered in this email, please contact us on 0800 298 7040 or via email at airspace@glasgowairport.com.

Yours sincerely,

Dear Mr Bibby,

Glasgow Airport starts Stage 2 of its Airspace Change Proposal

I am emailing to offer you the opportunity to meet Glasgow Airport's engagement team to discuss the next steps in its Airspace Change Proposal (ACP) – a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS).

Background

Glasgow Airport, along with other airports in Scotland, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to review the departure and arrival routes and surrounding airspace of the airport. The regulatory requirements and guidance for this process is known as CAP1616.

In 2019 Glasgow Airport commenced Stage 1 of the CAP1616 process, which included engaging with a range of stakeholders and community representatives on the principles that should guide the airport's decision making when it comes to designing any new routes. The final Design Principles can be viewed [here](#).

Next steps

Glasgow Airport has successfully passed the Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.

To continue to engage effectively with those stakeholders that were involved in Stage 1, Glasgow Airport is hosting stakeholder briefing sessions on the initial comprehensive list of options. The aim of these sessions is to gain feedback from stakeholders about Glasgow Airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Glasgow Airport has taken full account of the Stage 1 Design Principles.

We remain committed to ensuring all stakeholders can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy. As a local political representative, we would like to offer you an opportunity to meet our engagement team to discuss Glasgow Airport's options development process and how it is engaging stakeholders in Stage 2. To arrange a meeting, please email airspace@glasgowairport.com.

Further information

Should you have any questions, please view the attached FAQ document, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy [here](#) and Glasgow Airport's ACP [here](#).

If you would like information not covered in this email, please contact us on 0800 298 7040<tel:0800%20298%207040> or via email at airspace@glasgowairport.com.

Yours sincerely,

, Glasgow Airport

these sessions is to gain feedback from stakeholders about Glasgow Airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Glasgow Airport has taken full account of the Stage 1 Design Principles.

Attend one of our briefing sessions

We ask that your organisation select one representative to attend one of the following briefing sessions:

Date: Thursday 25th November 2021

Time: 11am to 1:30pm

At: Online

- Or -

Date: Wednesday 1st December 2021

Time: 2pm to 4:30pm

At: Online

- Or -

Date: Thursday 2nd December 2021

Time: 2pm to 4:30pm

At: Online

The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.

You can sign up for one of the briefing sessions here. Or you can email airspace@glasgowairport.com detailing the name of your organisation, the name of the nominated attendee and which workshop they will attend. The deadline for registration is Thursday 18th November.

Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. If you are not able to attend any of the dates listed above, or if you are unable to engage online, please email airspace@glasgowairport.com or call 0800 298 7040 as we can arrange an alternative workshop.

Further information

We'd like to thank all those who have contributed to date to Glasgow Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.

Should you have any questions, please view the attached FAQ document, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Glasgow Airport's ACP here.

If you would like information not covered in this email, please contact us on 0800 298 7040 or via email at airspace@glasgowairport.com.

Yours sincerely,

Dear [REDACTED]

Thank you – I have removed you from our distribution list now. Given that schools may be impacted by the Airspace Change process, is there anybody else in Argyll and Bute Council's education department who we should contact?

Best wishes,

[REDACTED]

For and on behalf of Glasgow Airport

Subject: Glasgow Airport invites you to attend a briefing session on its Airspace Change Proposal

Dear [REDACTED]

Glasgow Airport invites you to attend a briefing session on its Airspace Change Proposal

Following our recent correspondence, I am emailing to invite you to a briefing session about the next stage in Glasgow Airport's Airspace Change Proposal (ACP) – a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS). You can register to attend a session at

<https://glasgowairport.consultationonline.co.uk/register-for-workshop/>.

Background

Glasgow Airport, along with other airports in Scotland, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to review the departure and arrival routes and surrounding airspace of the airport. The regulatory requirements and guidance for this process is known as CAP1616. In 2019 Glasgow Airport commenced Stage 1 of the CAP1616 process, which included engaging with a range of stakeholders and community representatives on the principles that should guide the airport's decision making when it comes to designing any new routes. The final Design Principles can be viewed here.

Next steps

Glasgow Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.

To continue to engage effectively with those stakeholders that were involved in Stage 1, Glasgow Airport is hosting stakeholder briefing sessions. The aim of these sessions is to gain feedback from stakeholders about Glasgow Airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Glasgow Airport has taken full account of the Stage 1 Design Principles.

Attend one of our briefing sessions

We ask that your organisation select one representative to attend one of the following briefing sessions:

Date: Thursday 25th November 2021

Time: 11am to 1:30pm

At: Online

- Or -

Date: Wednesday 1st December 2021

Time: 2pm to 4:30pm

At: Online

- Or -

Date: Thursday 2nd December 2021

Time: 2pm to 4:30pm

At: Online

The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.

You can sign up for one of the briefing sessions here. Or you can email airspace@glasgowairport.com detailing the name of your organisation, the name of the nominated attendee and which workshop they will attend. The deadline for registration is Thursday 18th November.

Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. If you are not able to attend any of the dates listed above, or if you are unable to engage online, please email airspace@glasgowairport.com or call 0800 298 7040 as we can arrange an alternative workshop.

Further information

We'd like to thank all those who have contributed to date to Glasgow Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.

Should you have any questions, please view the attached FAQ document, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Glasgow Airport's ACP here.

If you would like information not covered in this email, please contact us on 0800 298 7040 or via email at airspace@glasgowairport.com.

Yours sincerely,

Update on Glasgow Airport's airspace change proposal	Email	Jotform individual	04/11/2021 09:14	C-10226	<p>Dear [REDACTED]</p> <p>Update on Glasgow Airport's airspace change proposal</p> <p>Thank you for registering for updates regarding Glasgow Airport's airspace change programme (ACP), a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS).</p> <p>As a result of the Coronavirus pandemic, our ACP was paused in March 2020. We have been notified that airports will receive funding support from the UK Department of Transport (DfT) to help relaunch the programme. This means we have restarted this important work, picking up from where we left off, and we will be re-engaging our previous group of stakeholders in the coming months.</p> <p>The AMS represents the biggest change in how the industry manages its airspace in over 50 years. It will enable us to better manage the airspace around the airport, without compromising on safety, delivering a number of potential benefits such as environmental improvements, noise management, and minimising the amount of time aircraft queue, both in the air and on the ground.</p> <p>Glasgow Airport is committed to keeping interested parties updated with regards to its airspace change programme and we will update you during the project with any key information. In the meantime, you can find out more about the Airspace Modernisation Strategy by visiting www.caa.co.uk/News/New-Airspace-Modernisation-Strategy-launched-to-overhaul-UK-airspace/ and Glasgow Airport's ACP at www.glasgowairport.com/airspace/.</p> <p>You can also contact us via email at airspace@glasgowairport.com or via our freephone information line on 0800 298 7040.</p> <p>Kind regards,</p> <p>[REDACTED]</p> <p>For and on behalf of Glasgow Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. Subject: Update on Glasgow Airport's Airspace Change Proposal

Dear Prospect,

Update on Glasgow Airport's Airspace Change Proposal

Further to my email on Thursday 15th July, I would like to confirm that you remain the relevant contact and / or request that you nominate an appropriate person by emailing airspace@glasgowairport.com. If confirmation or an alternative contact is not provided, we will continue to send further information to this email address.

As you may be aware, we had been in the process of seeking a broad range of stakeholders' views on the way in which Glasgow Airport should progress its part of a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS). However, given the outbreak of COVID-19, Glasgow Airport took the decision in 2020 to postpone this work.

					<p>In the coming months, we will be looking to restart our engagement activity regarding our ACP. To allow us to send further information to the most appropriate person, we would be grateful if you could confirm that you remain the relevant contact and / or nominate an appropriate person by emailing airspace@glasgowairport.com.</p> <p>Ideally, the individual nominated would be willing to engage with us at subsequent stages of the process. All personal data is held by BECG, Glasgow Airport's engagement consultant for this process. All personal data is held in accordance with the requirements of the Data Protection Legislation and data subjects' rights thereunder, as set out in BECG'S Data Protection and Retention Policies.</p> <p>Glasgow Airport is committed to engaging stakeholders as part of its airspace change proposal and we will be in touch in the coming months with further updates. In the meantime, you can find out more about the Airspace Modernisation Strategy here and Glasgow Airport's ACP here. You can also contact us via email at airspace@glasgowairport.com or via our freephone information line on 0800 298 7040.</p> <p>Kind regards,</p> <p>██████████</p> <p>For and on behalf of Glasgow Airport CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. Hello [REDACTED]

I hope you're well..?

I'd like to try and make the meeting planned for Dec 01 but unfortunately the link to register doesn't appear to be working? If you could sign me up for that please and/or send me the link direct for me to try again.

