

Southampton Airport FASI-S Airspace Change Proposal

Stage 2A
Appendix C

Date:	December 2022
Document Version:	V1.0
Status:	Public
Document History:	Submitted to the CAA December 2022

Southampton Airport Airspace Change Proposal Appendix C – Engagement Details

Executive Summary

This document presents a copy or summary of every individual communication undertaken over the course of Stage 2 of Southampton Airport’s Airspace Change Proposal, up until 30th October 2022; communications after this point will be included in a subsequent submission. It is intended to support Appendix B, which provides the title of each communication without the full details of the content. A supplementary table is included at the top, which gives details of the mass communications issued to stakeholders throughout the process. An additional table is provided to list the technical meetings which took place throughout this portion of the ACP. For a timeline of key engagement activity, please see the engagement report.

Technical Meetings

In addition to direct communications with stakeholders, a series of technical meetings have taken place as part of this ACP. These meetings are listed below.

DATE	WHO
2020 / 2021	
3/2/20	Airspace4All, British Gliding Association, Lasham Gliding Club, Light Aircraft Association, British Microlight Aircraft Association
20/3/20	DAATM/Boscombe Down
27/5/21	ACOG Southampton deployment questionnaire workshop
15/7/21	LTMA Deployment Programme Coordination Group
29/7/21	LTMA Technical Coordination Group
26/8/21	LTMA Technical Coordination Group
23/9/22	LTMA Technical Coordination Group
22/9/21	LTMA Deployment Programme Coordination (Group B)
12/10/21	SOU Design Workshop (internal session)
28/10/21	LTMA Deployment Workshop Brettenham House
9/11/21	SOU Stage 2 Gateway Meeting ACOG
17/11/21	NERL Long List Options review
8/12/22	LTMA Technical Coordination Group
29/11/21	NERL/Southampton Engagement: Early Deployment Opportunities
14/12/21	LTMA Deployment Programme Coordination (Group B)
16/12/21	Southampton ACP Design Kickoff meeting (internal session)
17/12/21	Southampton ACP design workshop – Trax, NATS, NERL, AGS
2022	
11/1/22	Southampton Requirements workshop – Trax and NERL
24/1/22	ACOG CAP1616 Stage 2 Progress Checklist
27/1/22	LTMA Technical Coordination Group
31/1/22	Southampton NATS/Trax design briefing pre-meet
2/2/22	Southampton ACP Design Workshop - NATS and TRAX
4/2/22	Southampton Airport Consultative Committee
4/2/22	LTMA Programme Coordination Meeting
15/2/22	General Aviation Briefing Session
15/2/22	NERL/Southampton Engagement Session
15/2/22	Airlines Briefing Session
3/3/22	LTMA Airspace Change Deployment Strategy workshop
24/2/22	ACP workshop- NATS, TRAX, AGS
16/3/22	Timebound SIDS meeting
23/3/22	NERL/Southampton design workshop
22/4/22	NERL/Southampton design workshop
3/5/22	LTMA Programme Coordination Meeting
9/6/22	SOU ACP Stage 2 engagement workshop (internal – NATS, TRAX, AGS)
16/6/22	SOU/Trax/NATS ACP stakeholder briefing preliminary workshop
24/6/22	LTMA Technical coordination group meeting
28/7/22	LTMA Technical coordination group meeting
9/8/22	LTMA Programme Coordination Meeting
12/8/22	CAF Brief (Harri Howells)
15/9/22	NERL - Southampton Stage 2 pre meet for FASI sponsors
22/9/22	LTMA Technical coordination group meeting
23/9/22	NERL Stage 2 Engagement Briefing (Open Session/Aviation Stakeholders)
27/9/22	SOU ACP shortlisting workshop (NATS, TRAX, AGS)
29/9/22	NERL Stage 2 Engagement Briefing (Airport Sponsors)
27/10/22	LTMA Technical coordination group meeting

Mass Communications

The below table shows the mass emails which have been issued as part of the ACP, and lists the organisations whose representatives received these emails.

Recipients are listed based on the distribution lists which received each email. These lists are as follows:

- Engagement stakeholders (qualified): Engagement stakeholders, either new or engaged at Stage 1, who have confirmed their contact details
- Engagement stakeholders (unqualified): Engagement stakeholders, either new or engaged at Stage 1, who have not confirmed their contact details
- MPs: Members of Parliament whose constituencies may be impacted by SOU's ACP
- Jotform signups: Individuals who have signed up via an online form (Jotform) to receive updates on SOU's ACP
- New Engagement stakeholders: Engagement stakeholders introduced after the initial communication was issued
- General Aviation stakeholders: A subset of engagement stakeholders identified as members of the General Aviation community
- Airline stakeholders: A subset of engagement stakeholders identified as representatives of Airlines
- Briefing session registrants; Stakeholder briefing session #1/#2/#3 attendees; Technical briefing session attendees: Those who registered attendance for, or attended, a workshop or briefing session (N.B. registrants only received communications relevant to the session(s) which they attended/registered for)

Title	Recipients	Ref. no.	Date sent	Content
Update on Southampton Airport's Airspace Change Proposal	Jotform signups	SM-00123	15-09-21 10:09	<p>Dear [REDACTED]</p> <p>Update on Southampton Airport's airspace change proposal</p> <p>Thank you for registering for updates regarding Southampton Airport's airspace change proposal (ACP), a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS).</p> <p>As a result of the Coronavirus pandemic, our ACP was paused in 2020. We have recently been notified that airports will receive funding support from the UK Department of Transport (DfT) to help relaunch the programme. This means we are now restarting this important work, picking up from where we left off, and we will be re-engaging our previous group of stakeholders next year (2022).</p> <p>The AMS represents the biggest change in how the industry manages its airspace in over 50 years. It will enable us to better manage the airspace around the airport, without compromising on safety, delivering a number of potential benefits such as environmental improvements, noise management, and minimising the amount of time aircraft queue, both in the air and on the ground.</p> <p>Airspace change is a programme that involves every airport in the country, and as such is a distinct and independent process from Southampton Airport's runway extension scheme.</p> <p>Southampton Airport is committed to keeping interested parties updated with regards to its airspace change proposal and we will update you during the project with any key information. In the meantime, you can find out more about the Airspace Modernisation Strategy by visiting www.caa.co.uk/News/New-Airspace-Modernisation-Strategy-launched-to-overhaul-UK-airspace/ and Southampton Airport's ACP at https://www.southamptonairport.com/about-us/airspace-change-programme/.</p> <p>You can also contact us via email at airspace.change@southamptonairport.com or via our freephone information line on 0800 298 7040.</p> <p>Kind regards,</p>

				<p>██████████</p> <p>For and on behalf of Southampton Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. Update on Southampton Airport's airspace change proposal	Consultation stakeholders (qualified) Consultation stakeholders (unqualified)	SM-00124	15-09-21 10:12	<p>Dear ██████████</p> <p>Update on Southampton Airport's airspace change proposal</p> <p>I am emailing on behalf of Southampton Airport with regard to its airspace change proposal (ACP). As you may be aware, we had been in the process of seeking a broad range of stakeholders' views on the way in which Southampton Airport should progress its part of a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS). However, given the outbreak of COVID-19, Southampton Airport took the decision in 2020 to postpone this work.</p> <p>Airspace change is a programme that involves every airport in the country, and as such is a distinct and independent process from Southampton Airport's runway extension scheme.</p> <p>Next year (2022), we will be looking to restart our engagement activity regarding our airspace change proposal. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the UK Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p> <p>Southampton Airport is committed to keeping interested parties updated with regards to its airspace change proposal and we will update you during the project with any key information. In the meantime, you can find out more about the Airspace Modernisation Strategy by visiting www.caa.co.uk/News/New-Airspace-Modernisation-Strategy-launched-to-overhaul-UK-airspace/ and Southampton Airport's ACP at https://www.southamptonairport.com/about-us/airspace-change-programme/.</p> <p>You can also contact us via email at airspace.change@southamptonairport.com or via our freephone information line on 0800 298 7040.</p> <p>Kind regards,</p> <p>██████████</p> <p>For and on behalf of Southampton Airport</p>

Update on Southampton Airport's airspace change proposal - MPs	MPs	SM-00126	15-09-21 10:27	<p>Dear [REDACTED]</p> <p>Update on Southampton Airport's airspace change proposal</p> <p>I am emailing on behalf of Southampton Airport with regard to its airspace change proposal (ACP). As you may be aware, up until March 2020 we had been in the process of seeking a broad range of stakeholders' views on the way in which Southampton Airport should progress its part of a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS). However, given the outbreak of COVID-19, Southampton Airport took the decision in 2020 to pause this work.</p> <p>The airspace modernisation programme represents the biggest change in how the industry manages its airspace in over 50 years. It will enable us to better manage the airspace around the airport, without compromising on safety, delivering a number of potential benefits such as environmental improvements, noise management and minimising the amount of time aircraft queue, both in the air and on the ground.</p> <p>Airspace change is a programme that involves every airport in the country, and as such is a distinct and independent process from Southampton Airport's runway extension scheme.</p> <p>For your reference in the coming months, we will be looking to contact our stakeholders with the initial aim of updating our stakeholder list. We will recommence engagement on design after the new year. Southampton Airport is committed to engaging stakeholders as part of this process. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the UK Department for Transport (DfT), we will be continuing to seek views from our local and regional stakeholders.</p> <p>As we move forward, and given your role in the community, we would be keen to provide you with a briefing on the next stage of the airspace change process although this will most likely be in early 2022. We will be in touch again to arrange such a meeting with the project team. In the meantime, should you have any questions, please get in touch with our engagement team, either by emailing airspace.change@southamptonairport.com or contacting 0800 298 7040.</p>

<p>Aviation and Airlines Briefing Session - Presentation Slides</p>	<p>General Aviation stakeholders Airlines stakeholders</p>	<p>SM-00179</p>	<p>16-02-22 17:17</p>	<p>Dear ██████████</p> <p>Briefing Session on Southampton Airport Airspace Change Proposal</p> <p>I write further to Southampton Airport's recent briefing sessions for aviation and airline stakeholders on its Airspace Change Proposal (ACP). Thank you for those of you who were able to attend.</p> <p>As promised during the meeting, please find attached a copy of the presentation given at these briefing sessions.</p> <p>We will be holding full stakeholder engagement sessions later this year for this ACP, and I look forward to writing to you about this nearer the time.</p> <p>In the meantime, if you have any comments or questions arising from these materials, please contact us on airspace.change@southamptonairport.com.</p> <p>Kind regards,</p> <p>██████████</p> <p>For and on behalf of Southampton Airport</p> <hr/> <p>Background</p> <p>Prior to the pandemic, Southampton Airport was participating in the FASI programme with 20 other UK airports and NATS to develop a Masterplan for airspace modernisation. The airspace change project was paused (alongside the other Masterplan proposals) when the pandemic hit, but the airspace change programme has now restarted.</p> <p>Southampton Airport is committed to keeping all stakeholders updated with progress on the airspace change work. To that end we are holding this briefing session to outline what stage the airport is at in the ACP process</p>

