

Aberdeen International Airport (AIAL)

FASI-N Airspace Change Proposal

Step 2A Appendix C

Date:	November 2022
Document Version:	V1.0
Status:	Public
Document History:	V1.0 Submitted to the CAA November 2022

Aberdeen Airport Airspace Change Proposal Appendix C – Engagement Details

Executive Summary

This document presents a copy or summary of every individual communication undertaken over the course of Stage 2 of Aberdeen Airport’s Airspace Change Proposal, up until Monday 3rd October 2022; communications after this point will be included in a subsequent submission. It is intended to support Appendix B, which provides the title of each communication without the full details of the content. Two supplementary tables are included at the top, which give details of the technical meetings and mass communications issued to stakeholders throughout the process.

For a timeline of key engagement activity, please see the engagement report.

To view the table of mass communications, please click [here](#). To view the individual communications, please click [here](#).

Technical Meetings

In addition to direct communications with stakeholders, a series of technical meetings have taken place as part of this ACP. These meetings are listed below.

2021	
10/06/2021	ScTMA Deployment meeting
10/06/2021	ScTMA Deployment meeting
22/07/2021	ScTMA Proof of Concepts update
22/07/2021	ScTMA Proof of Concepts update
09/08/2021	ScTMA Deployment meeting
09/08/2021	ScTMA Deployment meeting
08/09/2021	ScTMA Sim and Planning meeting
08/09/2021	ScTMA Sim and Planning meeting
22/09/2021	Aberdeen Design workshop (internal TRAX meeting)
28/09/2021	ScTMA Workshop No 1
01/10/2021	ScTMA Workshop No 3
09/11/2021	ScTMA Programme Coordination Group meeting
10/11/2021	Aberdeen ACP Design workshop with NATS Aberdeen
23/11/2021	Aberdeen Options - ATC design feedback workshop
2022	
18/01/2022	ScTMA Programme Coordination Group meeting
15/03/2022	ScTMA Programme Coordination Group meeting
08/04/2022	ScTMA Stage 3 planning meeting
12/04/2022	Aberdeen ACP Technical Briefing workshop (as follow up to Stage 2 general briefings)
11/05/2022	ScTMA Programme Coordination Group meeting
12/05/2022	P18 airway meeting with ██████████, ScTMA
19/05/2022	ScTMA Plan Update meeting No 1
26/05/2022	ScTMA Plan Update meeting No 2
15/07/2022	ScTMA Programme Coordination Meeting
19/07/2022	Aberdeen ACP Option Shortlisting workshop - with NATS Aberdeen
01/08/2022	ScTMA Plan Update meeting
20/09/2022	Aberdeen - ACOG GA Engagement Meeting with ██████████
30/09/2022	ScTMA Workshop No 2
05/10/2022	ScTMA Programme Coordination Group meeting
08/04/2022	P18 airway meeting

Mass Communications

The below table shows the mass emails which have been issued as part of the ACP, and lists the organisations whose representatives received these emails.

Recipients are listed based on the distribution lists which received each email. These lists are as follows:

- Engagement stakeholders (qualified): Engagement stakeholders, either new or engaged at Stage 1, who have confirmed their contact details
- Engagement stakeholders (unqualified): Engagement stakeholders, either new or engaged at Stage 1, who have not confirmed their contact details
- MPs/MSPs: Members of Parliament and Members of the Scottish Parliament whose constituencies may be impacted by ABZ's ACP
- Jotform signups: Individuals who have signed up via an online form (Jotform) to receive updates on ABZ's ACP
- General Aviation stakeholders: A subset of stakeholders identified as members of the General Aviation community
- Airline stakeholders: A subset of stakeholders identified as representatives of airlines operating from, or with an interest in, ABZ
- New Community Council stakeholders: A group of community councils introduced into the ACP distribution list after the commencement of Stage 2
- Briefing session registrants; Stakeholder briefing session #1/#2/#3 attendees; Technical briefing session attendees: Those who registered attendance for, or attended, a workshop or briefing session (N.B. registrants only received communications relevant to the session(s) which they attended/registered for)

ABZ Stakeholder Update Email - MPs/MSPs - 30/09/21	MPs/MSPs	SM 00134	30 09 2021 12:27 A	<p>Dear {FIRST_NAME},</p> <p>Update on Aberdeen Airport's Airspace Change Proposal</p> <p>I am emailing on behalf of Aberdeen Airport with regard to its Airspace Change Proposal (ACP). As you may be aware, up until March 2020 we had been in the process of seeking a broad range of stakeholders' views on the way in which Aberdeen Airport should progress its part of a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS). However, given the outbreak of COVID-19, Aberdeen Airport took the decision in 2020 to pause this work.</p> <p>The airspace modernisation programme represents the biggest change in how the industry manages its airspace in over 50 years. It will enable us to better manage the airspace around the airport, without compromising on safety, delivering a number of potential benefits such as environmental improvements, noise management and minimising the amount of time aircraft queue, both in the air and on the ground.</p> <p>For your reference in the coming months, we will be looking to contact our stakeholders with the initial aim of updating our stakeholder list. We will recommence engagement on design after the new year. Aberdeen Airport is committed to engaging stakeholders as part of this process. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the UK Department for Transport (DfT), we will be continuing to seek views from our local and regional stakeholders.</p> <p>As we move forward, and given your role in the community, we would be keen to provide you with a briefing on the next stage of our ACP process, although this will most likely be in early 2022. We will be in touch again to arrange such a meeting with the project team. In the meantime, should you have any questions, please get in touch with our engagement team, either by emailing airspace@aairport.com or contacting 0800 298 7040.</p> <p>You can find out more about the Airspace Modernisation Strategy by visiting www.caa.co.uk/News/New-Airspace-Modernisation-Strategy-launched-to-overhaul-UK-airspace/ and Aberdeen Airport's ACP at https://www.aberdeenairport.com/airspace/.</p> <p>Yours sincerely,</p> <p> For and on behalf of Aberdeen Airport</p>
ABZ Stakeholder Update Email - Jotform - 30/09/21	Jotform signups	SM 00132	30 09 2021 12:35 A	<p>Dear {FIRST_NAME},</p> <p>Update on Aberdeen Airport's Airspace Change Proposal</p>