Thanks,

Subject: CAUTION: External email - FAO [REDACTED]: Glasgow Airport invites you to attend a briefing session on its Airspace Change Proposal

Dear [REDACTED]

Glasgow Airport invites you to attend a briefing session on its Airspace Change Proposal

Following our recent correspondence, I am emailing to invite you to a briefing session about the next stage in Glasgow Airport's Airspace Change Proposal (ACP) – a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS). You can register to attend a session at <https://glasgowairport.consultationonline.co.uk/register-for-workshop/>.

Background

Glasgow Airport, along with other airports in Scotland, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to review the departure and arrival routes and surrounding airspace of the airport. The regulatory requirements and guidance for this process is known as CAP1616.

In 2019 Glasgow Airport commenced Stage 1 of the CAP1616 process, which included engaging with a range of stakeholders and community representatives on the principles that should guide the airport's decision making when it comes to designing any new routes. The final Design Principles can be viewed here.

Next steps

Glasgow Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.

To continue to engage effectively with those stakeholders that were involved in Stage 1, Glasgow Airport is hosting stakeholder briefing sessions. The aim of these sessions is to gain feedback from stakeholders about Glasgow Airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Glasgow Airport has taken full account of the Stage 1 Design Principles.

Attend one of our briefing sessions

We ask that your organisation select one representative to attend one of the following briefing sessions:

Date: Thursday 25th November 2021

Time: 11am to 1:30pm

At: Online

- Or -

Date: Wednesday 1st December 2021

Time: 2pm to 4:30pm

At: Online

- Or -

Date: Thursday 2nd December 2021

Time: 2pm to 4:30pm

At: Online

The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.

You can sign up for one of the briefing sessions here. Or you can email airspace@glasgowairport.com detailing the name of your organisation, the name of the nominated attendee and which workshop they will attend. The deadline for registration is Thursday 18th November.

Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. If you are not able to attend any of the dates listed above, or if you are unable to engage online, please email airspace@glasgowairport.com or call 0800 298 7040 as we can arrange an alternative workshop.

Further information

We'd like to thank all those who have contributed to date to Glasgow Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.

Should you have any questions, please view the attached FAQ document, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Glasgow Airport's ACP here.

If you would like information not covered in this email, please contact us on 0800 298 7040 or via email at airspace@glasgowairport.com.

Yours sincerely,

How to avoid catching or spreading coronavirus

Do

- wash your hands with soap and water often – do this for at least 20 seconds
- always wash your hands when you get home or into work
- use hand sanitiser gel if soap and water are not available
- cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- put used tissues in the bin straight away and wash your hands afterwards
- try to avoid close contact with people who are unwell
- Maintain a distance of 2m between you and other people

Don't

- do not touch your eyes, nose or mouth if your hands are not clean

CAUTION: This e-mail originated from outside of The Scottish Parliament. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Dear Mr Arthur,

Glasgow Airport starts Stage 2 of its Airspace Change Proposal

I am emailing to offer you the opportunity to meet Glasgow Airport's engagement team to discuss the next steps in its Airspace Change Proposal (ACP) – a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS).

Background

Glasgow Airport, along with other airports in Scotland, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to review the departure and arrival routes and surrounding airspace of the airport. The regulatory requirements and guidance for this process is known as CAP1616.

In 2019 Glasgow Airport commenced Stage 1 of the CAP1616 process, which included engaging with a range of stakeholders and community representatives on the principles that should guide the airport's decision making when it comes to designing any new routes. The final Design Principles can be viewed here.

Next steps

Glasgow Airport has successfully passed the Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.

To continue to engage effectively with those stakeholders that were involved in Stage 1, Glasgow Airport is hosting stakeholder briefing sessions on the initial comprehensive list of options. The aim of these sessions is to gain feedback from stakeholders about Glasgow Airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Glasgow Airport has taken full account of the Stage 1 Design Principles.

We remain committed to ensuring all stakeholders can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy. As a local political representative, we would like to offer you an opportunity to meet our engagement team to discuss Glasgow Airport's options development process and how it is engaging stakeholders in Stage 2. To arrange a meeting, please email airspace@glasgowairport.com.

Further information

Should you have any questions, please view the attached FAQ document, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Glasgow Airport's ACP here.

If you would like information not covered in this email, please contact us on 0800 298 7040 or via email at airspace@glasgowairport.com.

Yours sincerely,

Subject: Glasgow Airport invites you to attend a briefing session on its Airspace Change Proposal

Dear [REDACTED]
Glasgow Airport invites you to attend a briefing session on its Airspace Change Proposal
Following our recent correspondence, I am emailing to invite you to a briefing session about the next stage in Glasgow Airport's Airspace Change Proposal (ACP) – a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS). You can register to attend a session at <https://glasgowairport.consultationonline.co.uk/register-for-workshop/>.

Background

Glasgow Airport, along with other airports in Scotland, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to review the departure and arrival routes and surrounding airspace of the airport. The regulatory requirements and guidance for this process is known as CAP1616. In 2019 Glasgow Airport commenced Stage 1 of the CAP1616 process, which included engaging with a range of stakeholders and community representatives on the principles that should guide the airport's decision making when it comes to designing any new routes. The final Design Principles can be viewed here.

Next steps

Glasgow Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options. To continue to engage effectively with those stakeholders that were involved in Stage 1, Glasgow Airport is hosting stakeholder briefing sessions. The aim of these sessions is to gain feedback from stakeholders about Glasgow Airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Glasgow Airport has taken full account of the Stage 1 Design Principles.

Attend one of our briefing sessions

We ask that your organisation select one representative to attend one of the following briefing sessions:

Date: Thursday 25th November 2021

Time: 11am to 1:30pm

At: Online

- Or -

Date: Wednesday 1st December 2021

Time: 2pm to 4:30pm

At: Online

- Or -

Date: Thursday 2nd December 2021

Time: 2pm to 4:30pm

At: Online

The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.

You can sign up for one of the briefing sessions here. Or you can email airspace@glasgowairport.com detailing the name of your organisation, the name of the nominated attendee and which workshop they will attend. The deadline for registration is Thursday 18th November.

Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. If you are not able to attend any of the dates listed above, or if you are unable to engage online, please email airspace@glasgowairport.com or call 0800 298 7040 as we can arrange an alternative

workshop.

Further information

We'd like to thank all those who have contributed to date to Glasgow Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy. Should you have any questions, please view the attached FAQ document, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Glasgow Airport's ACP here. If you would like information not covered in this email, please contact us on 0800 298 7040 or via email at airspace@glasgowairport.com.

Yours sincerely,

[Redacted]

How to avoid catching or spreading coronavirus

Do

- wash your hands with soap and water often – do this for at least 20 seconds
- always wash your hands when you get home or into work
- use hand sanitiser gel if soap and water are not available
- cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- put used tissues in the bin straight away and wash your hands afterwards
- try to avoid close contact with people who are unwell
- Maintain a distance of 2m between you and other people

Don't

- do not touch your eyes, nose or mouth if your hands are not clean

IMPORTANT CONFIDENTIALITY NOTICE

The information in this email is confidential and is intended solely for the addressee. Access to this email by anyone else is unauthorised. If you are not the intended recipient any disclosure, copying, distribution or action taken or omitted to be taken in reliance on it is prohibited and may be unlawful. Please also contact the sender and delete the material from any computer.

Good morning,

I am the [REDACTED] PDG Helicopters based at Cumbernauld Airport.

Would you please add me to the distribution list for Glasgow Airport Airspace and Operational issues?

Many thanks,

[REDACTED]

Subject: Glasgow Airport invites you to attend a briefing session on its Airspace Change Proposal

Dear [REDACTED]

Glasgow Airport invites you to attend a briefing session on its Airspace Change Proposal

Following our recent correspondence, I am emailing to invite you to a briefing session about the next stage in Glasgow Airport's Airspace Change Proposal (ACP) – a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS). You can register to attend a session at <https://glasgowairport.consultationonline.co.uk/register-for-workshop/>.

Background

Glasgow Airport, along with other airports in Scotland, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to review the departure and arrival routes and surrounding airspace of the airport. The regulatory requirements and guidance for this process is known as CAP1616.

In 2019 Glasgow Airport commenced Stage 1 of the CAP1616 process, which included engaging with a range of stakeholders and community representatives on the principles that should guide the airport's decision making when it comes to designing any new routes. The final Design Principles can be viewed here.

Next steps

Glasgow Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.

To continue to engage effectively with those stakeholders that were involved in Stage 1, Glasgow Airport is hosting stakeholder briefing sessions. The aim of these sessions is to gain feedback from stakeholders about Glasgow Airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Glasgow Airport has taken full account of the Stage 1 Design Principles.