				<p>and next steps. The briefing will include a 20-minute presentation, after which there will be an opportunity for discussion and questions.</p> <p>In attendance will be members of the airport's ACP delivery team and representatives from the airport's air traffic control team.</p> <p>If you are not the relevant contact within your organisation, please respond with an alternative contact. If an alternative contact is not provided, we will continue to send further information to this email address.</p> <p><u>Further information and contact details</u></p> <p>Southampton ACP website: southamptonairport.com/about-us/airspace-change-programme Southampton ACP email address: airspace.change@southamptonairport.com Southampton Airport freephone information line: 0800 298 7040</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. <p>SIAL Stage 2 - Qualifying Email</p>	<p>Consultation stakeholders (qualified) Consultation stakeholders (unqualified)</p>	<p>SM-00203</p>	<p>13-05-22 10:53</p>	<p>Dear [REDACTED]</p> <p>Update on Southampton Airport's airspace change proposal</p> <p>I am emailing on behalf of Southampton International Airport about its Airspace Change Proposal (ACP). As you may be aware, Southampton Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace to remove reliance on old technology. This is part of a UK-wide airspace modernisation programme, which you can find out more about here.</p> <p>We had been in the process of seeking a broad range of stakeholders' views about this process, but had to postpone this work in 2020 due to the outbreak of COVID-19. We have recently restarted our activity.</p> <p>The airspace modernisation programme will enable us to better manage the airspace around the airport, without compromising on safety, whilst delivering a number of potential benefits such as increased resilience to disruption. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the UK Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p> <p>To support our activity, we are keen to ensure that our records are up to date and we have the most relevant representative from your organisation to participate in any future airspace change engagement.</p> <p>To allow us to send further information to the most appropriate person, we would be grateful if you could confirm that you remain the relevant contact and / or nominate an appropriate person by emailing airspace.change@southamptonairport.com.</p> <p>Ideally, the individual nominated would be willing to engage with us at subsequent stages of the process. Individuals' data will be stored on a secure database for future contact and retained for 12 years following the end of the project, unless otherwise requested to delete. All personal data is held by BECG, Southampton Airport's engagement consultant for this process. All personal data is held in accordance with the requirements of the Data Protection Legislation and data subjects' rights thereunder, as set out in BECCG's Data Protection Policy.</p>

				<p>You can find out more about the Airspace Modernisation Strategy by visiting www.caa.co.uk/News/New-Airspace-Modernisation-Strategy-launched-to-overhaul-UK-airspace/ and Southampton Airport's ACP at www.southamptonairport.com/about-us/airspace-change-programme/. You can also contact us via email at airspace.change@southamptonairport.com or via our freephone information line on 0800 298 7040.</p> <p>Kind regards,</p> <p>██████████ ██████████ Southampton International Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. <p>SOU Stage 2 - Stakeholder Briefing Session Invitation</p>	<p>Consultation stakeholders (qualified) Consultation stakeholders (unqualified) New consultation stakeholders</p>	<p>SM-00208</p>	<p>25-05-22 15:53</p>	<p>Dear ██████████</p> <p>Southampton Airport's Airspace Change Proposal</p> <p>I am contacting you about Southampton Airport's Airspace Change Proposal (ACP) – our part of a UK-wide airspace modernisation programme, which you can find out more about here. We would like to invite you to attend a briefing session about our ACP; you can register to attend here.</p> <p>Background Along with other airports across the UK, Southampton Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace to remove reliance on old technology. This is part of a UK-wide airspace modernisation programme.</p> <p>The airspace modernisation programme will enable us to better manage the airspace around the airport, without compromising on safety, whilst delivering a number of potential benefits such as increased resilience to disruption. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p> <p>In 2019, Southampton Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. Southampton Airport successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.</p> <p>Attend a briefing session about Southampton Airport's ACP As part of its Stage 2 engagement activity, Southampton Airport is hosting stakeholder briefing sessions, which you can register to attend here. Alternatively, you can email airspace.change@southamptonairport.com detailing the name of your organisation, the name of the nominated attendee, and which workshop they will attend.</p> <p>We ask that your organisation select one representative to attend one of the following briefing sessions:</p> <p style="text-align: right;">Date: Thursday 23rd June 2022 Time: 10.00am to 12.30pm At: Online Register</p> <p style="text-align: center;">- Or -</p> <p style="text-align: right;">Date: Monday 27th June 2022 Time: 1.00pm to 4.00pm</p>

				<p>At: The Oak Room, Holiday Inn Eastleigh, Leigh Road, Eastleigh, Hampshire, SO50 9PG (in-person) Register</p> <p>- Or - Date: Tuesday 28th June 2022 Time: 10.00am to 12.30pm At: Online Register</p> <p>The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.</p> <p>If you are unable to engage online, please email airspace.change@southamptonairport.com or call 0800 298 7040, as we can arrange an alternative session.</p> <p>Have we got the right contact for your organisation? We want to keep our stakeholder records up-to-date for this airspace change engagement. We are required to engage with community stakeholders who may be affected by any future changes to Southampton Airport's airspace; as such, please let us know if we need to update our contact for your organisation. If so, please nominate an alternative person by emailing airspace.change@southamptonairport.com. Ideally, the individual nominated would be willing to engage with us at subsequent stages of the process.</p> <p>Further Information We'd like to thank all those who have contributed to date to Southampton Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the Airport should progress its part of the UK-wide Airspace Modernisation Strategy.</p> <p>Should you have any questions, please view our FAQs page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Southampton Airport's ACP www.southamptonairport.com/about-us/airspace-change-programme/.</p> <p>Kind regards,</p> <p>[REDACTED] [REDACTED] Southampton International Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. SOU Stage 2 - Reminder for stakeholders to register for a session	Consultation stakeholders (qualified) New consultation stakeholders	SM-00212	06-06-22 12:19	<p>Dear [Redacted]</p> <p>Reminder: Southampton Airport's Airspace Change Proposal</p> <p>Further to our previous correspondence, we would like to remind you to register for one of the upcoming stakeholder briefing sessions on Southampton Airport's Airspace Change Proposal (ACP).</p> <p>The ACP is part of a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS). You can register to attend a session at southamptonairport.consultationonline.co.uk/register-for-workshop.</p>

Attend one of our briefing sessions

We ask that your organisation select **one representative** to attend **one** of the following briefing sessions:

Date: Thursday 23rd June 2022

Time: 10.00am to 12.30pm

At: Online

[Register](#)

- Or -

Date: Monday 27th June 2022

Time: 1.00pm to 4.00pm

At: The Oak Room, Holiday Inn Eastleigh, Leigh Road, Eastleigh, Hampshire, SO50 9PG (in-person)

[Register](#)

- Or -

Date: Tuesday 28th June 2022

Time: 10.00am to 12.30pm

At: Online

[Register](#)

The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.

You can sign up for one of the briefing sessions [here](#). Or you can email airspace.change@southamptonairport.com detailing the name of your organisation, the name of the nominated attendee and which workshop they will attend.

Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. If you are not able to attend any of the dates listed above, or if you are unable to engage online, please email airspace.change@southamptonairport.com or call **0800 298 7040** as we can arrange an alternative session.

Further Information

We'd like to thank all those who have contributed to date to Southampton Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the Airport should progress its part of the UK-wide Airspace Modernisation Strategy.

Should you have any questions, please view our [FAQs page](#), which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy [here](#) and Southampton Airport's ACP here: www.southamptonairport.com/about-us/airspace-change-programme/.

Kind regards,

██████████

Feedback Email for 23rd June workshop attendees	Registered attendees for 23/06 briefing session	SM-00217	27-06-22 08:56	<p>Dear [REDACTED]</p> <p>Southampton Airport welcomes your feedback on its Airspace Change Proposal</p>

			<p>I am writing to you because you either attended, or registered to attend, the Stage 2A Stakeholder Briefing Session that took place on 23rd June 2022. This provided you with an opportunity to engage with us regarding Southampton Airport's Airspace Change Proposal (ACP) – our part of a UK-wide Airspace Modernisation Programme, which you can find out more about here.</p> <p>If you were unable to attend the Session on 23rd June, or would like to hear the presentation again, a recording is now available on the website, along with copies of all the materials relevant to Stage 2A.</p> <p>The 23rd June Session was the first of three Stakeholder Briefing Sessions to outline our approach to options development. There will be two additional Stakeholder Briefing Sessions on 27th and 28th June, as described on our website.</p> <p>As part of this Stakeholder Briefing Session, Southampton Airport displayed a video entitled Future Airspace Strategy – Creating Airspace Fit for the 21st Century. A link to this video can be found here.</p> <p>Prior to this Stakeholder Briefing Session, we gave a separate presentation to the General Aviation community (e.g. drone pilots and gliding clubs) on the initial Illustrative Controlled Airspace. This presentation is of specific relevance to the General Aviation community, but we have also made this available for all stakeholders to view on our website. This is to allow for interested stakeholders, particularly General Aviation stakeholders, to comment on the initial Illustrative Controlled Airspace. You can view the presentation on the initial Illustrative Controlled Airspace and provide feedback using the feedback form on our website.</p> <p>Providing Feedback</p> <p>Along with other airports across the UK, Southampton Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace. Southampton Airport successfully passed Stage 1 of the ACP (Airspace Change Proposal) process and has commenced Stage 2, which involves developing a comprehensive list of potential airspace change design options.</p> <p>We appreciate your participation in this important process and would be grateful for your feedback on our approach to developing airspace change design options for Southampton Airport. You can give us your feedback online by clicking here. The deadline for feedback is Tuesday 26th July 2022.</p> <p>Alternatively, if you would like to respond to the questions on our feedback page via email, you can provide these to us via airspace.change@southamptonairport.com.</p> <p>We are asking you to give us your feedback on <i>our approach</i> to developing the options and if this approach aligns with the Design Principles. It is important to note that we are not asking you to comment on the individual options at this stage.</p> <p>If you would like a hard copy of the survey, you can request one by emailing airspace.change@southamptonairport.com or calling 0800 298 7040.</p> <p>Next Steps</p> <p>We will review all the responses to our survey and refine or create new options as appropriate. Our full comprehensive list of route options will then be taken forward to the Design Principle Evaluation, where we assess each option to understand whether it has met, partially met, or not met the Design Principles. We will inform you once the Design Principle Evaluation is complete and available to view.</p> <p>The outcome of the Design Principle Evaluation will likely be a shortlist of options. The wider public will then be informed of the proposals at Stage 3, which will include a full public consultation. A key element of this consultation is that it takes place when proposals are at a formative stage, so that feedback has the potential to affect the proposal. Southampton Airport is expecting the public consultation to take place in 2024.</p> <p>Further information</p>