Title	Recipients	Ref. no.	Date sent	Content
				<p>Thank you for registering for updates regarding Aberdeen Airport's Airspace Change Proposal (ACP), a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS).</p> <p>As a result of the Coronavirus pandemic, our ACP process was paused in 2020. We have recently been notified that airports will receive funding support from the UK Department of Transport (DfT) to help relaunch the programme. This means we are now restarting this important work, picking up from where we left off, and we will be re-engaging our previous group of stakeholders next year (2022).</p> <p>The AMS represents the biggest change in how the industry manages its airspace in over 50 years. It will enable us to better manage the airspace around the airport, without compromising on safety, delivering a number of potential benefits such as environmental improvements, noise management, and minimising the amount of time aircraft queue, both in the air and on the ground.</p> <p>Aberdeen Airport is committed to keeping interested parties updated with regards to its ACP process and we will update you during the project with any key information. In the meantime, you can find out more about the Airspace Modernisation Strategy by visiting www.caa.co.uk/News/New-Airspace-Modernisation-Strategy-launched-to-overhaul-UK-airspace/ and Aberdeen Airport's ACP at https://www.aberdeenaairport.com/airspace/.</p> <p>You can also contact us via email at airspace@aairport.com or via our freephone information line on 0800 298 7040.</p> <p>Kind regards,</p> <p> For and on behalf of Aberdeen Airport</p>
<p>ABZ Stakeholder Update Email - Unqualified Stakeholders - 30/09/21</p>	<p>Engagement stakeholders (unqualified)</p>	<p>SM-00133</p>	<p>07-10-2021 15:46 A</p>	<p>Dear {FIRST_NAME},</p> <p>Update on Aberdeen Airport's Airspace Change Proposal I am emailing on behalf of Aberdeen Airport with regard to its Airspace Change Proposal (ACP). As you may be aware, we had been in the process of seeking a broad range of stakeholders' views on the way in which Aberdeen Airport should progress its part of a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS). However, given the outbreak of COVID-19, Aberdeen Airport took the decision in 2020 to postpone this work.</p> <p>Next year (2022), we will be looking to restart our engagement activity regarding our ACP. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the UK Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p> <p>Aberdeen Airport is committed to keeping interested parties updated with regards to its ACP process and we will update you during the project with any key information. In the meantime, you can find out more about the Airspace Modernisation Strategy by visiting www.caa.co.uk/News/New-Airspace-Modernisation-Strategy-launched-to-overhaul-UK-airspace/ and Aberdeen Airport's ACP at https://www.aberdeenaairport.com/airspace/.</p> <p>You can also contact us via email at airspace@aairport.com or via our freephone information line on 0800 298 7040.</p> <p>Kind regards,</p> <p> For and on behalf of Aberdeen Airport</p>

Update on Aberdeen Airport's airspace change proposal	Engagement stakeholders (unqualified)	SM-00160	21-01-2022 15:58 A	<p>Dear {FIRST_NAME},</p> <p>Update on Aberdeen Airport's airspace change proposal I am emailing on behalf of Aberdeen International Airport about its Airspace Change Proposal (ACP). As you may be aware, along with four other airports in Scotland and the North of England, Aberdeen Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace to remove reliance on old technology. This is part of a UK-wide airspace modernisation programme, which you can find out more about here.</p> <p>We had been in the process of seeking a broad range of stakeholders' views about this process, but had to postpone this work in 2020 due to the outbreak of COVID-19. In the coming months, we will be restarting our engagement activity. The airspace modernisation programme will enable us to better manage the airspace around the airport, without compromising on safety, whilst delivering a number of potential benefits such as increased resilience to disruption. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the UK Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p> <p>Before we commence any activity, we are keen to ensure that our records are up to date and we have the most relevant representative from your organisation to participate in any future airspace change engagement. To allow us to send further information to the most appropriate person, we would be grateful if you could confirm that you remain the relevant contact and / or nominate an appropriate person by emailing airspace@aairport.com.</p> <p>Ideally, the individual nominated would be willing to engage with us at subsequent stages of the process. Individuals' data will be stored on a secure database for future contact and retained for 12 years following the end of the project, unless otherwise requested to delete. All personal data is held by BECG, Aberdeen Airport's engagement consultant for this process. All personal data is held in accordance with the requirements of the Data Protection Legislation and data subjects' rights thereunder, as set out in BECG's Data Protection Policy.</p> <p>Aberdeen Airport is committed to engaging stakeholders as part of its airspace change proposal and we will be in touch in the coming months with further updates. In the meantime, we would be grateful if you could click here to answer two short questions about participating in online events to help us plan our engagement.</p> <p>You can find out more about the Airspace Modernisation Strategy by visiting www.caa.co.uk/News/New-Airspace-Modernisation-Strategy-launched-to-overhaul-UK-airspace/ and Aberdeen Airport's ACP at www.aberdeenairport.com/airspace/. You can also contact us via email at airspace@aairport.com or via our freephone information line on 0800 298 7040.</p> <p>Kind regards,</p> <p></p>
Reminder: update on Aberdeen Airport's airspace change proposal	Engagement stakeholders (unqualified)	SM-00171	03-02-2022 11:20 A	<p>Dear {FIRST_NAME},</p> <p>Reminder: update on Aberdeen Airport's airspace change proposal This is a reminder to confirm that you remain the relevant contact and / or nominate an appropriate person to be your organisation's point of contact for Aberdeen International Airport's Airspace Change Proposal (ACP). You can do so by emailing airspace@aairport.com or calling 0800 298 7040. If you do not confirm or nominate an appropriate person, we will continue to send emails to this address.</p> <p>Ideally, the individual nominated would be willing to engage with Aberdeen Airport at subsequent stages of the process. All personal data is held by BECG, Aberdeen Airport's engagement consultant for this process. All</p>

ABZ ACP Stage 2 - Stakeholder Briefing Session Invitations	Engagement stakeholders (qualified) Engagement stakeholders (unqualified)	SM-00178	14-02-2022 15:40 A	<p>Dear {FIRST_NAME},</p> <p>Aberdeen Airport invites you to a briefing session about Airspace Change</p> <p>Following our recent correspondence, I am emailing to invite you to a briefing session about the next stage in Aberdeen Airport's Airspace Change Proposal (ACP) – a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS). You can register to attend a session at https://aberdeenairport.consultationonline.co.uk/register-for-workshop/. The deadline for registration is Friday 11th March.</p> <p>Background</p> <p>As you may be aware, along with other airports across the UK, Aberdeen Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace. In 2019, Aberdeen Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. The final Design Principles can be viewed here.</p> <p>Next Steps</p> <p>Aberdeen Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.</p> <p>To continue to engage effectively with those stakeholders that were involved in Stage 1, Aberdeen Airport is hosting stakeholder briefing sessions. The aim of these sessions is to gain feedback from stakeholders about the Airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Aberdeen Airport has taken full account of the Stage 1 Design Principles.</p> <p>Attend one of our briefing sessions</p> <p>We ask that your organisation select one representative to attend <u>one</u> of the following briefing sessions:</p> <p>Date: Tuesday 22nd March 2022 Time: 2:30pm to 4pm At: Silver Fin Building, 455 Union Street, Aberdeen, AB11 6BD</p> <p>- Or -</p> <p>Date: Thursday 24th March 2022 Time: 1:30pm to 3pm At: Online</p>