Attend one of our briefing sessions

We ask that your organisation select one representative to attend one of the following briefing sessions:

Date: Thursday 25th November 2021

Time: 11am to 1:30pm

At: Online

- Or -

Date: Wednesday 1st December 2021

Time: 2pm to 4:30pm

At: Online

- Or -

Date: Thursday 2nd December 2021

Time: 2pm to 4:30pm

At: Online

The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.

You can sign up for one of the briefing sessions here. Or you can email airspace@glasgowairport.com detailing the name of your organisation, the name of the nominated attendee and which workshop they will attend. The deadline for registration is Thursday 18th November.

Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. If you are not able to attend any of the dates listed above, or if you are unable to engage online, please email airspace@glasgowairport.com or call 0800 298 7040 as we can arrange an alternative workshop.

Further information

We'd like to thank all those who have contributed to date to Glasgow Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.

Should you have any questions, please view the attached FAQ document, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Glasgow Airport's ACP here.

If you would like information not covered in this email, please contact us on 0800 298 7040 or via email at airspace@glasgowairport.com.

Yours sincerely,

[REDACTED]

Glasgow Airport's Airspace Change Proposal	Email	Scottish Ambulance Service	09-11-2021 17:02 A	C-10310	<p>Dear ██████████</p> <p>Glasgow Airport's Airspace Change Proposal</p> <p>Background</p> <p>I am contacting you about Glasgow Airport's Airspace Change Proposal (ACP), which is part of UK-wide initiative to modernise the country's airspace. We would like to invite you to attend a briefing session about our ACP; you can register to attend at https://glasgowairport.consultationonline.co.uk/register-for-workshop/.</p> <p>Glasgow Airport, along with other airports in Scotland, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to review the departure and arrival routes and surrounding airspace of the airport. The airspace modernisation programme represents the biggest change in how the industry manages its airspace in over 50 years. It will enable us to better manage the airspace around the airport, without compromising on safety, delivering a number of potential benefits such as environmental improvements, noise management and minimising the amount of time aircraft queue, both in the air and on the ground. You can read more about airspace modernisation here.</p>

Glasgow Airport had been in the process of seeking a broad range of stakeholders' views about how it should progress its ACP when the COVID-19 pandemic broke out; as such, Glasgow Airport took the decision in 2020 to postpone this work. Despite this pause, Glasgow Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options. You can read more about Glasgow Airport's ACP to date here.

We are now updating our stakeholder records based on the most recent analysis of our potential airspace change design options. We are required to engage community stakeholders who may be affected by any future changes to Glasgow Airport's airspace; as such, we would be grateful if you could confirm that you are the relevant contact for your organisation and / or nominate an appropriate person by emailing airspace@glasgowairport.com. Ideally, the individual nominated would be willing to engage with us at subsequent stages of the process.

Attend one of the briefing sessions

As part of its engagement activity, Glasgow Airport is hosting stakeholder briefing sessions, which you can register to attend here. Or you can email airspace@glasgowairport.com detailing the name of your organisation, the name of the nominated attendee and which workshop they will attend. The deadline for registration is Thursday 18th November.

The aim of these sessions is to gain feedback from stakeholders about Glasgow Airport's process for developing its airspace change design options. Specifically, stakeholders will be asked to consider if Glasgow Airport has taken full account of the Design Principles, which you can read here.

We ask that your organisation select one representative to attend one of the following briefing sessions:

Date: Thursday 25th November 2021

Time: 11am to 1:30pm

At: Online

- Or -

Date: Wednesday 1st December 2021

Time: 2pm to 4:30pm

At: Online

- Or -

Date: Thursday 2nd December 2021

Time: 2pm to 4:30pm

At: Online

The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.

If you are not able to attend any of the dates listed above, or if you are unable to engage online, please email airspace@glasgowairport.com or call 0800 298 7040 as we can arrange an alternative workshop.

Further information

Individuals' data will be stored on a secure database for future contact and retained for 12 years following the end of the project, unless otherwise requested to delete. All personal data is held by BECG, Glasgow Airport's engagement consultant for this process. All personal data is held in accordance with the requirements of the Data Protection Legislation and data subjects' rights thereunder, as set out in BECG's Data Protection Policy.

Glasgow Airport is committed to engaging stakeholders as part of its ACP. You can find out more about Glasgow Airport's ACP on our FAQ page at <https://glasgowairport.consultationonline.co.uk/faqs/>. You can also contact us via email at airspace@glasgowairport.com or via our freephone information line on 0800 298 7040.

Kind regards,

Subject: Glasgow Airport invites you to attend a GA briefing session on its Airspace Change Proposal

Dear [REDACTED]

Glasgow Airport invites you to attend a GA briefing session on its Airspace Change Proposal

				<p>Glasgow Airport is holding a briefing session on its Airspace Change Proposal (ACP) for General Aviation (GA) stakeholders on Wednesday 17th November at 10am via Microsoft Teams.</p> <p>Possible changes to inbound and outbound routes and options for changing airspace volumes and categories is of significant interest to GA stakeholders. We are therefore keen to explain the comprehensive design options to GA stakeholders and to discuss and answer questions that you may have.</p> <p>In addition to the GA session, Glasgow Airport is holding Stage 2 briefing sessions for all interested stakeholders. You will receive an email about these sessions later this week. Attending the GA briefing session does not preclude you from attending one of the later sessions - the briefing will be identical in all sessions but a GA-specific forum will give the opportunity for more detailed and relevant discussion around topics which may affect you as an airspace user.</p> <p>If you wish to attend the GA briefing session on Wednesday 17th November, please respond by email to airspace@glasgowairport.com. You will be sent a Teams invitation to the briefing session at least three days prior to the event.</p> <p>Please note that the invitation to the wider Stage 2 stakeholder briefing sessions will be sent separately and these events will be hosted on a different online platform.</p> <p>If you are not the relevant contact within your organisation, please respond with an alternative contact. If an alternative contact is not provided, we will continue to send further information to this email address.</p> <p>Kind regards,</p> <p>██████████ ██████████, Glasgow Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. GLA ACP Workshop Invite Follow-up Call	Phone	Wigmore Lane	10/11/2021 04:49	C-10590	Left a voicemail informing the stakeholder of our email dated 28th October regarding the workshops.
GLA ACP Workshop Invite Follow-up Call	Phone	Helensburgh Community Council	10/11/2021 04:54	C-10592	Advised stakeholder of the email dated 28th October and informed them how to sign up to the workshops. The stakeholder indicated that their organisation intended to attend.
GLA ACP Workshop Invite Follow-up Call	Phone	Unite the Union	10/11/2021 04:58	C-10594	Spoke to the stakeholder's colleague regarding the email to the organisation. Agreed that the stakeholder would review our email dated 28th October and get back to us.
GLA ACP Workshop Invite Follow-up Call	Phone	Uplawmoor Community Council	10/11/2021 05:04	C-10595	Stakeholder agreed to reply to our email next week.
GLA ACP Workshop Invite Follow-up Call	Phone	Clydebank	10/11/2021 05:08	C-10596	Colleague agreed to pass on our message to stakeholder re: workshop invite
RE: Glasgow Airport invites you to attend a GA briefing session on its Airspace Change Proposal [PUBLIC]	Email	Cumbernauld Airport	10-11-2021 14:28 A	C-10583	<p>Hi [REDACTED]</p> <p>Thanks for letting me know. Please see below the full invite email from [REDACTED] – the link in the email should let you sign up to any of the three workshops.</p> <p>Best wishes,</p> <p>[REDACTED]</p> <p>Dear [REDACTED]</p> <p>Glasgow Airport invites you to attend a briefing session on its Airspace Change Proposal</p> <p>Following our recent correspondence, I am emailing to invite you to a briefing session about the next stage in Glasgow Airport's Airspace Change Proposal (ACP) – a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS). You can register to attend a session at https://glasgowairport.consultationonline.co.uk/register-for-workshop/.</p> <p>Background</p> <p>Glasgow Airport, along with other airports in Scotland, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to review the departure and arrival routes and surrounding airspace of the airport. The regulatory requirements and guidance for this process is known as CAP1616. In 2019 Glasgow Airport commenced Stage 1 of the CAP1616 process, which included engaging with a range of stakeholders and community representatives on the principles that should guide the airport's decision making when it comes to designing any new routes. The final Design Principles can be viewed here.</p> <p>Next steps</p> <p>Glasgow Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.</p> <p>To continue to engage effectively with those stakeholders that were involved in Stage 1, Glasgow Airport is hosting stakeholder briefing sessions. The aim of these sessions is to gain feedback from stakeholders about Glasgow Airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Glasgow Airport has taken full account of the Stage 1 Design Principles.</p> <p>Attend one of our briefing sessions</p> <p>We ask that your organisation select one representative to attend one of the following briefing sessions:</p> <p>Date: Thursday 25th November 2021 Time: 11am to 1:30pm At: Online</p> <p>- Or -</p> <p>Date: Wednesday 1st December 2021 Time: 2pm to 4:30pm At: Online</p> <p>- Or -</p> <p>Date: Thursday 2nd December 2021 Time: 2pm to 4:30pm At: Online</p>

The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.