Feedback Email for 28th June 2022 engagement briefing	Registered attendees for 28/09 briefing session	SM-D0220	28-06-22 13:09	<p>Dear [REDACTED]</p> <p>Southampton Airport welcomes your feedback on its Airspace Change Proposal</p> <p>I am writing to you because you either attended, or registered to attend, the Stage 2A Stakeholder Briefing Session that took place on 28th June 2022. This provided you with an opportunity to engage with us regarding Southampton Airport's Airspace Change Proposal (ACP) – our part of a UK-wide Airspace Modernisation Programme, which you can find out more about here.</p> <p>If you were unable to attend the Session, or would like to hear the presentation again, a recording of our 23rd June Session is available on the website, along with copies of all the materials relevant to Stage 2A.</p> <p>The 28th June Session was the third of three Stakeholder Briefing Sessions to outline our approach to options development.</p> <p>As part of this Stakeholder Briefing Session, Southampton Airport displayed a video entitled Future Airspace Strategy – Creating Airspace Fit for the 21st Century. A link to this video can be found here.</p> <p>Prior to this Stakeholder Briefing Session, we gave a separate presentation to the General Aviation community (e.g. drone pilots and gliding clubs) on the initial Illustrative Controlled Airspace. This presentation is of specific relevance to the General Aviation community, but we have also made this available for all stakeholders to view on our website.</p> <p>This is to allow for interested stakeholders, particularly General Aviation stakeholders, to comment on the initial Illustrative Controlled Airspace. You can view the presentation on the initial Illustrative Controlled Airspace and provide feedback using the feedback form on our website.</p> <p>Providing Feedback</p> <p>Along with other airports across the UK, Southampton Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace. Southampton Airport successfully passed Stage 1 of the ACP (Airspace Change Proposal) process and has commenced Stage 2, which involves developing a comprehensive list of potential airspace change design options.</p> <p>We appreciate your participation in this important process and would be grateful for your feedback on our approach to developing airspace change design options for Southampton Airport. You can give us your feedback online by clicking here. The deadline for feedback is Tuesday 26th July 2022.</p> <p>Alternatively, if you would like to respond to the questions on our feedback page via email, you can provide these to us via airspace.change@southamptonairport.com.</p> <p>We are asking you to give us your feedback on our approach to developing the options and if this approach aligns with the Design Principles. It is important to note that we are not asking you to comment on the individual options at this stage.</p> <p>If you would like a hard copy of the survey, you can request one by emailing airspace.change@southamptonairport.com or calling 0800 298 7040.</p> <p>Next Steps</p> <p>We will review all the responses to our survey and refine or create new options as appropriate. Our full comprehensive list of route options will then be taken forward to the Design Principle Evaluation, where we</p>

				<p>assess each option to understand whether it has met, partially met, or not met the Design Principles. We will inform you once the Design Principle Evaluation is complete and available to view.</p> <p>The outcome of the Design Principle Evaluation will likely be a shortlist of options. The wider public will then be informed of the proposals at Stage 3, which will include a full public consultation. A key element of this consultation is that it takes place when proposals are at a formative stage, so that feedback has the potential to affect the proposal. Southampton Airport is expecting the public consultation to take place in 2024.</p> <p>Further information</p> <p>We'd like to thank all those who have contributed to date to Southampton Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.</p> <p>Should you have any questions, please view our FAQs page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Southampton Airport's ACP here.</p> <p>If you would like information not covered in this email, please contact us on 0800 298 7040 or via email at airspace.change@southamptonairport.com.</p> <p>Yours sincerely,</p> <p>██████████ ██████████ Southampton International Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. Post Workshops Feedback Email	Consultation stakeholders (qualified) New consultation stakeholders	SM-00222	29-06-22 10:01	<p>Dear ██████████</p> <p>Provide your feedback on Southampton Airport's Airspace Change Proposal by 26th July</p> <p>As you will be aware, Southampton Airport recently held Stakeholder Briefing Sessions on 23rd June, 27th June, and 28th June 2022 regarding Stage 2A of our Airspace Change Proposal (ACP). These events provided stakeholders with an opportunity to engage with us regarding our ACP – our part of a UK-wide Airspace Modernisation Programme, which you can find out more about here.</p> <p>If you registered to attend one of these three Sessions, you will have already received a email with the following information. If you were unable to attend one of these Sessions, a recording is available on our website, along with copies of all the materials and presentations relevant to Stage 2A.</p> <p>At each Stakeholder Briefing Session, Southampton Airport displayed a video entitled Future Airspace Strategy – Creating Airspace Fit for the 21st Century. A link to this video can be found here.</p> <p>Prior to these three Stakeholder Briefing Sessions, we gave a separate presentation to the General Aviation community (e.g. drone pilots and gliding clubs) on the initial Illustrative Controlled Airspace. This presentation is of specific relevance to the General Aviation community, but we have also made this available for all stakeholders to view on our website.</p>

This is to allow for interested stakeholders, particularly General Aviation stakeholders, to comment on the initial Illustrative Controlled Airspace. You can view the presentation on the initial Illustrative Controlled Airspace and provide feedback using the feedback form on our [website](#).

Providing Feedback

Along with other airports across the UK, Southampton Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace. Southampton Airport successfully passed Stage 1 of the ACP (Airspace Change Proposal) process and has commenced Stage 2, which involves developing a comprehensive list of potential airspace change design options.

We appreciate your participation in this important process and would be grateful for your feedback on our approach to developing airspace change design options for Southampton Airport. You can give us your feedback online by clicking [here](#). The deadline for feedback is **Tuesday 26th July 2022**.

Alternatively, if you would like to respond to the questions on our feedback page via email, you can provide these to us via airspace.change@southamptonairport.com.

We are asking you to give us your feedback on *our approach* to developing the options and if this approach aligns with the Design Principles. It is important to note that we are not asking you to comment on the individual options at this stage.

If you would like a hard copy of the survey, you can request one by emailing airspace.change@southamptonairport.com or calling **0800 298 7040**.

Next Steps

We will review all the responses to our survey and refine or create new options as appropriate. Our full comprehensive list of route options will then be taken forward to the Design Principle Evaluation, where we assess each option to understand whether it has met, partially met, or not met the Design Principles. We will inform you once the Design Principle Evaluation is complete and available to view.

The outcome of the Design Principle Evaluation will likely be a shortlist of options. The wider public will then be informed of the proposals at Stage 3, which will include a full public consultation. A key element of this consultation is that it takes place when proposals are at a formative stage, so that feedback has the potential to affect the proposal. Southampton Airport is expecting the public consultation to take place in 2024.

Further information

We'd like to thank all those who have contributed to date to Southampton Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.

Should you have any questions, please view our [FAQs](#) page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy [here](#) and Southampton Airport's ACP [here](#).

If you would like information not covered in this email, please contact us on **0800 298 7040** or via email at airspace.change@southamptonairport.com.

Yours sincerely,

██████████

██████████ **Southampton International Airport**

Reminder Email to all stakeholders	Consultation stakeholders (qualified) New consultation stakeholders	SM-00224	12-07-22 10:45	<p>Dear [REDACTED]</p> <p>Southampton Airport welcomes your feedback on its Airspace Change Proposal</p> <p>This is a reminder to give Southampton Airport your feedback on its approach to developing route options. The deadline for feedback is Tuesday 26th July 2022. We recently held three Stakeholder Briefing sessions to outline our approach to options development. If you were unable to attend a session or would like to hear the presentation again, a recording is now available on the website at https://southamptonairport.consultationonline.co.uk/.</p> <p>Providing Feedback</p> <p>We appreciate your participation in this important process and would be grateful for your feedback on our approach to developing airspace change design options for Southampton Airport. You can give us your feedback online at https://southamptonairport.consultationonline.co.uk/. The deadline for feedback is Tuesday 26th July 2022.</p> <p>Background</p> <p>As you may be aware, along with other airports across the UK, Southampton Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace. In 2019, Southampton Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. The final Design Principles can be viewed here.</p> <p>We are asking you to give us your feedback on <i>our approach</i> to developing the options and if this approach aligns with the Design Principles. It is important to note that we are not asking you to comment on the individual options at this stage. If you would like a hard copy of the survey, you can request one by emailing airspace.change@southamptonairport.com or calling 0800 298 7040.</p> <p>Next Steps</p> <p>We will review all the responses to our survey and refine or create new options as appropriate. Our full comprehensive list of route options will then be taken forward to the Design Principle Evaluation, where we assess each option to understand whether it has met, partially met, or not met the Design Principles. We will inform you once the Design Principle Evaluation is complete and available to view.</p> <p>The outcome of the Design Principle Evaluation will likely be a shortlist of options. The wider public will then be informed of the proposals at Stage 3, which will include a full public consultation. A key element of this consultation is that it takes place when proposals are at a formative stage, so that feedback has the potential to affect the proposal. Southampton Airport is expecting the public consultation to take place in 2024.</p> <p>Further information</p> <p>We'd like to thank all those who have contributed to date to Southampton Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.</p>

					<p>From: Southampton Airport Airspace Change <airspace.change=southamptonairport.com@cmail19.com> On Behalf Of Southampton Airport Airspace Change Sent: 25 February 2020 18:01 To: [REDACTED] Subject: Southampton Airport invites you to participate in a workshop for its next round of engagement for its Airspace Change Proposal</p> <p>[Image removed by sender.]</p> <p>25th February 2020</p> <p>Dear [REDACTED]</p> <p>Southampton Airport invites you to participate in a workshop for its next round of engagement for its Airspace Change Proposal</p> <p>Recap of our Airspace Change Proposal to date – Stage 1</p> <p>Thank you to those stakeholders who contributed last year towards Southampton’s Airport’s Airspace Change Proposal. As you may recall Southampton Airport, along with multiple other airports in the South of England, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to re-design the departure and arrival routes currently used by the airport.</p> <p>You can find out more about the Airspace Modernisation Strategy by visiting southamptonairport.com/about-us/airspace-change-programme and airspacechange.caa.co.uk</p> <p>Southampton Airport’s Airspace Change Proposal (ACP) must follow the regulatory process for changing airspace including community engagement requirements. These requirements are set out by the CAA in its CAP1616 document.</p> <p>During our initial round of engagement as part of the CAP1616 process (Step 1B: Design Principles), we received valuable and insightful feedback from a range of representative stakeholders which enabled us to develop a set of Design Principles that any future airspace design must adhere to.</p> <p>What happens next:</p> <p>Stage 2: Develop and Assess</p> <p>Following a review of our Step 1B engagement activities and outputs, the CAA confirmed we had passed the first stage of the CAP1616 process referred to as the ‘Define Gateway’. We can now proceed towards ‘Stage 2: Develop and Assess’, in which we will work with stakeholders to develop a comprehensive list of airspace design options. This stage is broken down into two steps, 2A and 2B.</p> <p>Step 2A: Options development</p> <p>In this step, we will develop a comprehensive list of potential airspace change design options that address Southampton Airport’s Statement of Need (SoN) and align with the Design Principles developed with stakeholders from Stage 1. Southampton Airport’s SoN can be found by clicking ‘Step 1A’ and selecting from the documents at the bottom of this page.</p> <p>Your organisation is invited to attend the Step 2A Options Development Workshop</p> <p>As part of keeping our commitment to you and to align with CAP1616, we will be looking to explore and test our process for developing the options, as well as answering any questions relating to our approach with stakeholders at our upcoming Options Development Workshops. We ask that your organisation select one representative to attend one of the following workshops:</p> <p>Date: Monday 23rd March 2020</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>Time: 12.30pm to 4.30pm (arrival time 12.15pm for a prompt start – Lunch will be provided)</p> <p>At: Holiday Inn, Leigh Road, Eastleigh, SO50 9PG</p> <p>- Or -</p> <p>Date: Friday 27th March 2020</p> <p>Time: 1.00pm to 5.00pm (arrival time 12.45pm for a prompt start – Lunch will be provided)</p> <p>At: The Ageas Bowl, Botley Road, West End, Southampton SO30 3XH</p> <p>- Or -</p> <p>Date: Monday 30th March 2020</p> <p>Time: 9.00am to 1.00pm (arrival time 8.45am for a prompt start – Breakfast will be provided)</p> <p>At: Holiday Inn, Leigh Road, Eastleigh, SO50 9PG</p> <p>Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. To allow us to send further details to the most appropriate person, we would be grateful if you could reply with the name of your organisation and one nominated attendee by Tuesday 17th March to airspace.change@southamptonairport.com</p> <p>Following the workshop, we will produce a Design Principle Evaluation Report that sets out how any design options have responded to the original design principles.</p> <p>Why these workshops are important</p> <p>As the Options Development requires numerous different design scenarios to be discussed, which would certainly work best in a workshop style setting, we strongly recommend someone from your organisation attends this workshop, please do let us know if you are not able to attend any of the dates listed above.</p> <p>Step 2B: Options Appraisal</p> <p>In Step 2B, we will carry out an initial appraisal of the impacts of the different options, which we will later refine. During this step we will engage further with stakeholders to ensure we have correctly identified all potential design options, taking account of feedback received from different stakeholders.</p> <p>Further information</p> <p>Should you have any questions, please contact us on 0800 298 7040 or via email at airspace.change@southamptonairport.com. You can find out more about our Airspace Change Programme by visiting southamptonairport.com/about-us/airspace-change-programme/</p>