Title	Recipients	Ref. no.	Date sent	Content
				<p>- Or -</p> <p>Date: Thursday 31st March 2022 Time: 1:30pm to 3pm At: Online</p> <p>The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.</p> <p>You can sign up for one of the briefing sessions here. The deadline for registration is Friday 11th March.</p> <p>Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. If you are not able to attend any of the dates listed above, or if you are unable to engage online, please email airspace@aairport.com or call 0800 298 7040 as we can arrange an alternative session.</p> <p>Further Information We'd like to thank all those who have contributed to date to Aberdeen Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the Airport should progress its part of the UK-wide Airspace Modernisation Strategy.</p> <p>Should you have any questions, please view our FAQ page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Aberdeen Airport's ACP here.</p> <p>Kind regards,</p> <p></p>
ABZ ACP Stage 2 - Stakeholder Briefing Reminder	Engagement stakeholders (qualified) Engagement stakeholders (unqualified)	SM-00181	01-03-2022 17:27 A	<p>Dear {FIRST_NAME},</p> <p>Reminder: Upcoming briefing sessions with Aberdeen Airport Further to our previous correspondence, we would like to remind you to register for one of the upcoming stakeholder briefing sessions on Aberdeen Airport's Airspace Change Proposal (ACP). The ACP is part of a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS). You can register to attend a session at https://aberdeenairport.consultationonline.co.uk/register-for-workshop/.</p> <p>Attend one of our briefing sessions We ask that your organisation select one representative to attend <u>one</u> of the following briefing sessions:</p> <p>Date: Tuesday 22nd March 2022 Time: 2:30pm to 4pm At: Silver Fin Building, 455 Union Street, Aberdeen, AB11 6BD</p> <p>- Or -</p> <p>Date: Thursday 24th March 2022 Time: 1:30pm to 3pm At: Online</p> <p>- Or -</p> <p>Date: Thursday 31st March 2022 Time: 1:30pm to 3pm</p>

ABZ ACP Stage 2 - MP/MSP Briefing Session Invite	MPs/MSPs	SM-00182	01-03-2022 17:29 A	<p>Dear {FIRST_NAME},</p> <p>Aberdeen Airport starts Stage 2 of its Airspace Change Proposal I am emailing to offer you the opportunity to meet Aberdeen Airport's engagement team to discuss the next steps in its Airspace Change Proposal (ACP) – a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS).</p> <p>Background As you may be aware, along with four other airports in Scotland and the North of England, Aberdeen Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace to remove reliance on old technology. This is part of a UK-wide airspace modernisation programme, which you can find out more about here.</p> <p>We had been in the process of seeking a broad range of stakeholders' views about this process, but had to postpone this work in 2020 due to the outbreak of COVID-19. Aberdeen Airport is now restarting engagement activity for its ACP.</p> <p>Next Steps Aberdeen Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.</p> <p>To continue to engage effectively with those stakeholders that were involved in Stage 1, Aberdeen Airport is hosting stakeholder briefing sessions in March 2022. The aim of these sessions is to gain feedback from stakeholders about the airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Aberdeen Airport has taken full account of the Stage 1 Design Principles.</p>

Title	Recipients	Ref. no.	Date sent	Content
				<p>We remain committed to ensuring all stakeholders can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy. As a local political representative, we would like to offer you an opportunity to meet our engagement team to discuss Aberdeen Airport's options development process and how it is engaging stakeholders in Stage 2. To arrange a meeting, please email airspace@aairport.com.</p> <p>Further Information We'd like to thank all those who have contributed to date to Aberdeen Airport's ACP; we remain committed to ensuring stakeholders can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.</p> <p>Should you have any questions, please view our FAQ page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Aberdeen Airport's ACP here.</p> <p>Kind regards, </p>
ABZ ACP Stage 2- New CCs Workshop Invite	New Community Council stakeholders	SM-00184	11-03-2022 15:46 A	<p>Dear {FIRST_NAME},</p> <p>Aberdeen Airport's Airspace Change Proposal I am contacting you about Aberdeen International Airport's Airspace Change Proposal (ACP), which is part of a UK-wide airspace modernisation programme, which you can find out more about here. We would like to invite you to attend a briefing session about our ACP; you can register to attend at https://aberdeenairport.consultationonline.co.uk/register-for-workshop/.</p> <p>Background Along with other airports across the UK, Aberdeen Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace.</p> <p>In 2019, Aberdeen Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. Aberdeen Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options. You can read more about Aberdeen Airport's ACP to date here.</p> <p>We are now updating our stakeholder records based on the most recent analysis of our potential airspace change design options. We are required to engage with community stakeholders who may be affected by any future changes to Aberdeen Airport's airspace; as such, we would be grateful if you could confirm that you are the relevant contact for your organisation and / or nominate an appropriate person by emailing airspace@aairport.com. Ideally, the individual nominated would be willing to engage with us at subsequent stages of the process.</p> <p>Attend a briefing session about Aberdeen Airport's ACP As part of its Stage 2 engagement activity, Aberdeen Airport is hosting stakeholder briefing sessions, which you can register your attendance here. Alternatively, you can email airspace@aairport.com detailing the name of your organisation, the name of the nominated attendee and which workshop they will attend.</p> <p>We ask that your organisation select one representative to attend <u>one</u> of the following briefing sessions:</p> <p>Date: Tuesday 22nd March 2022 Time: 2:30pm to 4pm At: Silver Fin Building, 455 Union Street, Aberdeen, AB11 6BD</p>

				<p>Kind regards,</p> <p>██████████ ██████████</p>
ABZ ACP Stage 2 Briefing Session #1 Follow Up	Stakeholder briefing session #1 attendees	SM-00188	23-03-2022 17:08 A	<p>Dear {FIRST_NAME},</p> <p>Aberdeen Airport welcomes your feedback Thank you to those who attended Aberdeen Airport's Stakeholder Briefing Session on Tuesday 22nd March 2022, to learn about our Airspace Change Proposal (ACP). We appreciate your participation in this important process and would be grateful for your feedback on our approach to developing airspace change design options for Aberdeen Airport. You can give us your feedback online at https://aberdeenairport.consultationonline.co.uk/feedback/. The deadline for feedback is Monday 2nd May 2022.</p> <p>Providing Feedback As you may be aware, along with other airports across the UK, Aberdeen Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace.</p> <p>In 2019, Aberdeen Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making.</p> <p>Aberdeen Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options that align with the Design Principles. Our approach to developing these options was presented to you at the stakeholder briefing session.</p> <p>We are asking you to give us your feedback on <u>our approach</u> to developing the options and if this approach aligns with the Design Principles. It is important to note that we are not asking you to comment on the individual options at this stage. You can give us your feedback via a short online survey. Or, if you would like a hard copy of the survey, you can request one by emailing airspace@aairport.com or calling 0800 298 7040.</p> <p>Next Steps We will review all the responses to our survey and refine or create new options as appropriate. Our initial comprehensive list of options will then be taken forward to the Design Principle Evaluation, where we assess each option to understand whether it has met, partially met, or not met the Design Principles. We will inform you once the Design Principle Evaluation is complete and available to view.</p> <p>The outcome of the Design Principle Evaluation will likely be a shortlist of options. The wider public will then be informed of the proposals at Stage 3, which will include a full public consultation. A key element of this consultation is that it takes place when proposals are at a formative stage, so that feedback has the potential to affect the proposal. Aberdeen Airport is expecting the public consultation to take place in Q2-Q3 2023.</p> <p>Further Information We'd like to thank all those who have contributed to date to Aberdeen Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the Airport should progress its part of the UK-wide Airspace Modernisation Strategy.</p> <p>Should you have any questions, please view our FAQ page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Aberdeen Airport's ACP here.</p> <p>Kind regards,</p> <p>██████████</p>