You can sign up for one of the briefing sessions here. Or you can email airspace@glasgowairport.com detailing the name of your organisation, the name of the nominated attendee and which workshop they will attend. The deadline for registration is Thursday 18th November.

Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. If you are not able to attend any of the dates listed above, or if you are unable to engage online, please email airspace@glasgowairport.com or call 0800 298 7040 as we can arrange an alternative workshop.

Further information

We'd like to thank all those who have contributed to date to Glasgow Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.

Should you have any questions, please view the attached FAQ document, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Glasgow Airport's ACP here.

If you would like information not covered in this email, please contact us on 0800 298 7040 or via email at airspace@glasgowairport.com.

Yours sincerely,

					<p>Dear [REDACTED]</p> <p>Glasgow Airport invites you to attend a GA briefing session on its Airspace Change Proposal</p> <p>Glasgow Airport is holding a briefing session on its Airspace Change Proposal (ACP) for General Aviation (GA) stakeholders on Wednesday 17th November at 10am via Microsoft Teams.</p> <p>Possible changes to inbound and outbound routes and options for changing airspace volumes and categories is of significant interest to GA stakeholders. We are therefore keen to explain the comprehensive design options to GA stakeholders and to discuss and answer questions that you may have.</p> <p>In addition to the GA session, Glasgow Airport is holding Stage 2 briefing sessions for all interested stakeholders. You will receive an email about these sessions later this week. Attending the GA briefing session does not preclude you from attending one of the later sessions - the briefing will be identical in all sessions but a GA-specific forum will give the opportunity for more detailed and relevant discussion around topics which may affect you as an airspace user.</p> <p>If you wish to attend the GA briefing session on Wednesday 17th November, please respond by email to airspace@glasgowairport.com. You will be sent a Teams invitation to the briefing session at least three days prior to the event.</p> <p>Please note that the invitation to the wider Stage 2 stakeholder briefing sessions will be sent separately and these events will be hosted on a different online platform.</p> <p>If you are not the relevant contact within your organisation, please respond with an alternative contact. If an alternative contact is not provided, we will continue to send further information to this email address.</p> <p>Kind regards,</p> <p>[REDACTED]</p> <p>[REDACTED], Glasgow Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. Subject: RE: Glasgow Airport invites you to attend a GA briefing session on its Airspace Change Proposal [PUBLIC]

Hi [REDACTED]

Thanks for letting me know. Please see below the full invite email from [REDACTED] – the link in the email should let you sign up to any of the three workshops.

Best wishes,

[REDACTED]

Dear [REDACTED]

Glasgow Airport invites you to attend a briefing session on its Airspace Change Proposal

Following our recent correspondence, I am emailing to invite you to a briefing session about the next stage in Glasgow Airport's Airspace Change Proposal (ACP) – a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS). You can register to attend a session at <https://glasgowairport.consultationonline.co.uk/register-for-workshop/>.

Background

Glasgow Airport, along with other airports in Scotland, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to review the departure and arrival routes and surrounding airspace of the airport. The regulatory requirements and guidance for this process is known as CAP1616.

In 2019 Glasgow Airport commenced Stage 1 of the CAP1616 process, which included engaging with a range of stakeholders and community representatives on the principles that should guide the airport's decision making when it comes to designing any new routes. The final Design Principles can be viewed here.

Next steps

Glasgow Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.

To continue to engage effectively with those stakeholders that were involved in Stage 1, Glasgow Airport is hosting stakeholder briefing sessions. The aim of these sessions is to gain feedback from stakeholders about Glasgow Airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Glasgow Airport has taken full account of the Stage 1 Design Principles.

Attend one of our briefing sessions

We ask that your organisation select one representative to attend one of the following briefing sessions:

Date: Thursday 25th November 2021

Time: 11am to 1:30pm

At: Online

- Or -

Date: Wednesday 1st December 2021

Time: 2pm to 4:30pm

At: Online

- Or -

Date: Thursday 2nd December 2021

Time: 2pm to 4:30pm

At: Online

The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.

You can sign up for one of the briefing sessions [here](#). Or you can email airspace@glasgowairport.com detailing the name of your organisation, the name of the nominated attendee and which workshop they will attend. The deadline for registration is Thursday 18th November.

Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. If you are not able to attend any of the dates listed above, or if you are unable to engage online, please email airspace@glasgowairport.com or call 0800 298 7040 as we can arrange an alternative workshop.

Further information

We'd like to thank all those who have contributed to date to Glasgow Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.

Should you have any questions, please view the attached FAQ document, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy [here](#) and Glasgow Airport's ACP [here](#).

If you would like information not covered in this email, please contact us on 0800 298 7040 or via email at airspace@glasgowairport.com.

Glasgow Airport's Airspace Change Proposal	Email	VisitScotland	12-11-2021 14:56 A	C-11017	<p>Dear </p> <p>Glasgow Airport's Airspace Change Proposal</p> <p>Background</p> <p>I am contacting you about Glasgow Airport's Airspace Change Proposal (ACP), which is part of UK-wide initiative to modernise the country's airspace. We would like to invite you to attend a briefing session about our ACP; you can register to attend at https://glasgowairport.consultationonline.co.uk/register-for-workshop/.</p> <p>Glasgow Airport, along with other airports in Scotland, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to review the departure and arrival routes and surrounding airspace of the airport. The airspace modernisation programme represents the biggest change in how the industry manages its airspace in over 50 years. It will enable us to better manage the airspace around the airport, without compromising on safety, delivering a number of potential benefits such as environmental improvements, noise management and minimising the amount of time aircraft queue, both in the air and on the ground. You can read more about airspace modernisation here.</p> <p>Glasgow Airport had been in the process of seeking a broad range of stakeholders' views about how it should progress its ACP when the COVID-19 pandemic broke out; as such, Glasgow Airport took the decision in 2020 to postpone this work. Despite this pause, Glasgow Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options. You can read more about Glasgow Airport's ACP to date here.</p>

We are required to engage community stakeholders who may be affected by any future changes to Glasgow Airport's airspace; as such, we would be grateful if you could confirm that you are the relevant contact for your organisation and / or nominate an appropriate person by emailing airspace@glasgowairport.com. Ideally, the individual nominated would be willing to engage with us at subsequent stages of the process.

Attend one of the briefing sessions

As part of its engagement activity, Glasgow Airport is hosting stakeholder briefing sessions, which you can register to attend here. Or you can email airspace@glasgowairport.com detailing the name of your organisation, the name of the nominated attendee and which workshop they will attend. The deadline for registration is Thursday 18th November.

The aim of these sessions is to gain feedback from stakeholders about Glasgow Airport's process for developing its airspace change design options. Specifically, stakeholders will be asked to consider if Glasgow Airport has taken full account of the Design Principles, which you can read here.

We ask that your organisation select one representative to attend one of the following briefing sessions:

Date: Thursday 25th November 2021

Time: 11am to 1:30pm

At: Online

- Or -

Date: Wednesday 1st December 2021

Time: 2pm to 4:30pm

At: Online

- Or -

Date: Thursday 2nd December 2021

Time: 2pm to 4:30pm

At: Online

The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.

If you are not able to attend any of the dates listed above, or if you are unable to engage online, please email airspace@glasgowairport.com or call 0800 298 7040 as we can arrange an alternative workshop.

Further information

Individuals' data will be stored on a secure database for future contact and retained for 12 years following the end of the project, unless otherwise requested to delete. All personal data is held by BECG, Glasgow Airport's engagement consultant for this process. All personal data is held in accordance with the requirements of the Data Protection Legislation and data subjects' rights thereunder, as set out in BECG's Data Protection Policy.

Glasgow Airport is committed to engaging stakeholders as part of its ACP. You can find out more about Glasgow Airport's ACP on our FAQ page at <https://glasgowairport.consultationonline.co.uk/faqs/>. You can also contact us via email at airspace@glasgowairport.com or via our freephone information line on 0800 298 7040.

Kind regards,

, Glasgow Airport

Subject: Reminder: Upcoming briefing sessions on Glasgow Airport's airspace change proposal

Dear [REDACTED]
Reminder: Upcoming briefing sessions on Glasgow Airport's airspace change proposal
Further to our previous correspondence, we would like to remind you to register for one of the upcoming stakeholder briefing sessions on Glasgow Airport's Airspace Change Proposal (ACP). The ACP is part of a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS). You can register to attend a session at <https://glasgowairport.consultationonline.co.uk/register-for-workshop/>.