					<p>██████████ For and on behalf of Southampton Airport</p> <p>25th February 2020</p> <p>Dear ██████████</p> <p>Southampton Airport invites you to participate in a workshop for its next round of engagement for its Airspace Change Proposal</p> <p>Recap of our Airspace Change Proposal to date – Stage 1</p> <p>Thank you to those stakeholders who contributed last year towards Southampton’s Airport’s Airspace Change Proposal. As you may recall Southampton Airport, along with multiple other airports in the South of England, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to re-design the departure and arrival routes currently used by the airport.</p> <p>You can find out more about the Airspace Modernisation Strategy by visiting southamptonairport.com/about-us/airspace-change-programme and airspacechange.caa.co.uk</p> <p>Southampton Airport’s Airspace Change Proposal (ACP) must follow the regulatory process for changing airspace including community engagement requirements. These requirements are set out by the CAA in its CAP1616 document.</p> <p>During our initial round of engagement as part of the CAP1616 process (Step 1B: Design Principles), we received valuable and insightful feedback from a range of representative stakeholders which enabled us to develop a set of Design Principles that any future airspace design must adhere to.</p> <p>What happens next:</p> <p>Stage 2: Develop and Assess</p> <p>Following a review of our Step 1B engagement activities and outputs, the CAA confirmed we had passed the first stage of the CAP1616 process referred to as the ‘Define Gateway’. We can now proceed towards ‘Stage 2: Develop and Assess’, in which we will work with stakeholders to develop a comprehensive list of airspace design options. This stage is broken down into two steps, 2A and 2B.</p> <p>Step 2A: Options development.</p> <p>In this step, we will develop a comprehensive list of potential airspace change design options that address Southampton Airport’s Statement of Need (SoN) and align with the Design Principles developed with stakeholders from Stage 1. Southampton Airport’s SoN can be found by clicking ‘Step 1A’ and selecting from the documents at the bottom of this page.</p> <p>Your organisation is invited to attend the Step 2A Options Development Workshop</p> <p>As part of keeping our commitment to you and to align with CAP1616, we will be looking to explore and test our process for developing the options, as well as answering any questions relating to our approach with stakeholders at our upcoming Options Development Workshops. We ask that your organisation select one representative to attend one of the following workshops:</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>Date: Monday 23rd March 2020</p> <p>Time: 12.30pm to 4.30pm (arrival time 12.15pm for a prompt start – Lunch will be provided)</p> <p>At: Holiday Inn, Leigh Road, Eastleigh, SO50 9PG</p> <p>- Or -</p> <p>Date: Friday 27th March 2020</p> <p>Time: 1.00pm to 5.00pm (arrival time 12.45pm for a prompt start – Lunch will be provided)</p> <p>At: The Ageas Bowl, Botley Road, West End, Southampton SO30 3XH</p> <p>- Or -</p> <p>Date: Monday 30th March 2020</p> <p>Time: 9.00am to 1.00pm (arrival time 8.45am for a prompt start – Breakfast will be provided)</p> <p>At: Holiday Inn, Leigh Road, Eastleigh, SO50 9PG</p> <p>Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. To allow us to send further details to the most appropriate person, we would be grateful if you could reply with the name of your organisation and one nominated attendee by Tuesday 17th March to airspace.change@southamptonairport.com</p> <p>Following the workshop, we will produce a Design Principle Evaluation Report that sets out how any design options have responded to the original design principles.</p> <p>Why these workshops are important</p> <p>As the Options Development requires numerous different design scenarios to be discussed, which would certainly work best in a workshop style setting, we strongly recommend someone from your organisation attends this workshop, please do let us know if you are not able to attend any of the dates listed above.</p> <p>Step 2B: Options Appraisal</p> <p>In Step 2B, we will carry out an initial appraisal of the impacts of the different options, which we will later refine. During this step we will engage further with stakeholders to ensure we have correctly identified all potential design options, taking account of feedback received from different stakeholders.</p> <p>Further information</p>

Southampton Airport invites you to participate in a workshop for its next round of engagement for its Airspace Change Proposal	[redacted] Test Valley Borough Council [redacted] [redacted]	Email	02-03-20 10:56	C-00243	<p>Dear [redacted]</p> <p>Thank you for your time on the phone just now. As discussed, Southampton Airport's Airspace Change Proposal (ACP) is separate to its runway extension consultation. This ACP is a national initiative that numerous airports are undertaking, following instruction from the Civil Aviation Authority (CAA). More information can be found in the below email.</p> <p>I've provisionally booked you in for the Friday 27th March workshop, but will of course amend if this needs changing. If you have any questions, then please contact me via return email.</p> <p>Kind Regards,</p> <p>[redacted] For and on behalf of Southampton Airport</p> <p>[cid:image002.png@01D5ED60.56FF8F90]</p> <p>25th February 2020</p> <p>[redacted]</p> <p>Southampton Airport invites you to participate in a workshop for its next round of engagement for its Airspace Change Proposal</p> <p>Recap of our Airspace Change Proposal to date - Stage 1</p> <p>As you may be aware, Southampton Airport, along with multiple other airports in the South of England, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to re-design the departure and arrival routes currently used by the airport.</p> <p>You can find out more about the Airspace Modernisation Strategy by visiting southamptonairport.com/about-us/airspace-change-programme and airspacechange.caa.co.uk</p> <p>Southampton Airport's Airspace Change Proposal (ACP) must follow the regulatory process for changing airspace including community engagement requirements. These requirements are set out by the CAA in its CAP1616 document.</p> <p>During our initial round of engagement as part of the CAP1616 process (Step 1B: Design Principles), we received valuable and insightful feedback from a range of representative stakeholders which enabled us to develop a set of Design Principles that any future airspace design must adhere to.</p> <p>What happens next:</p> <p>Stage 2: Develop and Assess</p> <p>Following a review of our Step 1B engagement activities and outputs, the CAA confirmed we had passed the first stage of the CAP1616 process referred to as the 'Define Gateway'. We can now proceed towards 'Stage 2: Develop and Assess', in which we will work with stakeholders to develop a comprehensive list of airspace design options. This stage is broken down into two steps, 2A and 2B.</p> <p>Step 2A: Options development</p> <p>In this step, we will develop a comprehensive list of potential airspace change design options that address Southampton Airport's Statement of Need (SoN) and align with the Design Principles developed with stakeholders from Stage 1. Southampton Airport's SoN can be found by clicking</p>

