Subject: RE: TDA597 - TRIGGER NOTAM

Good morning Sir,

Thanks for getting back to us and for your confirmation.

PSA a copy of the AIP SUP for 'TEMPORARY DANGER AREA EG D597 - 8 AUGUST 2022 TO 30 SEPTEMBER 2023'

The NOTAM Office here at NATS – Swanwick activated the trigger NOTAM due to the AIP SUP 062/2022 end date being 30 Sep 2022.

My civil manager is getting in contact with [REDACTED], the publisher of this doc Sir.

Kind regards,

[REDACTED] thanks for confirming.

MAMC, any idea regarding the origin of the trigger NOTAM (who sent the request to EUROCONTROL?)

Any info appreciated.

Thanks

Hi [REDACTED]

I only request the airspace to MAMC and the specific dates for flying, as you correctly point out with the final mission tomorrow (0900z – 1300z). Beyond that there will be no requirement for TDA 597 to be used for Ex COBRA WARRIOR/92 Sqn.

I assume MAMC can action any NOTAM changes required?

Subject: TDA597 - TRIGGER NOTAM

Good afternoon Sirs, [REDACTED]

This afternoon we've had word from EURO CONTROL about the following trigger NOTAM which was issued this morning;

NOTAM Number - J3380/22

E)

TRIGGER NOTAM – AIP SUP 062/22 WEF 22 SEP 2022 UNTIL 30 SEP 2022

The TDA597 is active tomorrow 23 Sep 22, which is fine as the trigger NOTAM covers 23 Sep 22. Though if there isn't any activity in TDA597 from 24 Sep 22 onwards, is there a need for this trigger NOTAM to be active?

Although this trigger NOTAM will not activate the airspace, if the airspace won't be used there is no need for it. Alternatively if EX Cobra Warrior is being extended until 30 Sep 22, please can we get confirmation and updated booking requests forms.

Any help at all would be appreciated,

Kind regards,

[REDACTED]