ABZ ACP Stage 2 - Next Steps Email	Engagement stakeholders (qualified) Engagement stakeholders (unqualified)	SM-00211	30-05-2022 16:55 A	<p data-bbox="1647 132 2887 163">██████████, Aberdeen Airport</p> <p data-bbox="1647 201 1887 233">Dear {FIRST_NAME},</p> <p data-bbox="1647 268 2347 300">Next Steps for Aberdeen Airport’s Airspace Change Proposal</p> <p data-bbox="1647 304 2843 401">Thank you to everyone who provided feedback on our approach to developing airspace change design options. The feedback period is now closed, but if you have any outstanding questions about our Airspace Change Proposal (ACP) to date, please email airspace@aairport.com or call 0800 298 7040.</p> <p data-bbox="1647 436 2169 468">Stage 2 Continued – May to September 2022</p> <p data-bbox="1647 472 2887 663">We will review all of the feedback that we have received and refine our airspace change design options as appropriate. Our full Comprehensive List of Options will then be taken forward to the Design Principle Evaluation (Step 2A), where we assess each option to understand whether it has met, partially met, or not met the Design Principles. Following this we will commence Step 2B which consists of an initial appraisal of the route options. This step will determine what options Aberdeen Airport proposes to take forward to Stage 3.</p> <p data-bbox="1647 667 2887 804">Before we can commence Stage 3, the CAA must approve Aberdeen Airport’s Design Principles Evaluation and Initial Options Appraisal. We expect to submit our Stage 2 documentation to the CAA for review in August 2022. We will inform you when all of the submitted documentation is available to view on the CAA Airspace Change portal.</p> <p data-bbox="1647 840 1923 871">Starting Stage 3 – 2023</p> <p data-bbox="1647 875 2887 1003">If Aberdeen Airport receives approval from the CAA, we can commence Stage 3 and start preparing for a full public consultation on our preferred airspace change design options. A key element of the public consultation is that it takes place when proposals are at a formative stage, so that feedback has the potential to affect the proposals. As such, Aberdeen Airport is expecting the public consultation to take place in Q4 2023/Q1 2024.</p> <p data-bbox="1647 1039 1887 1071">Further information</p> <p data-bbox="1647 1075 2887 1171">We’d like to thank all those who have contributed to date to Aberdeen Airport’s ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.</p> <p data-bbox="1647 1176 2887 1304">Should you have any questions, please view our FAQ page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Aberdeen Airport’s ACP here. If you would like information not covered in this email, please contact us on 0800 298 7040 or via email at airspace@aairport.com.</p> <p data-bbox="1647 1339 1837 1371">Yours sincerely,</p> <p data-bbox="1647 1407 2101 1476">██████████, ██████████, Aberdeen Airport</p>
ABZ ACP Stage 2 - Gateway Update	Engagement stakeholders (qualified) Engagement stakeholders (unqualified) MPs/MSPs	SM-00226	20-07-2022 08:58 A	<p data-bbox="1647 1505 1887 1537">Dear {FIRST_NAME},</p> <p data-bbox="1647 1572 2466 1604">Aberdeen Airport Airspace Change Proposal - Stage 2 Gateway Change</p> <p data-bbox="1647 1608 2887 1772">I am writing to update you on Aberdeen Airport’s ongoing Airspace Change Proposal (ACP). The Stage 2 Gateway, a milestone set by the Civil Aviation Authority for the publication and review of documents relating to this portion of the ACP, has now changed. The Gateway was previously set for September; it is now set for December. This means that Aberdeen Airport’s Stage 2 documentation will be submitted to the CAA and published on the Airspace Change Portal in November.</p> <p data-bbox="1647 1808 1887 1839">Further information</p> <p data-bbox="1647 1843 2887 1940">We’d like to thank all those who have contributed to date to Aberdeen Airport’s ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.</p>

Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>Thank you [REDACTED] for keeping me updated. I am a big supporter of Aberdeen Airport. Warm wishes,</p> <p>Tess</p> <p>Tess White MSP North East Scotland Scottish Parliament, Edinburgh, EH99 1SP E: Tess.White.msp@parliament.scot</p> <p>From: Aberdeen Airport <airspace@aairport.com> Sent: 30 September 2021 12:28 To: White T (Tess), MSP <Tess.White.MSP@Parliament.scot> Subject: Update on Aberdeen Airport's Airspace Change Proposal</p> <p>CAUTION: This e-mail originated from outside of The Scottish Parliament. Do not click links or open attachments unless you recognise the sender and know the content is safe.</p> <p>Dear Ms Tess White MSP,</p> <p>Update on Aberdeen Airport's Airspace Change Proposal</p> <p>I am emailing on behalf of Aberdeen Airport with regard to its Airspace Change Proposal (ACP). As you may be aware, up until March 2020 we had been in the process of seeking a broad range of stakeholders' views on the way in which Aberdeen Airport should progress its part of a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS). However, given the outbreak of COVID-19, Aberdeen Airport took the decision in 2020 to pause this work.</p> <p>The airspace modernisation programme represents the biggest change in how the industry manages its airspace in over 50 years. It will enable us to better manage the airspace around the airport, without compromising on safety, delivering a number of potential benefits such as environmental improvements, noise management and minimising the amount of time aircraft queue, both in the air and on the ground.</p> <p>For your reference in the coming months, we will be looking to contact our stakeholders with the initial aim of updating our stakeholder list. We will recommence engagement on design after the new year. Aberdeen Airport is committed to engaging stakeholders as part of this process. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the UK Department for Transport (DfT), we will be continuing to seek views from our local and regional stakeholders.</p> <p>As we move forward, and given your role in the community, we would be keen to provide you with a briefing on the next stage of our ACP process, although this will most likely be in early 2022. We will be in touch again to arrange such a meeting with the project team. In the meantime, should you have any questions, please get in touch with our engagement team, either by emailing airspace@aairport.com or contacting 0800 298 7040.</p>