FW: Southampton Airport invites you to participate in a workshop for its next round of engagement for its Airspace Change Proposal	[REDACTED] 2Excel Engineering [REDACTED]	Email	05-03-20 18:07	C-00256	<p>Dear [REDACTED]</p> <p>Thank you for your time on the phone earlier, I can confirm your attendance to our workshop on 23rd March at the Holiday Inn (details below). As also discussed, please see below email that went out to new stakeholders who are to be involved in Southampton Airport's airspace change proposal engagement.</p> <p>If you have any questions or require any more information, feel free to get in touch with us by return email.</p> <p>Kind Regards,</p> <p>[REDACTED] [REDACTED] Southampton Airport</p> <p>Subject: Southampton Airport invites you to participate in a workshop for its next round of engagement for its Airspace Change Proposal [http://i1.cmail20.com/ei/v/AD/614/866/213325/csfinal/soulogo.png]</p> <p>25th February 2020</p> <p>Dear [REDACTED]</p> <p>Southampton Airport invites you to participate in a workshop for its next round of engagement for its Airspace Change Proposal</p> <p>Recap of our Airspace Change Proposal to date – Stage 1</p> <p>As you may be aware, Southampton Airport, along with multiple other airports in the South of England, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to re-design the departure and arrival routes currently used by the airport.</p> <p>You can find out more about the Airspace Modernisation Strategy by visiting southamptonairport.com/about-us/airspace-change-programme and airspacechange.caa.co.uk</p> <p>Southampton Airport's Airspace Change Proposal (ACP) must follow the regulatory process for changing airspace including community engagement requirements. These requirements are set out by the CAA in its CAP1616 document.</p> <p>During our initial round of engagement as part of the CAP1616 process (Step 1B: Design Principles), we received valuable and insightful feedback from a range of representative stakeholders which enabled us to develop a set of Design Principles that any future airspace design must adhere to.</p> <p>What happens next:</p> <p>Stage 2: Develop and Assess</p> <p>Following a review of our Step 1B engagement activities and outputs, the CAA confirmed we had passed the first stage of the CAP1616 process referred to as the 'Define Gateway'. We can now proceed towards 'Stage 2: Develop and Assess', in which we will work with stakeholders to develop a comprehensive list of airspace design options. This stage is broken down into two steps, 2A and 2B.</p> <p>Step 2A: Options development</p> <p>In this step, we will develop a comprehensive list of potential airspace change design options that address Southampton Airport's Statement of</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>If you haven't already, please can you respond to the invite sent to your organisation on 25th February 2020? A copy of this correspondence is shown in the note below.</p> <p>Should you have any questions, feel free to reply by return email or by calling 0800 298 7040.</p> <p>Kind Regards,</p> <p>[REDACTED]</p> <p>For and on behalf of Southampton Airport</p> <p> </p> <p>25th February 2020</p> <p>Dear [REDACTED]</p> <p>[REDACTED]</p> <p>[REDACTED]</p> <p>[REDACTED]nk you to those stakeholders who contributed last year towards Southampton's Airport's Airspace Change Proposal. As you may recall Southampton Airport, along with multiple other airports in the South of England, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to re-design the departure and arrival routes currently used by the airport.</p> <p>You can find out more about the Airspace Modernisation Strategy by visiting southamptonairport.com/about-us/airspace-change-programme and airspacechange.caa.co.uk</p> <p>Southampton Airport's Airspace Change Proposal (ACP) must follow the regulatory process for changing airspace including community engagement requirements. These requirements are set out by the CAA in its CAP1616 document.</p> <p>During our initial round of engagement as part of the CAP1616 process (Step 1B: Design Principles), we received valuable and insightful feedback from a range of representative stakeholders which enabled us to develop a set of Design Principles that any future airspace design must adhere to.</p> <p>What happens next:</p> <p>Stage 2: Develop and Assess</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>Following a review of our Step 1B engagement activities and outputs, the CAA confirmed we had passed the first stage of the CAP1616 process referred to as the 'Define Gateway'. We can now proceed towards 'Stage 2: Develop and Assess', in which we will work with stakeholders to develop a comprehensive list of airspace design options. This stage is broken down into two steps, 2A and 2B.</p> <p>Step 2A- Options development</p> <p>In this step, we will develop a comprehensive list of potential airspace change design options that address Southampton Airport's Statement of Need (SoN) and align with the Design Principles developed with stakeholders from Stage 1. Southampton Airport's SoN can be found by clicking 'Step 1A' and selecting from the documents at the bottom of this page.</p> <p>Your organisation is invited to attend the Step 2A Options Development Workshop</p> <p>As part of keeping our commitment to you and to align with CAP1616, we will be looking to explore and test our process for developing the options, as well as answering any questions relating to our approach with stakeholders at our upcoming Options Development Workshops. We ask that your organisation select one representative to attend one of the following workshops:</p> <p>Date: Monday 23rd March 2020</p> <p>Time: 12.30pm to 4.30pm (arrival time 12.15pm for a prompt start – Lunch will be provided)</p> <p>At: Holiday Inn, Leigh Road, Eastleigh, SO50 9PG</p> <p>- Or -</p> <p>Date: Friday 27th March 2020</p> <p>Time: 1.00pm to 5.00pm (arrival time 12.45pm for a prompt start – Lunch will be provided)</p> <p>At: The Ageas Bowl, Botley Road, West End, Southampton SO30 3XH</p> <p>- Or -</p> <p>Date: Monday 30th March 2020</p> <p>Time: 9.00am to 1.00pm (arrival time 8.45am for a prompt start – Breakfast will be provided)</p> <p>At: Holiday Inn, Leigh Road, Eastleigh, SO50 9PG</p> <p>Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. To allow us to send further details to the most appropriate person, we would be grateful if you could reply with the name of your organisation and one nominated attendee by Tuesday 17th March to airspace.change@southamptonairport.com</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>Following the workshop, we will produce a Design Principle Evaluation Report that sets out how any design options have responded to the original design principles.</p> <p>Why these workshops are important:</p> <p>As the Options Development requires numerous different design scenarios to be discussed, which would certainly work best in a workshop style setting, we strongly recommend someone from your organisation attends this workshop, please do let us know if you are not able to attend any of the dates listed above.</p> <p>Step 2B: Options Appraisal</p> <p>In Step 2B, we will carry out an initial appraisal of the impacts of the different options, which we will later refine. During this step we will engage further with stakeholders to ensure we have correctly identified all potential design options, taking account of feedback received from different stakeholders.</p> <p>Further information</p> <p>Should you have any questions, please contact us on 0800 298 7040 or via email at airspace.change@southamptonairport.com. Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>25th February 2020</p> <p>Dear [REDACTED]</p> <p>Southampton Airport invites you to participate in a workshop for its next round of engagement for its Airspace Change Proposal</p> <p>Recap of our Airspace Change Proposal to date – Stage 1</p> <p>Thank you to those stakeholders who contributed last year towards Southampton’s Airport’s Airspace Change Proposal. As you may recall Southampton Airport, along with multiple other airports in the South of England, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to re-design the departure and arrival routes currently used by the airport.</p> <p>You can find out more about the Airspace Modernisation Strategy by visiting southamptonairport.com/about-us/airspace-change-programme and airspacechange.caa.co.uk.</p> <p>Southampton Airport’s Airspace Change Proposal (ACP) must follow the regulatory process for changing airspace including community engagement requirements. These requirements are set out by the CAA in its CAP1616 document.</p> <p>During our initial round of engagement as part of the CAP1616 process (Step 1B: Design Principles), we received valuable and insightful feedback from a range of representative stakeholders which enabled us to develop a set of Design Principles that any future airspace design must adhere to.</p> <p>What happens next:</p> <p>Stage 2: Develop and Assess</p> <p>Following a review of our Step 1B engagement activities and outputs, the CAA confirmed we had passed the first stage of the CAP1616 process referred to as the ‘Define Gateway’. We can now proceed towards ‘Stage 2: Develop and Assess’, in which we will work with stakeholders to develop a comprehensive list of airspace design options. This stage is broken down into two steps, 2A and 2B.</p> <p>Step 2A: Options development</p> <p>In this step, we will develop a comprehensive list of potential airspace change design options that address Southampton Airport’s Statement of Need (SoN) and align with the Design Principles developed with stakeholders from Stage 1. Southampton Airport’s SoN can be found by clicking ‘Step 1A’ and selecting from the documents at the bottom of this page.</p> <p>Your organisation is invited to attend the Step 2A Options Development Workshop</p> <p>As part of keeping our commitment to you and to align with CAP1616, we will be looking to explore and test our process for developing the options, as well as answering any questions relating to our approach with stakeholders at our upcoming Options Development Workshops. We ask that your organisation select one representative to attend one of the following workshops:</p> <p>Date: Monday 23rd March 2020</p> <p>Time: 12.30pm to 4.30pm (arrival time 12.15pm for a prompt start – Lunch will be provided)</p> <p>At: Holiday Inn, Leigh Road, Eastleigh, SO50 9PG</p> <p>- Or -</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>Date: Friday 27th March 2020</p> <p>Time: 1.00pm to 5.00pm (arrival time 12.45pm for a prompt start – Lunch will be provided)</p> <p>At: The Ageas Bowl, Botley Road, West End, Southampton SO30 3XH</p> <p>- Or -</p> <p>Date: Monday 30th March 2020</p> <p>Time: 9.00am to 1.00pm (arrival time 8.45am for a prompt start – Breakfast will be provided)</p> <p>At: Holiday Inn, Leigh Road, Eastleigh, SO50 9PG</p> <p>Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. To allow us to send further details to the most appropriate person, we would be grateful if you could reply with the name of your organisation and one nominated attendee by Tuesday 17th March to airspace.change@southamptonairport.com</p> <p>Following the workshop, we will produce a Design Principle Evaluation Report that sets out how any design options have responded to the original design principles.</p> <p>Why these workshops are important</p> <p>As the Options Development requires numerous different design scenarios to be discussed, which would certainly work best in a workshop style setting, we strongly recommend someone from your organisation attends this workshop, please do let us know if you are not able to attend any of the dates listed above.</p> <p>Step 2B: Options Appraisal</p> <p>In Step 2B, we will carry out an initial appraisal of the impacts of the different options, which we will later refine. During this step we will engage further with stakeholders to ensure we have correctly identified all potential design options, taking account of feedback received from different stakeholders.</p> <p>Further information</p> <p>Should you have any questions, please contact us on 0800 298 7040 or via email at airspace.change@southamptonairport.com. You can find out more about our Airspace Change Programme by visiting southamptonairport.com/about-us/airspace-change-programme/</p> <p>Yours sincerely,</p> <p>██████████</p> <p>██████████ Southampton Airport</p>

RE: Southampton ACP	██████████ Sky Surfing Club	Email	13-03-20 08:42	C-00295	<p>Dear ██████████</p> <p>Thank you for your email and contacting regarding our Airspace Change Process. When you signed up originally, you would have initially received the following message:</p> <p>"Thank you for registering your interest in Southampton Airport's Airspace Change Programme which is now underway.</p> <p>In 2021, a consultation stage will open for the wider public to express their views on Southampton Airport's airspace change. We will contact you directly when we reach that stage.</p> <p>You can find out about our progress and the Airspace Modernisation Strategy by visiting this page on our site here or on the Civil Aviation Authority website here.</p> <p>Kind Regards</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>Southampton Airport Team"</p> <p>Currently, Southampton Airport (SOU) is following the Civil Aviation Authority's (CAA) Guidance on the regulatory process for changing the notified airspace design and planned and permanent redistribution of air traffic, commonly referred to as CAP1616. During this stage of the CAP1616 engagement process, we are only engaging with stakeholders or organisations who are able to represent a wider network of stakeholders views, such as:</p> <ul style="list-style-type: none"> * community leaders; * local authorities; * elected representatives; * airport consultative committees; * representative groups; * governmental organisations; * industry groups. <p>Ahead of our consultation beginning in 2021, we will be directly contacting all persons who have signed up for updates, to which we will be seeking your views on how Southampton Airport redesigns its arrival and departure routes. If however, you represent an organisation/group and wish to be considered for engagement at this stage, please let us know and we will consider your case.</p> <p>Kind Regards,</p> <p>██████████ For and on behalf of Southampton Airport</p> <p>-----Original Message----- From: ██████████ Sent: 03 March 2020 13:11 To: #SOU Airspacechange <airspace.change@southamptonairport.com> Subject: Southampton ACP</p> <p>CAUTION: external email. Unless you recognise the sender and know the content is safe, do not click links or open attachments.</p> <p>I understand from colleagues that Step 2A of the Southampton ACP is about to proceed and that notifications have been sent out to all those who expressed an interest on your website.</p>