Attend one of our briefing sessions

We ask that your organisation select one representative to attend one of the following briefing sessions:

Date: Thursday 25th November 2021

Time: 11am to 1:30pm

At: Online

- Or -

Date: Wednesday 1st December 2021

Time: 2pm to 4:30pm

At: Online

- Or -

Date: Thursday 2nd December 2021

Time: 2pm to 4:30pm

At: Online

You can sign up for one of the briefing sessions here. Or you can email airspace@glasgowairport.com detailing the name of your organisation, the name of the nominated attendee and which workshop they will attend. The deadline for registration is Thursday 18th November.

The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.

Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. If you are not able to attend any of the dates listed above, or if you are unable to engage online, please email airspace@glasgowairport.com or call 0800 298 7040 as we can arrange an alternative workshop.

Further information

We'd like to thank all those who have contributed to date to Glasgow Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.

Should you have any questions, please view our FAQ page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Glasgow Airport's ACP here.

If you would like information not covered in this email, please contact us on 0800 298 7040 or via email at airspace@glasgowairport.com.

Yours sincerely,

[REDACTED], Glasgow Airport

If you are not the intended recipient of this email (and any attachment), please inform the sender by return email and destroy all copies. Unauthorised access, use, disclosure, storage or copying is not permitted. Please be aware that communication by internet email is not secure as messages can be intercepted and read by someone else. We therefore strongly advise you not to email any information which, if disclosed to someone else, would be likely to cause you distress. If you have an enquiry of this nature then please write to us using the postal system. If you choose to email this information to us there can be no guarantee of privacy. Any email, including its content, may be monitored and used by the council, or ALEO, for reasons of security and for monitoring internal compliance with the office policy on staff use. Email monitoring or blocking software is also used. Please be aware that you have a responsibility to make sure that any email you write or forward is within the bounds of the law. Glasgow City Council, or ALEOs, cannot guarantee that this message or any attachment is virus free or has not been intercepted and amended. You should perform your own virus checks.

Protective Marking

We are using protective marking software to mark all our electronic and paper information based on its content, and the level of security it needs when being shared, handled and stored. You should be aware of what these marks mean for you when information is shared with you:

1. OFFICIAL SENSITIVE (plus one of four sub categories: Personal Data, Commercial, Operational, Senior Management) - this is information regarding the business of the council or of an individual which is considered to be sensitive. In some instances an email of this category may be marked as PRIVATE
 2. OFFICIAL - this is information relating to the business of the council and is considered not to be particularly sensitive
-
1. NOT OFFICIAL – this is not information about the business of the council.

For more information about the Glasgow City Council Protective Marking Policy please visit <https://glasgow.gov.uk/protectivemarking>

To: [REDACTED]
Subject: Reminder: Upcoming briefing sessions on Glasgow Airport's airspace change proposal

Dear [REDACTED]

Reminder: Upcoming briefing sessions on Glasgow Airport's airspace change proposal

Further to our previous correspondence, we would like to remind you to register for one of the upcoming stakeholder briefing sessions on Glasgow Airport's Airspace Change Proposal (ACP). The ACP is part of a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS). You can register to attend a session at <https://glasgowairport.consultationonline.co.uk/register-for-workshop/>.

Attend one of our briefing sessions

We ask that your organisation select one representative to attend one of the following briefing sessions:

Date: Thursday 25th November 2021

Time: 11am to 1:30pm

At: Online

- Or -

Date: Wednesday 1st December 2021

Time: 2pm to 4:30pm

At: Online

- Or -

Date: Thursday 2nd December 2021

Time: 2pm to 4:30pm

At: Online

You can sign up for one of the briefing sessions here. Or you can email airspace@glasgowairport.com detailing the name of your organisation, the name of the nominated attendee and which workshop they will attend. The deadline for registration is Thursday 18th November.

The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.

Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. If you are not able to attend any of the dates listed above, or if you are unable to engage online, please email airspace@glasgowairport.com or call 0800 298 7040 as we can arrange an alternative workshop.

Further information

We'd like to thank all those who have contributed to date to Glasgow Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.

Should you have any questions, please view our FAQ page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Glasgow Airport's ACP here.

If you would like information not covered in this email, please contact us on 0800 298 7040 or via email at airspace@glasgowairport.com.

Yours sincerely,

[REDACTED], Glasgow Airport

Subject: Glasgow Airport invites you to attend a GA briefing session on its Airspace Change Proposal

Dear [REDACTED]

Glasgow Airport invites you to attend a GA briefing session on its Airspace Change Proposal

				<p>Glasgow Airport is holding a briefing session on its Airspace Change Proposal (ACP) for General Aviation (GA) stakeholders on Wednesday 17th November at 10am via Microsoft Teams.</p> <p>Possible changes to inbound and outbound routes and options for changing airspace volumes and categories is of significant interest to GA stakeholders. We are therefore keen to explain the comprehensive design options to GA stakeholders and to discuss and answer questions that you may have.</p> <p>In addition to the GA session, Glasgow Airport is holding Stage 2 briefing sessions for all interested stakeholders. You will receive an email about these sessions later this week. Attending the GA briefing session does not preclude you from attending one of the later sessions - the briefing will be identical in all sessions but a GA-specific forum will give the opportunity for more detailed and relevant discussion around topics which may affect you as an airspace user.</p> <p>If you wish to attend the GA briefing session on Wednesday 17th November, please respond by email to airspace@glasgowairport.com. You will be sent a Teams invitation to the briefing session at least three days prior to the event.</p> <p>Please note that the invitation to the wider Stage 2 stakeholder briefing sessions will be sent separately and these events will be hosted on a different online platform.</p> <p>If you are not the relevant contact within your organisation, please respond with an alternative contact. If an alternative contact is not provided, we will continue to send further information to this email address.</p> <p>Kind regards,</p> <p></p> <p>, Glasgow Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. If you are not the intended recipient of this email, the use of this information or any disclosure, copying or distribution is prohibited and may be unlawful. Glasgow Airport's Airspace Change Proposal	Email	Scottish Air Ambulance Service	15-11-2021 16:34 A	C-11063	<p>Dear ██████████</p> <p>Glasgow Airport's Airspace Change Proposal</p> <p>Background</p> <p>I am contacting you about Glasgow Airport's Airspace Change Proposal (ACP), which is part of UK-wide initiative to modernise the country's airspace. We would like to invite you to attend a briefing session about our ACP; you can register to attend at https://glasgowairport.consultationonline.co.uk/register-for-workshop/.</p> <p>Glasgow Airport, along with other airports in Scotland, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to review the departure and arrival routes and surrounding airspace of the airport. The airspace modernisation programme represents the biggest change in how the industry manages its airspace in over 50 years. It will enable us to better manage the airspace around the airport, without compromising on safety, delivering a number of potential benefits such as environmental improvements, noise management and minimising the amount of time aircraft queue, both in the air and on the ground. You can read more about airspace modernisation here.</p> <p>Glasgow Airport had been in the process of seeking a broad range of stakeholders' views about how it should progress its ACP when the COVID-19 pandemic broke out; as such, Glasgow Airport took the decision in 2020 to postpone this work. Despite this pause, Glasgow Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options. You can read more about Glasgow Airport's ACP to date here.</p> <p>We are now updating our stakeholder records based on the most recent analysis of our potential airspace change design options. We are required to engage community stakeholders who may be affected by any future changes to Glasgow Airport's airspace; as such, we would be grateful if you could confirm that you are the relevant contact for your organisation and / or nominate an appropriate person by emailing airspace@glasgowairport.com. Ideally, the individual nominated would be willing to engage with us at subsequent stages of the process.</p>

Attend one of the briefing sessions

As part of its engagement activity, Glasgow Airport is hosting stakeholder briefing sessions, which you can register to attend here. Or you can email airspace@glasgowairport.com detailing the name of your organisation, the name of the nominated attendee and which workshop they will attend. The deadline for registration is Thursday 18th November.

The aim of these sessions is to gain feedback from stakeholders about Glasgow Airport's process for developing its airspace change design options. Specifically, stakeholders will be asked to consider if Glasgow Airport has taken full account of the Design Principles, which you can read here.

We ask that your organisation select one representative to attend one of the following briefing sessions:

Date: Thursday 25th November 2021

Time: 11am to 1:30pm

At: Online

- Or -

Date: Wednesday 1st December 2021

Time: 2pm to 4:30pm

At: Online

- Or -

Date: Thursday 2nd December 2021

Time: 2pm to 4:30pm

At: Online

The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.

If you are not able to attend any of the dates listed above, or if you are unable to engage online, please email airspace@glasgowairport.com or call 0800 298 7040 as we can arrange an alternative workshop.

Further information

Individuals' data will be stored on a secure database for future contact and retained for 12 years following the end of the project, unless otherwise requested to delete. All personal data is held by BECG, Glasgow Airport's engagement consultant for this process. All personal data is held in accordance with the requirements of the Data Protection Legislation and data subjects' rights thereunder, as set out in BECG's Data Protection Policy.