					<p>suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>Good morning Aberdeen ACP team,</p> <p>I believe I responded to the last email, but just in case it wasn't received, I will be representing the MOD for your FASI ACP. I will attend the sessions through the early stages and disseminate information to appropriate stakeholders, collate responses and feed back to you. If more SME attendance is needed then I can arrange for that. Please send all engagement to me and also to the GMB monitored by the DAATM Airspace Team. I will complete the linked survey but can say now that remote attendance will be the preferred option.</p> <p>[REDACTED]</p> <p>[REDACTED]</p> <p>[REDACTED]</p> <p>[REDACTED] [REDACTED] [REDACTED] Defence Airspace and Air Traffic Management Aviation House 1E Beehive Ringroad Crawley West Sussex RH6 0YR Civilian Telephone: [REDACTED] Skype: [REDACTED] MOD Net: [REDACTED] E-Mail: [REDACTED]</p> <p>From: Aberdeen Airport <airspace@aairport.com> Sent: 03 February 2022 11:22 To: [REDACTED] Subject: Reminder: update on Aberdeen Airport's airspace change proposal</p> <p>Dear MOD,</p> <p>Reminder: update on Aberdeen Airport's airspace change proposal</p> <p>This is a reminder to confirm that you remain the relevant contact and / or nominate an appropriate person to be your organisation's point of contact for Aberdeen International Airport's Airspace Change Proposal (ACP). You can do so by emailing airspace@aairport.com or calling 0800 298 7040. If you do not confirm or nominate an appropriate person, we will continue to send emails to this address.</p> <p>Ideally, the individual nominated would be willing to engage with Aberdeen Airport at subsequent stages of the process. All personal data is held by BECG, Aberdeen Airport's engagement consultant for this process. All personal data is held in accordance with the requirements of the Data Protection Legislation and data subjects' rights thereunder, as set out in BECG's Data Protection Policy.</p> <p>Aberdeen Airport is committed to engaging stakeholders as part of its airspace change proposal and we will be in touch in the coming months with further updates. In the meantime, we would be grateful if you could click here to answer two short questions about participating in online events to help us plan our engagement.</p> <p>You can find out more about the Airspace Modernisation Strategy by visiting www.caa.co.uk/News/New-Airspace-Modernisation-Strategy-launched-to-overhaul-UK-airspace/ and Aberdeen Airport's ACP at www.aberdeenairport.com/airspace/. You can also contact us via email at airspace@aairport.com or via our freephone information line on 0800 298 7040.</p> <p>Kind regards,</p> <p>[REDACTED]</p> <p>[REDACTED]</p>

<p>RE: Aberdeen Airport invites you to a briefing session about Airspace Change</p>	<p>Email</p>	<p>██████████ Babcock Onshore (██████████ ██████████)</p>	<p>22-02-2022 11:04 A</p>	<p>C-17175</p>	<p>Good morning ██████████</p> <p>Apologies for the issue here - please see below the text from our previous email.</p> <p>Best wishes,</p> <p>██████████ For and on behalf of Aberdeen Airport</p> <hr/> <p>Dear ██████████</p> <p>Aberdeen Airport invites you to a briefing session about Airspace Change</p> <p>Following our recent correspondence, I am emailing to invite you to a briefing session about the next stage in Aberdeen Airport's Airspace Change Proposal (ACP) – a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS). You can register to attend a session at https://aberdeenairport.consultationonline.co.uk/register-for-workshop/. The deadline for registration is Friday 11th March.</p> <p>Background As you may be aware, along with other airports across the UK, Aberdeen Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace.</p> <p>In 2019, Aberdeen Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. The final Design Principles can be viewed here.</p> <p>Next Steps Aberdeen Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.</p> <p>To continue to engage effectively with those stakeholders that were involved in Stage 1, Aberdeen Airport is hosting stakeholder briefing sessions. The aim of these sessions is to gain feedback from stakeholders about the Airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Aberdeen Airport has taken full account of the Stage 1 Design Principles.</p> <p>Attend one of our briefing sessions We ask that your organisation select one representative to attend one of the following briefing sessions: Date: Tuesday 22nd March 2022 Time: 2:30pm to 4pm At: Silver Fin Building, 455 Union Street, Aberdeen, AB11 6BD</p> <p>- Or -</p> <p>Date: Thursday 24th March 2022 Time: 1:30pm to 3pm At: Online</p> <p>- Or -</p>

Title	Type	Stakeholder(s)	Date/time	Ref. no.	Content
					<p>Date: Thursday 31st March 2022 Time: 1:30pm to 3pm At: Online</p> <p>The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.</p> <p>You can sign up for one of the briefing sessions here. The deadline for registration is Friday 11th March.</p> <p>Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. If you are not able to attend any of the dates listed above, or if you are unable to engage online, please email airspace@aairport.com or call 0800 298 7040 as we can arrange an alternative session.</p> <p>Further Information We'd like to thank all those who have contributed to date to Aberdeen Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the Airport should progress its part of the UK-wide Airspace Modernisation Strategy. Should you have any questions, please view our FAQ page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Aberdeen Airport's ACP here. 					<p>We had been in the process of seeking a broad range of stakeholders' views about this process, but had to postpone this work in 2020 due to the outbreak of COVID-19. Aberdeen Airport is now restarting engagement activity for its ACP.</p> <p>Next Steps</p> <p>Aberdeen Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.</p> <p>To continue to engage effectively with those stakeholders that were involved in Stage 1, Aberdeen Airport is hosting stakeholder briefing sessions in March 2022. The aim of these sessions is to gain feedback from stakeholders about the airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Aberdeen Airport has taken full account of the Stage 1 Design Principles.</p> <p>We remain committed to ensuring all stakeholders can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy. As a local political representative, we would like to offer you an opportunity to meet our engagement team to discuss Aberdeen Airport's options development process and how it is engaging stakeholders in Stage 2. To arrange a meeting, please email airspace@aairport.com [airspace@aairport.com].</p> <p>Further Information</p> <p>We'd like to thank all those who have contributed to date to Aberdeen Airport's ACP; we remain committed to ensuring stakeholders can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.</p> <p>Should you have any questions, please view ourFAQ page [https://aberdeenairport.consultationonline.co.uk/frequently-asked-questions/], which covers many of the most common queries. <p>RE: Aberdeen Airport invites you to a briefing session about Airspace Change</p>	<p>Email</p>	<p>██████████ - ██████████ Aberdeen and Stonehaven Yacht Club</p>	<p>08-03-2022 11:41 A</p>	<p>C-18273</p>	<p>Hi ██████████</p> <p>Apologies for the delay in responding to your email.</p> <p>Aberdeen and Stonehaven Yacht Club was involved in Stage 1 of Aberdeen Airport's Airspace Change Proposal. As part of the Stage 2 process, we are required to engage all stakeholders who were involved in Stage 1.</p> <p>While I can confirm that Stonehaven is towards the outer edge of the potentially affected airspace (Aberdeen Airport is responsible for changes up to 7,000 feet), we are eager to ensure that the wider community is involved as far as possible.</p> <p>If you feel like the upcoming briefing sessions are not currently of relevance, there is no obligation to attend. There will be a wider public consultation process in 2023 with more detailed route options and information, which we would encourage the Yacht Club and its members to participate in.</p> <p>Even if you do not actively participate in this stage, we can keep you on our distribution list, which will ensure you are kept up-to-date and can engage when you see fit.</p> <p>Do let me know if you have any further questions.</p> <p>Thanks, ██████████</p> <p>From: ██████████ Sent: 02 March 2022 13:11 To: #ABZ airspace Subject: RE: Aberdeen Airport invites you to a briefing session about Airspace Change</p> <p>You don't often get email from ██████████. Title	Type	Stakeholder(s)	Date/time	Ref. no.	Content
					<p>██████████ ██████████ for Kirsty Blackman MP</p> <p>From: Aberdeen Airport <airspace@aairport.com> Sent: 01 March 2022 17:29 To: BLACKMAN, Kirsty <kirsty.blackman.mp@parliament.uk> Subject: Aberdeen Airport starts Stage 2 of its Airspace Change Proposal</p> <p>Dear Kirsty, Aberdeen Airport starts Stage 2 of its Airspace Change Proposal I am emailing to offer you the opportunity to meet Aberdeen Airport's engagement team to discuss the next steps in its Airspace Change Proposal (ACP) – a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS).</p> <p>Background As you may be aware, along with four other airports in Scotland and the North of England, Aberdeen Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace to remove reliance on old technology. This is part of a UK-wide airspace modernisation programme, which you can find out more about here. We had been in the process of seeking a broad range of stakeholders' views about this process, but had to postpone this work in 2020 due to the outbreak of COVID-19. Aberdeen Airport is now restarting engagement activity for its ACP.</p> <p>Next Steps Aberdeen Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options. To continue to engage effectively with those stakeholders that were involved in Stage 1, Aberdeen Airport is hosting stakeholder briefing sessions in March 2022. The aim of these sessions is to gain feedback from stakeholders about the airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Aberdeen Airport has taken full account of the Stage 1 Design Principles. We remain committed to ensuring all stakeholders can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy. As a local political representative, we would like to offer you an opportunity to meet our engagement team to discuss Aberdeen Airport's options development process and how it is engaging stakeholders in Stage 2. To arrange a meeting, please email airspace@aairport.com.</p> <p>Further Information We'd like to thank all those who have contributed to date to Aberdeen Airport's ACP; we remain committed to ensuring stakeholders can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy. Should you have any questions, please view our FAQ page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Aberdeen Airport's ACP here.</p> <p>Kind regards,</p> <p>██████████ ██████████</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. We appreciate your participation in this important process and would be grateful for your feedback on our approach to developing airspace change design options for Aberdeen Airport. You can give us your feedback online at https://aberdeenairport.consultationonline.co.uk/feedback/. The deadline for feedback is Monday 2nd May 2022.</p> <p>Providing Feedback As you may be aware, along with other airports across the UK, Aberdeen Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace.</p> <p>In 2019, Aberdeen Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making.</p> <p>Aberdeen Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options that align with the Design Principles. Our approach to developing these options was presented to you at the stakeholder briefing session.</p>