					<p>Dear ████████</p> <p>Reminder: Southampton Airport invites you to participate in a workshop for its next round of engagement for its Airspace Change Proposal</p> <p>If you haven't already, please can you respond to the invite sent to your organisation on 25th February 2020? A copy of this correspondence is shown in the note below.</p> <p>Should you have any questions, feel free to reply by return email or by calling 0800 298 7040.</p> <p>Kind Regards,</p> <p>██████</p> <p>For and on behalf of Southampton Airport</p> <p>25th February 2020</p> <p>Dear ████████</p> <p>Southampton Airport invites you to participate in a workshop for its next round of engagement for its Airspace Change Proposal</p> <p>Recap of our Airspace Change Proposal to date – Stage 1</p> <p>Thank you to those stakeholders who contributed last year towards Southampton's Airport's Airspace Change Proposal. As you may recall Southampton Airport, along with multiple other airports in the South of England, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to re-design the departure and arrival routes currently used by the airport.</p> <p>You can find out more about the Airspace Modernisation Strategy by visiting southamptonairport.com/about-us/airspace-change-programme and airspacechange.caa.co.uk</p> <p>Southampton Airport's Airspace Change Proposal (ACP) must follow the regulatory process for changing airspace including community engagement requirements. These requirements are set out by the CAA in its CAP1616 document.</p> <p>During our initial round of engagement as part of the CAP1616 process (Step 1B: Design Principles), we received valuable and insightful feedback from a range of representative stakeholders which enabled us to develop a set of Design Principles that any future airspace design must adhere to.</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>What happens next:</p> <p>Stage 2: Develop and Assess</p> <p>Following a review of our Step 1B engagement activities and outputs, the CAA confirmed we had passed the first stage of the CAP1616 process referred to as the 'Define Gateway'. We can now proceed towards 'Stage 2: Develop and Assess', in which we will work with stakeholders to develop a comprehensive list of airspace design options. This stage is broken down into two steps, 2A and 2B.</p> <p>Step 2A: Options development</p> <p>In this step, we will develop a comprehensive list of potential airspace change design options that address Southampton Airport's Statement of Need (SoN) and align with the Design Principles developed with stakeholders from Stage 1. Southampton Airport's SoN can be found by clicking 'Step 1A' and selecting from the documents at the bottom of this page.</p> <p>Your organisation is invited to attend the Step 2A Options Development Workshop</p> <p>As part of keeping our commitment to you and to align with CAP1616, we will be looking to explore and test our process for developing the options, as well as answering any questions relating to our approach with stakeholders at our upcoming Options Development Workshops. We ask that your organisation select one representative to attend one of the following workshops:</p> <p>Date: Monday 23rd March 2020</p> <p>Time: 12.30pm to 4.30pm (arrival time 12.15pm for a prompt start – Lunch will be provided)</p> <p>At: Holiday Inn, Leigh Road, Eastleigh, SO50 9PG</p> <p>- Or -</p> <p>Date: Friday 27th March 2020</p> <p>Time: 1.00pm to 5.00pm (arrival time 12.45pm for a prompt start – Lunch will be provided)</p> <p>At: The Ageas Bowl, Botley Road, West End, Southampton SO30 3XH</p> <p>- Or -</p> <p>Date: Monday 30th March 2020</p> <p>Time: 9.00am to 1.00pm (arrival time 8.45am for a prompt start – Breakfast will be provided)</p> <p>At: Holiday Inn, Leigh Road, Eastleigh, SO50 9PG</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. To allow us to send further details to the most appropriate person, we would be grateful if you could reply with the name of your organisation and one nominated attendee by Tuesday 17th March to airspace.change@southamptonairport.com</p> <p>Following the workshop, we will produce a Design Principle Evaluation Report that sets out how any design options have responded to the original design principles.</p> <p>Why these workshops are important</p> <p>As the Options Development requires numerous different design scenarios to be discussed, which would certainly work best in a workshop style setting, we strongly recommend someone from your organisation attends this workshop, please do let us know if you are not able to attend any of the dates listed above.</p> <p>Step 2B: Options Appraisal</p> <p>In Step 2B, we will carry out an initial appraisal of the impacts of the different options, which we will later refine. During this step we will engage further with stakeholders to ensure we have correctly identified all potential design options, taking account of feedback received from different stakeholders.</p> <p>Further information</p> <p>Should you have any questions, please contact us on 0800 298 7040 or via email at airspace.change@southamptonairport.com. You can find out more about our Airspace Change Programme by visiting southamptonairport.com/about-us/airspace-change-programme/</p> <p>Yours sincerely,</p> <p>██████████</p> <p>██████████ Southampton Airport</p> <p>Unsubscribe</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>Good afternoon,</p> <p>Please put me down as attending the event on the 23rd March as the [REDACTED] Southampton and Farnborough Airports.</p> <p>The only caveat is that if COVID-19 gets worse I may be unable to make any of the dates due to Operational commitments</p> <p>Kind Regards [REDACTED] PC 3840 JOU Operations (South) Hampshire Constabulary [REDACTED] [REDACTED]</p> <p>Website: www.hampshire.police.uk [cid:image001.png@01D28218.1075FE80]</p> <p>From: Southampton Airport Airspace Change [mailto:airspace.change=southamptonairport.com@cmail19.com] On Behalf Of Southampton Airport Airspace Change Sent: 25 February 2020 18:01 To: [REDACTED] Subject: Southampton Airport invites you to participate in a workshop for its next round of engagement for its Airspace Change Proposal</p> <p>[Image removed by sender.]</p> <p>25th February 2020 [REDACTED]</p> <p>Southampton Airport invites you to participate in a workshop for its next round of engagement for its Airspace Change Proposal</p> <p>Recap of our Airspace Change Proposal to date – Stage 1</p> <p>Thank you to those stakeholders who contributed last year towards Southampton’s Airport’s Airspace Change Proposal. As you may recall Southampton Airport, along with multiple other airports in the South of England, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to re-design the departure and arrival routes currently used by the airport.</p> <p>You can find out more about the Airspace Modernisation Strategy by visiting southamptonairport.com/about-us/airspace-change-programme and airspacechange.caa.co.uk</p> <p>Southampton Airport’s Airspace Change Proposal (ACP) must follow the regulatory process for changing airspace including community engagement requirements. These requirements are set out by the CAA in its CAP1616 document.</p> <p>During our initial round of engagement as part of the CAP1616 process (Step 1B: Design Principles), we received valuable and insightful feedback from a range of representative stakeholders which enabled us to develop a set of Design Principles that any future airspace design must adhere to.</p> <p>What happens next:</p> <p>Stage 2: Develop and Assess</p> <p>Following a review of our Step 1B engagement activities and outputs, the CAA confirmed we had passed the first stage of the CAP1616 process</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>referred to as the 'Define Gateway'. We can now proceed towards 'Stage 2: Develop and Assess', in which we will work with stakeholders to develop a comprehensive list of airspace design options. This stage is broken down into two steps, 2A and 2B.</p> <p>Step 2A: Options development</p> <p>In this step, we will develop a comprehensive list of potential airspace change design options that address Southampton Airport's Statement of Need (SoN) and align with the Design Principles developed with stakeholders from Stage 1. Southampton Airport's SoN can be found by clicking 'Step 1A' and selecting from the documents at the bottom of this page.</p> <p>Your organisation is invited to attend the Step 2A Options Development Workshop</p> <p>As part of keeping our commitment to you and to align with CAP1616, we will be looking to explore and test our process for developing the options, as well as answering any questions relating to our approach with stakeholders at our upcoming Options Development Workshops. We ask that your organisation select one representative to attend one of the following workshops:</p> <p>Date: Monday 23rd March 2020</p> <p>Time: 12.30pm to 4.30pm (arrival time 12.15pm for a prompt start – Lunch will be provided)</p> <p>At: Holiday Inn, Leigh Road, Eastleigh, SO50 9PG</p> <p>- Or -</p> <p>Date: Friday 27th March 2020</p> <p>Time: 1.00pm to 5.00pm (arrival time 12.45pm for a prompt start – Lunch will be provided)</p> <p>At: The Ageas Bowl, Botley Road, West End, Southampton SO30 3XH</p> <p>- Or -</p> <p>Date: Monday 30th March 2020</p> <p>Time: 9.00am to 1.00pm (arrival time 8.45am for a prompt start – Breakfast will be provided)</p> <p>At: Holiday Inn, Leigh Road, Eastleigh, SO50 9PG</p> <p>Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. To allow us to send further details to the most appropriate person, we would be grateful if you could reply with the name of your organisation and one nominated attendee by Tuesday 17th March to airspace.change@southamptonairport.com</p> <p>Following the workshop, we will produce a Design Principle Evaluation Report that sets out how any design options have responded to the</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>original design principles.</p> <p>Why these workshops are important</p> <p>As the Options Development requires numerous different design scenarios to be discussed, which would certainly work best in a workshop style setting, we strongly recommend someone from your organisation attends this workshop, please do let us know if you are not able to attend any of the dates listed above.</p> <p>Step 2B: Options Appraisal</p> <p>In Step 2B, we will carry out an initial appraisal of the impacts of the different options, which we will later refine. During this step we will engage further with stakeholders to ensure we have correctly identified all potential design options, taking account of feedback received from different stakeholders.</p> <p>Further information</p> <p>Should you have any questions, please contact us on 0800 298 7040 or via email at airspace.change@southamptonairport.com. You can find out more about our Airspace Change Programme by visiting southamptonairport.com/about-us/airspace-change-programme/</p> <p>Yours sincerely,</p> <p>██████████</p> <p>██████████ Southampton Airport</p> <p>Unsubscribe</p> <hr/> <p>This email has been scanned by the Symantec Email Security.cloud service. 					<p>25th February 2020</p> <p>Dear [REDACTED],</p> <p>Southampton Airport invites you to participate in a workshop for its next round of engagement for its Airspace Change Proposal</p> <p>Recap of our Airspace Change Proposal to date – Stage 1</p> <p>Thank you to those stakeholders who contributed last year towards Southampton's Airport's Airspace Change Proposal. As you may recall Southampton Airport, along with multiple other airports in the South of England, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to re-design the departure and arrival routes currently used by the airport.</p> <p>You can find out more about the Airspace Modernisation Strategy by visiting southamptonairport.com/about-us/airspace-change-programme and airspacechange.caa.co.uk</p> <p>Southampton Airport's Airspace Change Proposal (ACP) must follow the regulatory process for changing airspace including community engagement requirements. These requirements are set out by the CAA in its CAP1616 document.</p> <p>During our initial round of engagement as part of the CAP1616 process (Step 1B: Design Principles), we received valuable and insightful feedback from a range of representative stakeholders which enabled us to develop a set of Design Principles that any future airspace design must adhere to.</p> <p>What happens next:</p> <p>Stage 2: Develop and Assess</p> <p>Following a review of our Step 1B engagement activities and outputs, the CAA confirmed we had passed the first stage of the CAP1616 process referred to as the 'Define Gateway'. We can now proceed towards 'Stage 2: Develop and Assess', in which we will work with stakeholders to develop a comprehensive list of airspace design options. This stage is broken down into two steps, 2A and 2B.</p> <p>Step 2A: Options development</p> <p>In this step, we will develop a comprehensive list of potential airspace change design options that address Southampton Airport's Statement of Need (SoN) and align with the Design Principles developed with stakeholders from Stage 1. Southampton Airport's SoN can be found by clicking 'Step 1A' and selecting from the documents at the bottom of this page.</p> <p>Your organisation is invited to attend the Step 2A Options Development Workshop</p> <p>As part of keeping our commitment to you and to align with CAP1616, we will be looking to explore and test our process for developing the options, as well as answering any questions relating to our approach with stakeholders at our upcoming Options Development Workshops. We ask that your organisation select one representative to attend one of the following workshops:</p> <p>Date: Monday 23rd March 2020</p> <p>Time: 12.30pm to 4.30pm (arrival time 12.15pm for a prompt start – Lunch will be provided)</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>At: Holiday Inn, Leigh Road, Eastleigh, SO50 9PG</p> <p>- Or -</p> <p>Date: Friday 27th March 2020</p> <p>Time: 1.00pm to 5.00pm (arrival time 12.45pm for a prompt start – Lunch will be provided)</p> <p>At: The Ageas Bowl, Botley Road, West End, Southampton SO30 3XH</p> <p>- Or -</p> <p>Date: Monday 30th March 2020</p> <p>Time: 9.00am to 1.00pm (arrival time 8.45am for a prompt start – Breakfast will be provided)</p> <p>At: Holiday Inn, Leigh Road, Eastleigh, SO50 9PG</p> <p>Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. To allow us to send further details to the most appropriate person, we would be grateful if you could reply with the name of your organisation and one nominated attendee by Tuesday 17th March to airspace.change@southamptonairport.com</p> <p>Following the workshop, we will produce a Design Principle Evaluation Report that sets out how any design options have responded to the original design principles.</p> <p>Why these workshops are important</p> <p>As the Options Development requires numerous different design scenarios to be discussed, which would certainly work best in a workshop style setting, we strongly recommend someone from your organisation attends this workshop, please do let us know if you are not able to attend any of the dates listed above.</p> <p>Step 2B: Options Appraisal</p> <p>In Step 2B, we will carry out an initial appraisal of the impacts of the different options, which we will later refine. During this step we will engage further with stakeholders to ensure we have correctly identified all potential design options, taking account of feedback received from different stakeholders.</p> <p>Further information</p> <p>Should you have any questions, please contact us on 0800 298 7040 or via email at airspace.change@southamptonairport.com. You can find out more about our Airspace Change Programme by visiting southamptonairport.com/about-us/airspace-change-programme/</p> <p>Yours sincerely,</p>

