

Full List of Stakeholders Engaged

CAP1616 Stage 2 Develop and Assess

Purpose of this document

Stakeholder input is an important component of the 'Develop and Assess' process set out at Stage 2 of CAP1616, which requires the demonstration of how stakeholders' views and feedback have informed the development of the route options.

In this Appendix to the Stakeholder Engagement Report (SER) stakeholders who were invited to participate are listed first. There is then a list of the stakeholders who participated in the phase one engagement sessions in November and December 2021. Finally, there is a list of stakeholders who participated in the phase two engagement sessions in May and June 2022.

For more information on the engagement carried out during Stage 2 of the Manchester Airport Future Airspace project please see the SER and Appendices 2, 3, 4, 5, 6, 7, 8, 9, 10 and 11.