Title	Type	Stakeholder(s)	Date/time	Ref. no.	Content
					<p>We are asking you to give us your feedback on our approach to developing the options and if this approach aligns with the Design Principles. It is important to note that we are not asking you to comment on the individual options at this stage. You can give us your feedback via a short online survey. Or, if you would like a hard copy of the survey, you can request one by emailing airspace@aairport.com or calling 0800 298 7040.</p> <p>Next Steps We will review all the responses to our survey and refine or create new options as appropriate. Our initial comprehensive list of options will then be taken forward to the Design Principle Evaluation, where we assess each option to understand whether it has met, partially met, or not met the Design Principles. We will inform you once the Design Principle Evaluation is complete and available to view.</p> <p>The outcome of the Design Principle Evaluation will likely be a shortlist of options. The wider public will then be informed of the proposals at Stage 3, which will include a full public consultation. A key element of this consultation is that it takes place when proposals are at a formative stage, so that feedback has the potential to affect the proposal. Aberdeen Airport is expecting the public consultation to take place in Q2-Q3 2023.</p> <p>Further Information We'd like to thank all those who have contributed to date to Aberdeen Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the Airport should progress its part of the UK-wide Airspace Modernisation Strategy.</p> <p>Should you have any questions, please view our FAQ page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Aberdeen Airport's ACP here.</p> <p>Kind regards,</p> <p>██████████ ██████████</p> <p>██████████ ██████████</p> <p>[cid:1.1.1648058657188.238387] D: ██████████ M: ██████████ E: ██████████ ██████████ W: Libertyone.co.uk [cid:1.2.1648058657188.238387] [cid:1.3.1648058657188.238387] Sign up to Liberty One updates to receive exclusive event, news and insight. We appreciate your participation in this important process and would be grateful for your feedback on our approach to developing airspace change design options for Aberdeen Airport. You can give us your feedback online at https://aberdeenairport.consultationonline.co.uk/feedback/. The deadline for feedback is Monday 2nd May 2022.</p> <p>Providing Feedback</p> <p>As you may be aware, along with other airports across the UK, Aberdeen Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace.</p> <p>In 2019, Aberdeen Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making.</p> <p>Aberdeen Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options that align with the Design Principles. Our approach to developing these options was presented to you at the stakeholder briefing session.</p> <p>We are asking you to give us your feedback on our approach to developing the options and if this approach aligns with the Design Principles. It is important to</p>

					<p>[REDACTED]</p> <p>From: Aberdeen Airport <airspace@aairport.com> Sent: 21 January 2022 16:00 To: [REDACTED] Subject: Update on Aberdeen Airport’s airspace change proposal</p> <p>Dear [REDACTED]</p> <p>Update on Aberdeen Airport’s airspace change proposal</p> <p>I am emailing on behalf of Aberdeen International Airport about its Airspace Change Proposal (ACP). As you may be aware, along with four other airports in Scotland and the North of England, Aberdeen Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace to remove reliance on old technology. This is part of a UK-wide airspace modernisation programme, which you can find out more about here.</p> <p>We had been in the process of seeking a broad range of stakeholders’ views about this process, but had to postpone this work in 2020 due to the outbreak of COVID-19. In the coming months, we will be restarting our engagement activity. The airspace modernisation programme will enable us to better manage the airspace around the airport, without compromising on safety, whilst delivering a number of potential benefits such as increased resilience to disruption. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the UK Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p> <p>Before we commence any activity, we are keen to ensure that our records are up to date and we have the most relevant representative from your organisation to participate in any future airspace change engagement. To allow us to send further information to the most appropriate person, we would be grateful if you could confirm that you remain the relevant contact and / or nominate an appropriate person by emailing airspace@aairport.com.</p> <p>Ideally, the individual nominated would be willing to engage with us at subsequent stages of the process. Individuals’ data will be stored on a secure database for future contact and retained for 12 years following the end of the project, unless otherwise requested to delete. All personal data is held by BECG, Aberdeen Airport’s engagement consultant for this process. All personal data is held in accordance with the requirements of the Data Protection Legislation and data subjects’ rights thereunder, as set out in BECG’s Data Protection Policy.</p> <p>Aberdeen Airport is committed to engaging stakeholders as part of its airspace change proposal and we will be in touch in the coming months with further updates. In the meantime, we would be grateful if you could click here to answer two short questions about participating in online events to help us plan our engagement.</p> <p>You can find out more about the Airspace Modernisation Strategy by visiting www.caa.co.uk/News/New-Airspace-Modernisation-Strategy-launched-to-overhaul-UK-airspace/ and Aberdeen Airport’s ACP at www.aberdeenairport.com/airspace/. You can also contact us via email at airspace@aairport.com or via our freephone information line on 0800 298 7040.</p> <p>Kind regards, [REDACTED] [REDACTED]</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. 					<p>If you are unable to engage online, please email airspace@aiairport.com or call 0800 298 7040 as we can arrange an alternative session.</p> <p>Background As you may be aware, along with other airports across the UK, Aberdeen Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace. In 2019, Aberdeen Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. Aberdeen Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options that align with the Design Principles. To continue to engage effectively with those stakeholders that were involved in Stage 1, Aberdeen Airport is hosting stakeholder briefing sessions. The aim of these sessions is to gain feedback from stakeholders about the Airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Aberdeen Airport has taken full account of the Stage 1 Design Principles.</p> <p>Further Information We'd like to thank all those who have contributed to date to Aberdeen Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the Airport should progress its part of the UK-wide Airspace Modernisation Strategy.</p> <p>Should you have any questions, please view our FAQ page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Aberdeen Airport's ACP here.</p> <p>Kind regards,</p> <p>██████████</p> <p>██████████</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. RE: 20220126-Aberdeen Airspace Change	Email	[REDACTED] [REDACTED]	29-03-2022 14:55 A	C-19669	<p>Good afternoon [REDACTED],</p> <p>Many thanks for your email. We are currently in Stage 2 (Develop and Assess) of our Airspace Change Proposal, which involves seeking feedback from stakeholders on our options development process and initial comprehensive list of route options. Specifically, stakeholders are being asked to consider if Aberdeen Airport has taken full account of the Stage 1 Design Principles. As such, we do not currently have details of what changes may take place, but will of course keep the MoD and RAF Lossiemouth apprised as the process continues.</p> <p>For your information, we have so far been engaging with [REDACTED] at the MoD DAATM, and with [REDACTED] at the RAF Lossiemouth Safety Centre, both of whom attended briefing sessions we hosted for stakeholders last week. If you would like to be kept updated on our proposals directly, we would be more than happy to add you to our distribution list, so that you receive future updates and invitations. Please do let me know if this would be helpful.</p> <p>We are also hosting a stakeholder briefing session, identical to last week's sessions, this Thursday from 1:30pm to 3:00pm; this will be hosted online. If you would like to attend, please do register here: https://aberdeenairport.consultationonline.co.uk/register-for-workshop/</p> <p>I hope that this is helpful, and please do let me know if you would like any further information.</p> <p>Best wishes, [REDACTED] For and on behalf of Aberdeen Airport</p>