					<p>Thank you for your email. Can you confirm you intend to take the place of [REDACTED], who is currently scheduled to attend on 30th March? If so, I can confirm your place at our workshop on 23 March. If you have any dietary or access requirements then please let us know.</p> <p>Kind Regards, [REDACTED] For and on behalf of Southampton Airport</p> <p>From: [REDACTED] Sent: 13 March 2020 12:45 To: #SOU Airspacechange <airspace.change@southamptonairport.com> Subject: RE: Southampton Airport invites you to participate in a workshop for its next round of engagement for its Airspace Change Proposal</p> <p>CAUTION: external email. Unless you recognise the sender and know the content is safe, do not click links or open attachments.</p> <p>Good afternoon,</p> <p>Please put me down as attending the event on the 23rd March as the [REDACTED] for Southampton and Farnborough Airports.</p> <p>The only caveat is that if COVID-19 gets worse I may be unable to make any of the dates due to Operational commitments</p> <p>Kind Regards [REDACTED] [REDACTED] [REDACTED] Hampshire Constabulary [REDACTED] [REDACTED] Website: www.hampshire.police.uk [cid:image001.png@01D28218.1075FE80]</p> <p>From: Southampton Airport Airspace Change [mailto:airspace.change=southamptonairport.com@cmail19.com] On Behalf Of Southampton Airport Airspace Change Sent: 25 February 2020 18:01 To: [REDACTED] Subject: Southampton Airport invites you to participate in a workshop for its next round of engagement for its Airspace Change Proposal</p> <p>[Image removed by sender.]</p> <p>25th February 2020</p> <p>Dear [REDACTED]</p> <p>Southampton Airport invites you to participate in a workshop for its next round of engagement for its Airspace Change Proposal</p> <p>Recap of our Airspace Change Proposal to date – Stage 1</p> <p>Thank you to those stakeholders who contributed last year towards Southampton’s Airport’s Airspace Change Proposal. As you may recall Southampton Airport, along with multiple other airports in the South of England, is required by the Department for Transport (DfT) and Civil Aviation Authority (CAA) to re-design the departure and arrival routes currently used by the airport.</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>You can find out more about the Airspace Modernisation Strategy by visiting southamptonairport.com/about-us/airspace-change-programme and airspacechange.caa.co.uk</p> <p>Southampton Airport's Airspace Change Proposal (ACP) must follow the regulatory process for changing airspace including community engagement requirements. These requirements are set out by the CAA in its CAP1616 document.</p> <p>During our initial round of engagement as part of the CAP1616 process (Step 1B: Design Principles), we received valuable and insightful feedback from a range of representative stakeholders which enabled us to develop a set of Design Principles that any future airspace design must adhere to.</p> <p>What happens next:</p> <p>Stage 2: Develop and Assess</p> <p>Following a review of our Step 1B engagement activities and outputs, the CAA confirmed we had passed the first stage of the CAP1616 process referred to as the 'Define Gateway'. We can now proceed towards 'Stage 2: Develop and Assess', in which we will work with stakeholders to develop a comprehensive list of airspace design options. This stage is broken down into two steps, 2A and 2B.</p> <p>Step 2A: Options development</p> <p>In this step, we will develop a comprehensive list of potential airspace change design options that address Southampton Airport's Statement of Need (SoN) and align with the Design Principles developed with stakeholders from Stage 1. Southampton Airport's SoN can be found by clicking 'Step 1A' and selecting from the documents at the bottom of this page.</p> <p>Your organisation is invited to attend the Step 2A Options Development Workshop</p> <p>As part of keeping our commitment to you and to align with CAP1616, we will be looking to explore and test our process for developing the options, as well as answering any questions relating to our approach with stakeholders at our upcoming Options Development Workshops. We ask that your organisation select one representative to attend one of the following workshops:</p> <p>Date: Monday 23rd March 2020</p> <p>Time: 12.30pm to 4.30pm (arrival time 12.15pm for a prompt start – Lunch will be provided)</p> <p>At: Holiday Inn, Leigh Road, Eastleigh, SO50 9PG</p> <p>- Or -</p> <p>Date: Friday 27th March 2020</p> <p>Time: 1.00pm to 5.00pm (arrival time 12.45pm for a prompt start – Lunch will be provided)</p> <p>At: The Ageas Bowl, Botley Road, West End, Southampton SO30 3XH</p> <p>- Or -</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>Date: Monday 30th March 2020</p> <p>Time: 9.00am to 1.00pm (arrival time 8.45am for a prompt start – Breakfast will be provided)</p> <p>At: Holiday Inn, Leigh Road, Eastleigh, SO50 9PG</p> <p>Ideally, and where possible, the individual nominated would be willing to engage with us at subsequent stages of the process. To allow us to send further details to the most appropriate person, we would be grateful if you could reply with the name of your organisation and one nominated attendee by Tuesday 17th March to airspace.change@southamptonairport.com</p> <p>Following the workshop, we will produce a Design Principle Evaluation Report that sets out how any design options have responded to the original design principles.</p> <p>Why these workshops are important</p> <p>As the Options Development requires numerous different design scenarios to be discussed, which would certainly work best in a workshop style setting, we strongly recommend someone from your organisation attends this workshop, please do let us know if you are not able to attend any of the dates listed above.</p> <p>Step 2B: Options Appraisal</p> <p>In Step 2B, we will carry out an initial appraisal of the impacts of the different options, which we will later refine. During this step we will engage further with stakeholders to ensure we have correctly identified all potential design options, taking account of feedback received from different stakeholders.</p> <p>Further information</p> <p>Should you have any questions, please contact us on 0800 298 7040 or via email at airspace.change@southamptonairport.com. You can find out more about our Airspace Change Programme by visiting southamptonairport.com/about-us/airspace-change-programme/</p> <p>Yours sincerely,</p> <p></p> <p> Southampton Airport</p> <p>Unsubscribe</p> <hr/> <p>This email has been scanned by the Symantec Email Security.cloud service. 					<p>Subject: Update on Southampton Airport's airspace change proposal</p> <p>Dear [REDACTED],</p> <p>Update on Southampton Airport's airspace change proposal</p> <p>I am emailing on behalf of Southampton Airport with regard to its airspace change proposal (ACP). As you may be aware, we had been in the process of seeking a broad range of stakeholders' views on the way in which Southampton Airport should progress its part of a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS). However, given the outbreak of COVID-19, Southampton Airport took the decision in 2020 to postpone this work.</p> <p>Airspace change is a programme that involves every airport in the country, and as such is a distinct and independent process from Southampton Airport's runway extension scheme.</p> <p>Next year (2022), we will be looking to restart our engagement activity regarding our airspace change proposal. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the UK Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p> <p>Southampton Airport is committed to keeping interested parties updated with regards to its airspace change proposal and we will update you during the project with any key information. In the meantime, you can find out more about the Airspace Modernisation Strategy by visiting www.caa.co.uk/News/New-Airspace-Modernisation-Strategy-launched-to-overhaul-UK-airspace/ and Southampton Airport's ACP at https://www.southamptonairport.com/about-us/airspace-change-programme/.</p> <p>You can also contact us via email at airspace.change@southamptonairport.com or via our freephone information line on 0800 298 7040.</p> <p>Kind regards,</p> <p>[REDACTED]</p> <p>For and on behalf of Southampton Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. 					<p>██████████ ██████████ ██████████</p> <p>Get Outlook for iOS</p> <hr/> <p>From: Airspace Change Southampton <airspace.change@southamptonairport.com> Sent: Wednesday, September 15, 2021 12:12:52 PM To: ██████████ Subject: Update on Southampton Airport's airspace change proposal</p> <p>Dear ██████████</p> <p>Update on Southampton Airport's airspace change proposal</p> <p>I am emailing on behalf of Southampton Airport with regard to its airspace change proposal (ACP). As you may be aware, we had been in the process of seeking a broad range of stakeholders' views on the way in which Southampton Airport should progress its part of a UK-wide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS). However, given the outbreak of COVID-19, Southampton Airport took the decision in 2020 to postpone this work.</p> <p>Airspace change is a programme that involves every airport in the country, and as such is a distinct and independent process from Southampton Airport's runway extension scheme.</p> <p>Next year (2022), we will be looking to restart our engagement activity regarding our airspace change proposal. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the UK Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p> <p>Southampton Airport is committed to keeping interested parties updated with regards to its airspace change proposal and we will update you during the project with any key information. In the meantime, you can find out more about the Airspace Modernisation Strategy by visiting www.caa.co.uk/News/New-Airspace-Modernisation-Strategy-launched-to-overhaul-UK-airspace/ and Southampton Airport's ACP at https://www.southamptonairport.com/about-us/airspace-change-programme/.</p> <p>You can also contact us via email at airspace.change@southamptonairport.com or via our freephone information line on 0800 298 7040.</p> <p>Kind regards,</p> <p>██████████</p>

<p>RE: Deeply concerned about climate change</p>	<p>[REDACTED] - Resident</p>	<p>Email</p>	<p>23-09-21 10:54</p>	<p>C-09137</p>	<p>From: #SOU Airspacechange <airspace.change@southamptonairport.com> Sent: 22 September 2021 10:54 To: [REDACTED] Subject: RE: Deeply concerned about climate change</p> <p>[REDACTED]</p> <p>Thank you for your email of 20th September – and for your questions regarding carbon emissions.</p> <p>Further to your query, I'd like to reassure you that Southampton Airport is on a path to reach Net Zero by mid 2030s, and that whilst we are on this path, we are offsetting our unavoidable emissions through Gold Standard carbon accredited schemes. Most airports cannot yet reduce our carbon footprint to zero, which is why its described as a roadmap.</p> <p>Southampton Airport currently reports on our carbon footprint through an independent third party, where we use the data to align with PAS 2060. Further to this, we continue to participate in the Airport Carbon Accreditation annually, where we are working to achieve level 3+ in 2022.</p> <p>We've chosen to purchase our offsets from Gold Standard because they are considered the most rigorous climate standard by many NGOs, including WWF. This means that every pound spent offsetting creates more value for local communities and ecosystems and contributes in a measurable way to the UN Sustainable Development Goals. They even go as far quantifying this per project.</p> <p>In addition to offsetting, we are working to reduce our unavoidable emissions. We purchase only green energy and year-on-year we are pursuing a number of projects as part of our Carbon Management Plan that look to tackle our emissions.</p> <p>With regard to airspace change, it is worth noting that as part of the design principles that emerged from the Stage 18 engagement with stakeholders, Southampton committed to the CAA that we will "Minimise, and where possible, reduce aircraft emissions, the degradation in air quality and adverse ecological impacts".</p> <p>I hope this is of assistance.</p> <p>Kind regards,</p> <p>[REDACTED] For and on behalf of Southampton Airport</p> <p>From: [REDACTED] Sent: 20 September 2021 08:15 To: #SOU Airspacechange <airspace.change@southamptonairport.com> Subject: Deeply concerned about climate change</p> <p>CAUTION: External email. Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>Hello there,</p> <p>I have received an email about an update to your airspace change proposal. I love flying and travelling, but my love for a safe planet for future generations is greater. I have pretty much given up flying sadly.</p> <p>What are you doing to credibly offset your CO2 emissions? Carbon offsetting isn't a viable option as far as I understand.</p>