Glasgow Airport is committed to engaging stakeholders as part of its ACP. You can find out more about Glasgow Airport's ACP on our FAQ page at <https://glasgowairport.consultationonline.co.uk/faqs/>. You can also contact us via email at airspace@glasgowairport.com or via our freephone information line on 0800 298 7040.

Kind regards,

, Glasgow Airport

consider if Glasgow Airport has taken full account of the Stage 1 Design Principles.

Attend one of our briefing sessions

We ask that your organisation select one representative to attend one of the following briefing sessions:

Date: Thursday 25th November 2021

Time: 11am to 1:30pm

At: Online

- Or -

Date: Wednesday 1st December 2021

Time: 2pm to 4:30pm

At: Online

- Or -

Date: Thursday 2nd December 2021

Time: 2pm to 4:30pm

At: Online

The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.

You can sign up for one of the briefing sessions here. Or you can email airspace@glasgowairport.com detailing the name of your organisation, the name of the nominated attendee and which workshop they will attend. The deadline for registration is Thursday 18th November.

Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. If you are not able to attend any of the dates listed above, or if you are unable to engage online, please email airspace@glasgowairport.com or call 0800 298 7040 as we can arrange an alternative workshop.

Further information

We'd like to thank all those who have contributed to date to Glasgow Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.

Should you have any questions, please view the attached FAQ document, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Glasgow Airport's ACP here.

If you would like information not covered in this email, please contact us on 0800 298 7040 or via email at airspace@glasgowairport.com.

Yours sincerely,

[Redacted]

Hi [REDACTED]

Your colleague [REDACTED] advised that I contact you with regards to a briefing session that Glasgow Airport is holding about its Airspace Change Proposal (ACP). [REDACTED] was previously involved in Stage 1 of the ACP process. Glasgow Airport has now commenced Stage 2 and we are re-engaging our stakeholders by holding briefing sessions.

Below you will find the email that was sent to [REDACTED] inviting him to a briefing session. [REDACTED] advised that we contact [REDACTED] who then suggested that you would be best placed to decide who could represent Visit Scotland. It would be great if you could reply to this email to let me know who you would like us to contact going forward and who will be attending one of the briefing sessions detailed below?

Dear [REDACTED]

Glasgow Airport invites you to attend a briefing session on its Airspace Change Proposal

Following our recent correspondence, I am emailing to invite you to a briefing session about the next stage in Glasgow Airport's Airspace Change Proposal (ACP) – a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS). You can register to attend a session at <https://glasgowairport.consultationonline.co.uk/register-for-workshop/>.

Background

Glasgow Airport, along with other airports in Scotland, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to review the departure and arrival routes and surrounding airspace of the airport. The regulatory requirements and guidance for this process is known as CAP1616. In 2019 Glasgow Airport commenced Stage 1 of the CAP1616 process, which included engaging with a range of stakeholders and community representatives on the principles that should guide the airport's decision making when it comes to designing any new routes. The final Design Principles can be viewed here.

Next steps

Glasgow Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.

To continue to engage effectively with those stakeholders that were involved in Stage 1, Glasgow Airport is hosting stakeholder briefing sessions. The aim of these sessions is to gain feedback from stakeholders about Glasgow Airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Glasgow Airport has taken full account of the Stage 1 Design Principles.

Attend one of our briefing sessions

We ask that your organisation select one representative to attend one of the following briefing sessions:

Date: Thursday 25th November 2021

Time: 11am to 1:30pm

At: Online

- Or -

Date: Wednesday 1st December 2021

Time: 2pm to 4:30pm

At: Online

- Or -

Date: Thursday 2nd December 2021

Time: 2pm to 4:30pm

At: Online

The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.

You can sign up for one of the briefing sessions here. Or you can email airspace@glasgowairport.com detailing the name of your organisation, the name of the

nominated attendee and which workshop they will attend. The deadline for registration is Thursday 18th November.

Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. If you are not able to attend any of the dates listed above, or if you are unable to engage online, please email airspace@glasgowairport.com or call 0800 298 7040 as we can arrange an alternative workshop.

Further information

We'd like to thank all those who have contributed to date to Glasgow Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.

Should you have any questions, please view the attached FAQ document, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Glasgow Airport's ACP here.

If you would like information not covered in this email, please contact us on 0800 298 7040 or via email at airspace@glasgowairport.com.

Yours sincerely,

Dear [Redacted],

I hope this email finds you well. You may have seen our previous emails regarding our upcoming stakeholder workshops for Glasgow Airport's Airspace Change Proposal. We are keen to ensure that NHS GGC is represented and would be very grateful if you could either register to attend one of these workshops, or pass on our invitation to a colleague who will be able to attend. For your information, the workshop dates are below. You can sign up using this link: <https://glasgowairport.consultationonline.co.uk/register-for-workshop/>

Thursday 25th November 2021	11am to 1:30pm
Wednesday 1st December 2021	2pm to 4:30pm
Thursday 2nd December	2pm to 4:30pm

If you are not able to attend, please do let me know, and we will seek to arrange an alternative briefing session.

Best wishes,

[Redacted]

Re: Reminder: Upcoming GA briefing session on Glasgow Airport's airspace change proposal	Email	Lanarkshire Soaring Club	17/11/2021 11:31	C-11273 From:  Sent: 17 November 2021 11:31 To: #GLA Airspace Change < airspace@glasgowairport.com > Subject: Re: Reminder: Upcoming GA briefing session on Glasgow Airport's airspace change proposal CAUTION: External email. Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button. Hi  Apologies for missing this briefing session I had intended to participate. Could you please keep me on the contact list and send me a meeting summary if possible. Many thanks  Lothian and Lanarkshire Soaring Club On Fri, 12 Nov 2021, 14:13 Glasgow Airport, < airspace@glasgowairport.com > wrote: Dear  Reminder: Upcoming GA briefing session on Glasgow Airport's airspace change proposal Further to our previous correspondence, we would like to remind you to register for our upcoming briefing session on Glasgow Airport's Airspace Change Proposal (ACP) for General Aviation (GA) stakeholders on Wednesday 17th November at 10am via Microsoft Teams. Possible changes to inbound and outbound routes and options for changing airspace volumes and categories is of significant interest to GA stakeholders. We are therefore keen to explain the comprehensive design options to GA stakeholders and to discuss and answer questions that you may have. If you wish to attend the GA briefing session on Wednesday 17th November, please respond by email to airspace@glasgowairport.com . You will be sent a Teams invitation to the briefing session at least three days prior to the event. If you would like information not covered in this email, please contact us on 0800 298 7040 or via email at airspace@glasgowairport.com . If you are not the relevant contact within your organisation, please respond with an alternative contact. If an alternative contact is not provided, we will continue to send further information to this email address. Yours sincerely,  , Glasgow Airport CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. GA Comments Following ACP Briefing on 17 November 21	Email	Light Aircraft Association (LAA)	21-11-2021 19:26 A	C-11272	<p>From: █</p> <p>Sent: 21 November 2021 19:26</p> <p>To: #GLA Airspace Change <airspace@glasgowairport.com></p> <p>Cc: █; █</p> <p>Subject: GA Comments Following ACP Briefing on 17 November 21</p> <p>CAUTION: External email. Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>Comments below are from some of the GA attendees at last weeks' GA briefing session for the Glasgow ACP.</p> <p>We appreciated the time taken to provide us with the briefing and thought it helpful to try to respond quickly, with our immediate thoughts, as we do appreciate that an ongoing conversation on these matters is likely to be more productive and efficient.</p> <p>1 We appreciate the quality of the presentation and the openness of its delivery.</p> <p>2 The interim possible CAS designs are however quite unacceptable in that they increase CAS when (given technical and performance improvements) a substantial reduction should be possible. In particular the options of vectoring on take-off for capacity reasons with resultant airspace requirement seem unnecessary and could more easily solved for the likely limited periods by scheduling? Reference to airports which exhibit much greater airspace efficiency from a relatively low CAS volume would be useful; Frankfurt is an interesting example.</p> <p>3 We understand the nature of the preliminary work to date and that our (and others) feedback can and will influence the next level of design. So rather than "starting a war" have given some thought as to why the methodology used has delivered such results.</p> <p>4 The large number of arrival and departure routes chosen appears to dictate complexity and additional CAS. Further simplification (as we understand to be your intention once the other factors are applied and) fitting to Glasgow's geography, (including the needs of GA in respect of the terrain clearance / cloud clearance requirements) should be possible rather than trying to design airspace to fit existing practices (or outdated technology / aircraft).</p> <p>5 We need to understand how aircraft performance assumptions are distorting perceived requirements. If the emerging designs create CAS in positions which are not currently used by CAT then it is clear that the process being used is failing to produce realistic results. A constant reality check against actual performance is required, otherwise we will see the generation of large amounts of CAS which will never be used, exacerbating the existing problems of today. We recommend that the work done by James Bentham of NATS (attached) , or an updated version is used to sense check any emerging design work.</p> <p>6 When we consider that the Glasgow Stornoway route (the old A1D) is invariably flown in Class G airspace for > 90% of its route we do not see the justification for creating CAS local to Glasgow for it. The same applies to several other routes. We therefore ask that the design is adapted to only show CAS for those routes which continue to their destinations inside CAS.</p> <p>7 It goes without saying that radio and radar coverage must be considered as well at MSAs and any proposed CAS without proper coverage or below MSA deleted. Similarly the full advantages in accuracy from PBN arrivals and ultimately also over conventional ILS, in time, need to be realised / facilitated to the maximum possible extent. (See also item 11)</p> <p>8 We appreciate that there are competing arguments about complexity versus size of CAS. Given the strategically critical nature of the airspace between GLA and EDI, the presence of water and hostile terrain coupled with typical weather, we would be happy to work with you to achieve an optimal position.</p> <p>9 You will be aware of James Bentham's work in 2013, illustrating the potential for a N S gap in CAS between GLA and EDI 10nm wide to 5000ft (maximising the Cumbernauld gap) and the resulting overall reduction in airspace would reduce both controller and GA pilot workload and be a real factor in minimising</p>