In 2019, Aberdeen Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. Aberdeen Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options that align with the Design Principles. To continue to engage effectively with those stakeholders that were involved in Stage 1, Aberdeen Airport is hosting stakeholder briefing sessions. The aim of these sessions is to gain feedback from stakeholders about the Airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Aberdeen Airport has taken full account of the Stage 1 Design Principles.</p> <p>Further Information We'd like to thank all those who have contributed to date to Aberdeen Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the Airport should progress its part of the UK-wide Airspace Modernisation Strategy. Should you have any questions, please view our FAQ page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Aberdeen Airport's ACP here.</p> <p>Kind regards, [REDACTED] [REDACTED]</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. RE: Aberdeen Airport: additional sessions for Airlines and General Aviation stakeholders	Email	██████████ - Signature Flight Support Aberdeen ██████████ ██████████) ██████████ - Signature Flight Support ██████████ ██████████	11-04-2022 09:54 A	C-20147	<p>Good morning ██████████</p> <p>I hope you're well. I'm writing regarding tomorrow's Aberdeen Airport technical workshops.</p> <p>Due to a low level of signups for the later workshop (1pm), we are looking to combine the two workshops at the earlier time. Would you be willing and available to attend the earlier session instead, at 11am tomorrow? If this is not possible, we are happy to run a shorter one-to-one briefing session for you at 1pm. Please do let me know as soon as you can - many thanks.</p> <p>Best wishes, ██████████ For and on behalf of Aberdeen Airport</p>

The UK Offshore Energies Association Limited (trading as Offshore Energies UK), incorporated in England and Wales (company number 1119804) having its registered office at 1st Floor, Paternoster House, 65 St Paul's Churchyard, London EC4M 8AB From: Aberdeen Airport <airspace@aairport.com> Sent: 05 April 2022 12:41 To: ██████████ Subject: Reminder: sign up for additional sessions for Airlines and General Aviation stakeholders</p> <p>CAUTION: This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe. Dear ██████████ Reminder: sign up for additional sessions for Airlines and General Aviation stakeholders Thank you to those who have already attended one of Aberdeen Airport's Stakeholder Briefing Sessions to learn about Stage 2 of our Airspace Change Proposal (ACP). We have decided to hold two additional briefing sessions specifically for Airlines (including helicopter operators) and General Aviation stakeholders. This is to allow you to get more technical information on Aberdeen Airport's ACP and, in particular, on the Instrument Flight Procedures (IFP) being considered in the design options. Airline and GA Briefing Sessions Thank you to those of you who have already signed up to one of these sessions. If you have not yet registered, you can sign up to either of the following sessions by emailing airspace@aairport.com to confirm your attendance: Date: Tuesday 12th April 2022 Time: 11am to 12pm At: Microsoft Teams (link to follow) -- Date: Tuesday 12th April 2022 Time: 1pm to 2pm At: Microsoft Teams (link to follow) If you are unable to engage online, please email airspace@aairport.com or call 0800 298 7040 as we can arrange an alternative session. Background</p>