				<p>infringements.</p> <p>10 We understand that you have yet to speak with GLA ATC provider, and in the interests of efficiency offer our local knowledge to that discussion.</p> <p>11 We would like to see the maximum possible approach gradient (3.2 degrees?) used for design and what consideration is being given to the longer term.</p> <p>12 Can you let us know the classification of CAs that you have in mind?</p> <p>13 It would be helpful if you would confirm that you will, as stated, be respecting the National and Regional Park locations.</p> <p>Despite the initial indications from your studies, appearing disappointingly to presently consume a larger area of CAs, we do understand that the result we have seen are preliminary and we confirm our willingness to work with you to get a solution which is efficient and works for all parties.</p> <p>  <ul style="list-style-type: none"> - GAA - BGA - Gliding Scotland - LAA - West of Scotland Strut of the LAA </p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. Glasgow Airport starts Stage 2 of its Airspace Change Proposal	Email	Alyn Smith MP	22/11/2021 10:31	C-11204	<p>Dear Mr Alyn Smith MP, Glasgow Airport starts Stage 2 of its Airspace Change Proposal</p> <p>I am emailing to offer you the opportunity to meet Glasgow Airport's engagement team to discuss the next steps in its Airspace Change Proposal (ACP) - a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS).</p> <p>Background Glasgow Airport, along with other airports in Scotland, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to review the departure and arrival routes and surrounding airspace of the airport. The regulatory requirements and guidance for this process is known as CAP1616. In 2019 Glasgow Airport commenced Stage 1 of the CAP1616 process, which included engaging with a range of stakeholders and community representatives on the principles that should guide the airport's decision making when it comes to designing any new routes. The final Design Principles can be viewed here.</p> <p>Next steps Glasgow Airport has successfully passed the Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options. To continue to engage effectively with those stakeholders that were involved in Stage 1, Glasgow Airport is hosting stakeholder briefing sessions on the initial comprehensive list of options. The aim of these sessions is to gain feedback from stakeholders about Glasgow Airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Glasgow Airport has taken full account of the Stage 1 Design Principles. We remain committed to ensuring all stakeholders can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy. As a local political representative, we would like to offer you an opportunity to meet our engagement team to discuss Glasgow Airport's options development process and how it is engaging stakeholders in Stage 2. To arrange a meeting, please email airspace@glasgowairport.com.</p> <p>Further information Should you have any questions, please view the attached FAQ document, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Glasgow Airport's ACP here. If you would like information not covered in this email, please contact us on 0800 298 7040 or via email at airspace@glasgowairport.com.</p> <p>Yours sincerely,</p> <p> , Glasgow Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. RE: [Kildrum Community Council] Contact Us	Email	Kildrum Community Council	23/11/2021 03:17	C-11268	<p>From: [REDACTED] Sent: 23 November 2021 03:17 To: #GLA Airspace Change <airspace@glasgowairport.com> Subject: RE: [Kildrum Community Council] Contact Us</p> <p>CAUTION: External email. Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>Hi [REDACTED]</p> <p>I can confirm I am [REDACTED] of Kildrum Community Council in Cumbernauld and I am content to be a stakeholder in the ACP. I am also a member of Cumbernauld Community Board.</p> <p>Thanks,</p> <p>[REDACTED] [REDACTED] Kildrum Community Council</p> <p>From: [REDACTED] <donotreply@wordpress.com> Sent: 22 November 2021 10:24 To: [REDACTED] Subject: [Kildrum Community Council] Contact Us</p> <p>Name: [REDACTED] Email: airspace@glasgowairport.com</p> <p>Comment: Glasgow Airport's Airspace Change Proposal</p> <p>Background</p> <p>I am contacting you about Glasgow Airport's Airspace Change Proposal (ACP), which is part of UK-wide initiative to modernise the country's airspace. We would like to invite you to attend a briefing session about our ACP; you can register to attend at https://glasgowairport.consultationonline.co.uk/register-for-workshop/.</p> <p>Glasgow Airport, along with other airports in Scotland, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to review the departure and arrival routes and surrounding airspace of the airport. The airspace modernisation programme represents the biggest change in how the industry manages its airspace in over 50 years. It will enable us to better manage the airspace around the airport, without compromising on safety, delivering a number of potential benefits such as environmental improvements, noise management and minimising the amount of time aircraft queue, both in the air and on the ground. You can read more about airspace modernisation here.</p> <p>Glasgow Airport had been in the process of seeking a broad range of stakeholders' views about how it should progress its ACP when the COVID-19 pandemic</p>

broke out; as such, Glasgow Airport took the decision in 2020 to postpone this work. Despite this pause, Glasgow Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options. You can read more about Glasgow Airport's ACP to date here.

We are now updating our stakeholder records based on the most recent analysis of our potential airspace change design options. We are required to engage community stakeholders who may be affected by any future changes to Glasgow Airport's airspace; as such, we would be grateful if you could confirm that you are the relevant contact for your organisation and / or nominate an appropriate person by emailing airspace@glasgowairport.com. Ideally, the individual nominated would be willing to engage with us at subsequent stages of the process.

Attend one of the briefing sessions

As part of its engagement activity, Glasgow Airport is hosting stakeholder briefing sessions, which you can register to attend here. Or you can email airspace@glasgowairport.com detailing the name of your organisation, the name of the nominated attendee and which workshop they will attend. The deadline for registration is Thursday 18th November.

The aim of these sessions is to gain feedback from stakeholders about Glasgow Airport's process for developing its airspace change design options. Specifically, stakeholders will be asked to consider if Glasgow Airport has taken full account of the Design Principles, which you can read here.

We ask that your organisation select one representative to attend one of the following briefing sessions:

Date: Thursday 25th November 2021

Time: 11am to 1:30pm

At: Online

- Or -

Date: Wednesday 1st December 2021

Time: 2pm to 4:30pm

At: Online

- Or -

Date: Thursday 2nd December 2021

Time: 2pm to 4:30pm

At: Online

The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.

If you are not able to attend any of the dates listed above, or if you are unable to engage online, please email airspace@glasgowairport.com or call 0800 298 7040 as we can arrange an alternative workshop.

Further information

Individuals' data will be stored on a secure database for future contact and retained for 12 years following the end of the project, unless otherwise requested to delete. All personal data is held by BECG, Glasgow Airport's engagement consultant for this process. All personal data is held in accordance with the requirements of the Data Protection Legislation and data subjects' rights thereunder, as set out in BECG's Data Protection Policy.

Glasgow Airport is committed to engaging stakeholders as part of its ACP. You can find out more about Glasgow Airport's ACP on our FAQ page at <https://glasgowairport.consultationonline.co.uk/faqs/>. You can also contact us via email at airspace@glasgowairport.com or via our freephone information line on 0800 298 7040.

Kind regards,

, Glasgow Airport

I am also a member of Cumbernauld Community Board.</p> <p>Thanks,</p> <p>[REDACTED] Kildrum Community Council</p> <p>From: [REDACTED] <donotreply@wordpress.com> Sent: 22 November 2021 10:24 To: [REDACTED] Subject: [Kildrum Community Council] Contact Us</p> <p>Name: [REDACTED]</p> <p>Email: airspace@glasgowairport.com</p> <p>Comment: Glasgow Airport's Airspace Change Proposal</p> <p>Background</p> <p>I am contacting you about Glasgow Airport's Airspace Change Proposal (ACP), which is part of UK-wide initiative to modernise the country's airspace. We would like to invite you to attend a briefing session about our ACP; you can register to attend at https://glasgowairport.consultationonline.co.uk/register-for-workshop/.</p> <p>Glasgow Airport, along with other airports in Scotland, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to review the departure and arrival routes and surrounding airspace of the airport. The airspace modernisation programme represents the biggest change in how the industry</p>

manages its airspace in over 50 years. It will enable us to better manage the airspace around the airport, without compromising on safety, delivering a number of potential benefits such as environmental improvements, noise management and minimising the amount of time aircraft queue, both in the air and on the ground. You can read more about airspace modernisation here.

Glasgow Airport had been in the process of seeking a broad range of stakeholders' views about how it should progress its ACP when the COVID-19 pandemic broke out; as such, Glasgow Airport took the decision in 2020 to postpone this work. Despite this pause, Glasgow Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options. You can read more about Glasgow Airport's ACP to date here.

We are now updating our stakeholder records based on the most recent analysis of our potential airspace change design options. We are required to engage community stakeholders who may be affected by any future changes to Glasgow Airport's airspace; as such, we would be grateful if you could confirm that you are the relevant contact for your organisation and / or nominate an appropriate person by emailing airspace@glasgowairport.com. Ideally, the individual nominated would be willing to engage with us at subsequent stages of the process.

Attend one of the briefing sessions

As part of its engagement activity, Glasgow Airport is hosting stakeholder briefing sessions, which you can register to attend here. Or you can email airspace@glasgowairport.com detailing the name of your organisation, the name of the nominated attendee and which workshop they will attend. The deadline for registration is Thursday 18th November.

The aim of these sessions is to gain feedback from stakeholders about Glasgow Airport's process for developing its airspace change design options. Specifically, stakeholders will be asked to consider if Glasgow Airport has taken full account of the Design Principles, which you can read here.

We ask that your organisation select one representative to attend one of the following briefing sessions:

Date: Thursday 25th November 2021

Time: 11am to 1:30pm

At: Online

- Or -

Date: Wednesday 1st December 2021

Time: 2pm to 4:30pm

At: Online

- Or -

Date: Thursday 2nd December 2021

Time: 2pm to 4:30pm

At: Online

The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.

If you are not able to attend any of the dates listed above, or if you are unable to engage online, please email airspace@glasgowairport.com or call 0800 298 7040 as we can arrange an alternative workshop.

Further information

Individuals' data will be stored on a secure database for future contact and retained for 12 years following the end of the project, unless otherwise requested to delete. All personal data is held by BECG, Glasgow Airport's engagement consultant for this process. All personal data is held in accordance with the requirements of the Data Protection Legislation and data subjects' rights thereunder, as set out in BECG's Data Protection Policy.

Glasgow Airport is committed to engaging stakeholders as part of its ACP. You can find out more about Glasgow Airport's ACP on our FAQ page at <https://glasgowairport.consultationonline.co.uk/faqs/>. You can also contact us via email at airspace@glasgowairport.com or via our freephone information line on 0800 298 7040.

Kind regards,

Subject: Glasgow Airport invites you to attend a briefing session on its Airspace Change Proposal

Dear [REDACTED]
Glasgow Airport invites you to attend a briefing session on its Airspace Change Proposal

Following our recent correspondence, I am emailing to invite you to a briefing session about the next stage in Glasgow Airport's Airspace Change Proposal (ACP) – a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS). You can register to attend a session at <https://glasgowairport.consultationonline.co.uk/register-for-workshop/>.

Background

Glasgow Airport, along with other airports in Scotland, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to review the departure and arrival routes and surrounding airspace of the airport. The regulatory requirements and guidance for this process is known as CAP1616. In 2019 Glasgow Airport commenced Stage 1 of the CAP1616 process, which included engaging with a range of stakeholders and community representatives on the principles that should guide the airport's decision making when it comes to designing any new routes. The final Design Principles can be viewed [here](#).

Next steps

Glasgow Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.

To continue to engage effectively with those stakeholders that were involved in Stage 1, Glasgow Airport is hosting stakeholder briefing sessions. The aim of these sessions is to gain feedback from stakeholders about Glasgow Airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Glasgow Airport has taken full account of the Stage 1 Design Principles.

Attend one of our briefing sessions

We ask that your organisation select one representative to attend one of the following briefing sessions:

Date: Thursday 25th November 2021

Time: 11am to 1:30pm

At: Online

- Or -

Date: Wednesday 1st December 2021

Time: 2pm to 4:30pm

At: Online

- Or -

Date: Thursday 2nd December 2021

Time: 2pm to 4:30pm

At: Online

The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.

You can sign up for one of the briefing sessions [here](#). Or you can email airspace@glasgowairport.com detailing the name of your organisation, the name of the nominated attendee and which workshop they will attend. The deadline for registration is Thursday 18th November.

Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. If you are not able to attend any of the dates listed above, or if you are unable to engage online, please email airspace@glasgowairport.com or call 0800 298 7040 as we can arrange an alternative workshop.

Further information

We'd like to thank all those who have contributed to date to Glasgow Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.

Should you have any questions, please view the attached FAQ document, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy [here](#) and Glasgow Airport's ACP [here](#).

If you would like information not covered in this email, please contact us on 0800 298 7040 or via email at airspace@glasgowairport.com.

Yours sincerely,

How to avoid catching or spreading coronavirus

Do

- wash your hands with soap and water often – do this for at least 20 seconds
- always wash your hands when you get home or into work
- use hand sanitiser gel if soap and water are not available
- cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- put used tissues in the bin straight away and wash your hands afterwards
- try to avoid close contact with people who are unwell
- Maintain a distance of 2m between you and other people

Don't

- do not touch your eyes, nose or mouth if your hands are not clean

Dear [REDACTED]
Additional information regarding Glasgow Airport's ACP workshop
Thank you for registering to attend a briefing session on Glasgow Airport's ongoing Airspace Change Proposal (ACP).
Ahead of the session, in order to ensure that you are able to fully participate and engage with the process, please see attached a brief document containing some initial information on the ACP and the purpose of the engagement. Please do take the time to look over this and contact us if you have any questions ahead of the session.
Please note that you will receive a separate email containing a link to join the session.

Presentation	Email	[REDACTED] Consulting	25-11-2021 13:13 A	C-11618	CAUTION: External email. Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button. Hi [REDACTED] & the team - particularly [REDACTED] Thanks for a great presentation today; all very well explained, and an amazing amount of work done already. I know it is in the works, but my main feedback, as a commercial user of the EDI/GLA airspace, concerns the middle airspace - the bottlenecks and problems pretty much all occur there, so that airspace MUST change to become more efficient. This, in turn, will affect the work your team is doing; it would be very frustrating for you to do all this work, only for it to change if/when the middle and upper airspace becomes more streamlined. Kind regards [REDACTED] [cid:BE6E295F-C2DF-46BE-A791-BDE668B18F42]

<p>RE: Natalie Don MSP: RE: Update on Glasgow Airport's airspace change proposal</p>	<p>Email</p>	<p>Natalie Don MSP</p>	<p>30/11/2021 00:15</p> <p>C-11510</p>	<p>Hi ██████████</p> <p>My apologies for the delayed response. Firstly, just to say that we would welcome emails from Ms Don if any constituents have feedback or concerns.</p> <p>I also wanted to let you know that Glasgow Airport held its first Stage 2 briefing session with stakeholders last week and that two more are to be held this week.</p> <p>██████████ and ██████████ from Glasgow Airport would like to meet with Ms Don or someone from her office in January if possible, so they can provide an update.</p> <p>If you could provide some suitable dates for a meeting, it would be greatly appreciated.</p> <p>Thanks, ██████████</p> <p>From: ██████████ On Behalf Of Don N (Natalie), MSP Sent: 15 July 2021 18:31 To: #GLA Airspace Change <airspace@glasgowairport.com> Subject: Natalie Don MSP: RE: Update on Glasgow Airport's airspace change proposal</p> <p>CAUTION: external email. Unless you recognise the sender and know the content is safe, do not click links or open attachments.</p> <p>Dear ██████████</p> <p>Thank you for contacting Natalie Don MSP with the information below. Natalie has read your email and she has asked that I respond to you on her behalf on this occasion.</p> <p>Natalie would be extremely grateful to be kept up to dates in regards to these developments. We would also be grateful if Natalie or her office could contact yourselves if any constituents raise concerns with Natalie that you could hopefully try and address.</p> <p>Natalie currently has an extremely hectic diary. However, we hope that we can arrange a mutually convenient time in the coming months and in the meantime please do not hesitate to contact us with any updates.</p> <p>Best wishes</p> <p>Kind Regards</p> <p>██████████</p> <p>██████████ for Natalie Don Member of the Scottish Parliament for Renfrewshire North and West Scottish Parliament, Edinburgh, EH99 1SP</p>