Title	Type	Stakeholder(s)	Date/time	Ref. no.	Content
					<p>As you may be aware, along with other airports across the UK, Aberdeen Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace. In 2019, Aberdeen Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. Aberdeen Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options that align with the Design Principles.</p> <p>To continue to engage effectively with those stakeholders that were involved in Stage 1, Aberdeen Airport is hosting stakeholder briefing sessions. The aim of these sessions is to gain feedback from stakeholders about the Airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Aberdeen Airport has taken full account of the Stage 1 Design Principles.</p> <p>Further Information We'd like to thank all those who have contributed to date to Aberdeen Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the Airport should progress its part of the UK-wide Airspace Modernisation Strategy.</p> <p>Should you have any questions, please view our FAQ page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Aberdeen Airport's ACP here.</p> <p>Kind regards,</p> <p>██████████ ██████████</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. This is part of a UK-wide airspace modernisation programme, which you can find out more about here. We had been in the process of seeking a broad range of stakeholders' views about this process, but had to postpone this work in 2020 due to the outbreak of COVID-19. Aberdeen Airport is now restarting engagement activity for its ACP.</p> <p>Next Steps Aberdeen Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options. To continue to engage effectively with those stakeholders that were involved in Stage 1, Aberdeen Airport is hosting stakeholder briefing sessions in March 2022. The aim of these sessions is to gain feedback from stakeholders about the airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Aberdeen Airport has taken full account of the Stage 1 Design Principles. We remain committed to ensuring all stakeholders can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy. As a local political representative, we would like to offer you an opportunity to meet our engagement team to discuss Aberdeen Airport's options development process and how it is engaging stakeholders in Stage 2. To arrange a meeting, please email airspace@aairport.com.</p> <p>Further Information We'd like to thank all those who have contributed to date to Aberdeen Airport's ACP; we remain committed to ensuring stakeholders can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy. Should you have any questions, please view our FAQ page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Aberdeen Airport's ACP here.</p> <p>Kind regards, </p> <p>UK Parliament Disclaimer: this e-mail is confidential to the intended recipient. RE: Aberdeen Airport starts Stage 2 of its Airspace Change Proposal	Email	██████████	26-04-2022 14:48 A	C-20620	<p>Dear ██████████</p> <p>Many thanks for this – it's much appreciated. I have forwarded the invitation to ██████████ from Aberdeen Airport and ██████████ from Trax, a technical consultant. ██████████ and ██████████ look forward to meeting Mrs Blackman on Thursday.</p> <p>Best wishes,</p> <p>██████████</p> <p>For and on behalf of Aberdeen Airport</p>
Meeting with Kirsty Blackman MP	Meeting	Kirsty Blackman MP	28-04-2022	C-34142	<p>██████████ (Trax) and ██████████ (AGS Airports) met with Kirsty Blackman MP via Microsoft Teams to provide an update on the status of the ACP.</p>
Feedback on Aberdeen Airport's ACP	Email	██████████ ██████████ - NATS	29-04-2022 13:25 A	C-20967	<p>Good afternoon ██████████</p> <p>I hope you're well. I'm emailing regarding Aberdeen Airport's ongoing ACP. We would be very grateful to receive feedback from NERL on this ACP and I have been told you are the best person to contact for this. To that end, please see below an email from ██████████, ██████████ at Aberdeen, regarding the ACP and the process of providing feedback. Please do let me know if there is anything further you need for this - many thanks.</p> <p>Best wishes,</p> <p>██████████</p> <p>For and on behalf of Aberdeen Airport</p> <p>Dear ██████████</p> <p>Aberdeen Airport welcomes your feedback on its Airspace Change Proposal</p> <p>This is a reminder to give Aberdeen Airport your feedback on its approach to developing route options. The deadline for feedback is Friday 13th May 2022. As a reminder, we recently held three Stakeholder Briefing sessions to outline our approach to options development. If you were unable to attend a session or would like to hear the presentation again, a recording is now available on the website at https://aberdeenairport.consultationonline.co.uk/feedback/.</p> <p>Providing Feedback</p> <p>We appreciate your participation in this important process and would be grateful for your feedback on our approach to developing airspace change design options for Aberdeen Airport. You can give us your feedback online at https://aberdeenairport.consultationonline.co.uk/feedback/. The deadline for feedback is Friday 13th May 2022.</p> <p>Background</p> <p>As you may be aware, along with other airports across the UK, Aberdeen Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace.</p> <p>In 2019, Aberdeen Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. The final Design Principles can be viewed here.</p> <p>We are asking you to give us your feedback on our approach to developing the options and if this approach aligns with the Design Principles. It is important to note that we are not asking you to comment on the individual options at this stage. If you would like a hard copy of the survey, you can request one by emailing airspace@aairport.com or calling 0800 298 7040.</p> <p>Next Steps</p> <p>We will review all the responses to our survey and refine or create new options as appropriate. Our full comprehensive list of route options will then be taken forward to the Design Principle Evaluation, where we assess each option to understand whether it has met, partially met, or not met the Design Principles. We will inform you once the Design Principle Evaluation is complete and available to view.</p> <p>The outcome of the Design Principle Evaluation will likely be a shortlist of options. The wider public will then be informed of the proposals at Stage 3, which will include a full public consultation. A key element of this consultation is that it takes place when proposals are at a formative stage, so that feedback has the potential to affect the proposal. Aberdeen Airport is expecting the public consultation to take place in late 2023 / early 2024.</p> <p>Further information</p> <p>We'd like to thank all those who have contributed to date to Aberdeen Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.</p> <p>Should you have any questions, please view our FAQ page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Aberdeen Airport's ACP here.</p> <p>If you would like information not covered in this email, please contact us on 0800 298 7040 or via email at airspace@aairport.com.</p>

The deadline for feedback is Friday 13th May 2022.</p> <p>Background</p> <p>As you may be aware, along with other airports across the UK, Aberdeen Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace.</p> <p>In 2019, Aberdeen Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. The final Design Principles can be viewed here.</p> <p>We are asking you to give us your feedback on our approach to developing the options and if this approach aligns with the Design Principles. It is important to note that we are not asking you to comment on the individual options at this stage. If you would like a hard copy of the survey, you can request one by emailing airspace@aiaairport.com or calling 0800 298 7040.</p> <p>Next Steps</p> <p>We will review all the responses to our survey and refine or create new options as appropriate. Our full comprehensive list of route options will then be taken forward to the Design Principle Evaluation, where we assess each option to understand whether it has met, partially met, or not met the Design Principles. We will inform you once the Design Principle Evaluation is complete and available to view.</p> <p>The outcome of the Design Principle Evaluation will likely be a shortlist of options. The wider public will then be informed of the proposals at Stage 3, which will include a full public consultation. A key element of this consultation is that it takes place when proposals are at a formative stage, so that feedback has the potential to affect the proposal. Aberdeen Airport is expecting the public consultation to take place in late 2023 / early 2024.</p> <p>Further information</p> <p>We'd like to thank all those who have contributed to date to Aberdeen Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.</p> <p>Should you have any questions, please view our FAQ page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Aberdeen Airport's ACP here.</p> <p>If you would like information not covered in this email, please contact us on 0800 298 7040 or via email at airspace@aiaairport.com.</p> <p>Yours sincerely,</p> <p> , Aberdeen Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. Title	Type	Stakeholder(s)	Date/time	Ref. no.	Content
					<p>have any outstanding questions about our Airspace Change Proposal (ACP) to date, please email airspace@aairport.com or call 0800 298 7040.</p> <p>Stage 2 Continued – May to September 2022</p> <p>We will review all of the feedback that we have received and refine our airspace change design options as appropriate. Our full Comprehensive List of Options will then be taken forward to the Design Principle Evaluation (Step 2A), where we assess each option to understand whether it has met, partially met, or not met the Design Principles. Following this we will commence Step 2B which consists of an initial appraisal of the route options. This step will determine what options Aberdeen Airport proposes to take forward to Stage 3.</p> <p>Before we can commence Stage 3, the CAA must approve Aberdeen Airport’s Design Principles Evaluation and Initial Options Appraisal. We expect to submit our Stage 2 documentation to the CAA for review in August 2022. We will inform you when all of the submitted documentation is available to view on the CAA Airspace Change portal.</p> <p>Starting Stage 3 – 2023</p> <p>If Aberdeen Airport receives approval from the CAA, we can commence Stage 3 and start preparing for a full public consultation on our preferred airspace change design options. A key element of the public consultation is that it takes place when proposals are at a formative stage, so that feedback has the potential to affect the proposals. As such, Aberdeen Airport is expecting the public consultation to take place in Q4 2023/Q1 2024.</p> <p>Further information</p> <p>We’d like to thank all those who have contributed to date to Aberdeen Airport’s ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.</p> <p>Should you have any questions, please view our FAQ page, which covers many of the most common queries.