					<p>Kind regards,</p> <p>██████████</p> <p>For and on behalf of Southampton Airport</p> <p>From: Airspace Change Southampton <airspace.change@southamptonairport.com> Sent: 21 January 2022 11:20 Subject: Briefing Session on Southampton Airport's Airspace Change Proposal</p> <p>CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.</p> <p>Dear All,</p> <p>Briefing Session on Southampton Airport's Airspace Change Proposal</p> <p>Southampton Airport are holding a short briefing session on their Airspace Change Proposal (ACP) for airline stakeholders at 2.00pm – 3.30pm on Tuesday 15th February 2022 via Microsoft Teams.</p> <p>We would be grateful if you could email airspace.change@southamptonairport.com to confirm your attendance. Joining instructions for the briefing session will be sent via email.</p> <p>Prior to the pandemic, Southampton Airport was participating in the FAS1 programme with 20 other UK airports and NATS to develop a Masterplan for airspace modernisation. The airspace change project was paused (alongside the other Masterplan proposals) when the pandemic hit, but the airspace change programme has now restarted.</p> <p>Southampton Airport is committed to keeping all stakeholders updated with progress on the airspace change work. To that end we are holding this briefing session to outline what stage the airport is at in the ACP process and next steps. The briefing will include a 20-minute presentation, after which there will be an opportunity for discussion and questions.</p> <p>In attendance will be members of the airport's ACP delivery team and representatives from the airport's air traffic control team.</p> <p>If you are not the relevant contact within your organisation, please respond with an alternative contact. If an alternative contact is not provided, we will continue to send further information to this email address.</p> <p>Further information and contact details</p> <p>Southampton ACP website: southamptonairport.com/about-us/airspace-change-programme Southampton ACP email address: airspace.change@southamptonairport.com Southampton Airport freephone information line: 0800 298 7040</p> <p>Kind regards</p> <p>██████████</p> <p>██████████</p> <p>Southampton International Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>Dear Southampton Airport,</p> <p>I can confirm my attendance at the online meeting on the 15th of February 2022. Hopefully my ██████ ██████ will also attend along with another member of our airspace team ██████. We will all attend from the same room.</p> <p>Best Regards,</p> <p>██████ ██████ Lasham Gliding Society. www.lashamgliding.com</p> <p>From: Airspace Change Southampton <airspace.change@southamptonairport.com> Sent: 21 January 2022 11:20 To: Colin ██████ Subject: Briefing Session on Southampton Airport Airspace Change Proposal</p> <p>Dear ██████</p> <p>Briefing Session on Southampton Airport Airspace Change Proposal</p> <p>Southampton Airport are holding a short briefing session on their Airspace Change Proposal (ACP) for aviation stakeholders at 9.30am – 11.00am on Tuesday 15th February 2022 via Microsoft Teams.</p> <p>We would be grateful if you could email airspace.change@southamptonairport.com to confirm your attendance. Joining instructions for the briefing session will be sent via email.</p> <p>Prior to the pandemic, Southampton Airport was participating in the FASi programme with 20 other UK airports and NATS to develop a Masterplan for airspace modernisation. The airspace change project was paused (alongside the other Masterplan proposals) when the pandemic hit, but the airspace change programme has now restarted.</p> <p>Southampton Airport is committed to keeping all stakeholders updated with progress on the airspace change work. To that end we are holding this briefing session to outline what stage the airport is at in the ACP process and next steps. The briefing will include a 20-minute presentation, after which there will be an opportunity for discussion and questions.</p> <p>In attendance will be members of the airport's ACP delivery team and representatives from the airport's air traffic control team.</p> <p>If you are not the relevant contact within your organisation, please respond with an alternative contact. If an alternative contact is not provided, we will continue to send further information to this email address.</p> <p>Further information and contact details</p> <p>Southampton ACP website: southamptonairport.com/about-us/airspace-change-programme Southampton ACP email address: airspace.change@southamptonairport.com</p>

					<p>Prior to the pandemic, Southampton Airport was participating in the FASI programme with 20 other UK airports and NATS to develop a Masterplan for airspace modernisation. The airspace change project was paused (alongside the other Masterplan proposals) when the pandemic hit, but the airspace change programme has now restarted.</p> <p>Southampton Airport is committed to keeping all stakeholders updated with progress on the airspace change work. To that end we are holding this briefing session to outline what stage the airport is at in the ACP process and next steps. The briefing will include a 20-minute presentation, after which there will be an opportunity for discussion and questions.</p> <p>In attendance will be members of the airport's ACP delivery team and representatives from the airport's air traffic control team.</p> <p>If you are not the relevant contact within your organisation, please respond with an alternative contact. If an alternative contact is not provided, we will continue to send further information to this email address.</p> <p>Further information and contact details</p> <p>Southampton ACP website: southamptonairport.com/about-us/airspace-change-programme</p> <p>Southampton ACP email address: airspace.change@southamptonairport.com</p> <p>Southampton Airport freephone information line: 0800 298 7040</p> <p>Kind regards</p> <p>██████████</p> <p>████████████████████</p> <p>Southampton International Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>During the meeting reference was made to the CAA's Airspace Modernisation Strategy and how this would be followed as part of the ACP process. I have a recollection that CAP 1711 was mentioned and this would be the document that would be used. The CAA are in the process of updating their AMS and the new draft CAP 2298 is now out for stakeholder consultation.</p> <p>Can you confirm that when the CAA's refreshed AMS is adopted, you will then follow this document?</p> <p>Best Regards,</p> <p>██████████ ██████████ Lasham Gliding Society www.lashamgliding.com</p> <p>From: Airspace Change Southampton <airspace.change@southamptonairport.com> Sent: 16 February 2022 17:18 To: ██████████ Subject: Briefing Session on Southampton Airport Airspace Change Proposal</p> <p>Dear ██████████</p> <p>Briefing Session on Southampton Airport Airspace Change Proposal</p> <p>I write further to Southampton Airport's recent briefing sessions for aviation and airline stakeholders on its Airspace Change Proposal (ACP). Thank you for those of you who were able to attend.</p> <p>As promised during the meeting, please find attached a copy of the presentation given at these briefing sessions.</p> <p>We will be holding full stakeholder engagement sessions later this year for this ACP, and I look forward to writing to you about this nearer the time.</p> <p>In the meantime, if you have any comments or questions arising from these materials, please contact us on airspace.change@southamptonairport.com.</p> <p>Kind regards,</p> <p>██████████ For and on behalf of Southampton Airport</p> <hr/> <p>Background</p> <p>Prior to the pandemic, Southampton Airport was participating in the FAS1 programme with 20 other UK airports and NATS to develop a Masterplan for airspace modernisation. The airspace change project was paused (alongside the other Masterplan proposals) when the pandemic hit, but the airspace change programme has now restarted.</p> <p>Southampton Airport is committed to keeping all stakeholders updated with progress on the airspace change work. To that end we are holding this briefing session to outline what stage the airport is at in the ACP process and next steps. The briefing will include a 20-minute presentation, after which there will be an opportunity for discussion and questions.</p> <p>In attendance will be members of the airport's ACP delivery team and representatives from the airport's air traffic control team.</p>

Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>Dear [REDACTED]</p> <p>I am writing concerning the possibility of changes to your airspace, as a microlight pilot and owner based at Blackbushe. I have a very brief comment:</p> <p>Flying from airports surrounding London to the entire west country in Class G airspace is already difficult. There are only two routes – north west of the Salisbury Plain danger area, or along the western edge of the Solent CTA. The introduction of proposed restrictions at Keevil will make the former route even narrower. For the second route, a particular bottleneck is between the Middle Wallop MATZ and the north west edge of the Solent CTA. At its narrowest, this bottleneck is only 1km wide. Therefore, there would be huge benefit for GA aircraft of even minor trimming of the western and northern boundaries of the CTA, close to Middle Wallop.</p> <p>Many thanks for your consideration, and kind regards</p> <p>[REDACTED]</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. RE: Noise	██████████ Jotform Individual ██████████ Southampton City Council ██████████ ██████████ Southampton International Airport ██████████ ██████████ Member of Parliament ██████████ Member of Parliament	Email	30-03-22 14:10	C-19689	<p>Dear ██████████</p> <p>Thank you for your email, which I have been passed by my colleagues in the Noise team.</p> <p>Further to the below, I have been asked to update you on the current progress of our airspace change programme, and to reassure you that Noise remains a key consideration within this process.</p> <p>As you may be aware, along with other airports across the UK, Southampton Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace. In 2019, Southampton Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. You can find out more about the Airspace Change Process here: https://www.oneskyoneplan.uk/faqs/ ; and Southampton Airport's progress within it here: https://www.southamptonairport.com/about-us/airspace-change-programme/</p> <p>Southampton Airport has successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options that align with the Design Principles. I have attached a copy of these Design Principles for your awareness – it is worth noting DP7 in relation to Noise:</p>

					<p>Minimise and where possible reduce, the total adverse effects on health and quality of life from aircraft noise.</p> <p>I would be happy to take a call from you on this subject, if helpful.</p> <p>Kind regards,</p> <p>██████████</p> <p>For and on behalf of Southampton Airport</p> <p>From: ██████████</p> <p>Sent: 23 March 2022 17:15</p> <p>To: #SOU Noise Complaints ██████████</p> <p>Cc: ██████████</p> <p>Subject: Re: Noise</p> <p>CAUTION: External email. Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>Dear ██████████</p> <p>Thank you for this and I wish to assure you it is appreciated. We also appreciate that we chose to live near an airport and by no means are we anti airport as feel that both community and business can co-exist. However at the time most of the flights were less intrusive compared to the incredibly loud aircraft that are currently taking off over Bitterne Park.</p> <p>Our elevation is much higher here and so the aircraft are much lower which in turn causes a greater level of intrusion and like I mentioned I am extremely interested as to how SIA proposed to mitigate noise whilst outside? Ear defenders like the ones worn in and around the airport to mitigate noise?</p> <p>As we have said this is a densely populated, family community containing two local schools where large aircraft fly directly overhead and so any consideration and empathy would be very much appreciated.</p> <p>Kind regards,</p> <p>██████████</p> <p>Sent from my iPad</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. 					<p>From: Airspace Change Southampton <airspace.change@southamptonairport.com> Sent: 13 May 2022 11:55 To: [REDACTED] Subject: Update on Southampton Airport's airspace change proposal</p> <p>Dear [REDACTED]</p> <p>Update on Southampton Airport's airspace change proposal</p> <p>I am emailing on behalf of Southampton International Airport about its Airspace Change Proposal (ACP). As you may be aware, Southampton Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace to remove reliance on old technology. This is part of a UK-wide airspace modernisation programme, which you can find out more about here.</p> <p>We had been in the process of seeking a broad range of stakeholders' views about this process, but had to postpone this work in 2020 due to the outbreak of COVID-19. We have recently restarted our activity.</p> <p>The airspace modernisation programme will enable us to better manage the airspace around the airport, without compromising on safety, whilst delivering a number of potential benefits such as increased resilience to disruption. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the UK Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p> <p>To support our activity, we are keen to ensure that our records are up to date and we have the most relevant representative from your organisation to participate in any future airspace change engagement.</p> <p>To allow us to send further information to the most appropriate person, we would be grateful if you could confirm that you remain the relevant contact and / or nominate an appropriate person by emailing airspace.change@southamptonairport.com.</p> <p>Ideally, the individual nominated would be willing to engage with us at subsequent stages of the process. Individuals' data will be stored on a secure database for future contact and retained for 12 years following the end of the project, unless otherwise requested to delete. All personal data is held by BECG, Southampton Airport's engagement consultant for this process. All personal data is held in accordance with the requirements of the Data Protection Legislation and data subjects' rights thereunder, as set out in BECG's Data Protection Policy.</p>

This is part of a UK-wide airspace modernisation programme, which you can find out more about here.</p> <p>We had been in the process of seeking a broad range of stakeholders' views about this process, but had to postpone this work in 2020 due to the outbreak of COVID-19. We have recently restarted our activity.</p> <p>The airspace modernisation programme will enable us to better manage the airspace around the airport, without compromising on safety, whilst delivering a number of potential benefits such as increased resilience to disruption. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the UK Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p> <p>To support our activity, we are keen to ensure that our records are up to date and we have the most relevant representative from your organisation to participate in any future airspace change engagement.</p> <p>To allow us to send further information to the most appropriate person, we would be grateful if you could confirm that you remain the relevant contact and / or nominate an appropriate person by emailing airspace.change@southamptonairport.com.</p>

As you may be aware, Southampton Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace to remove reliance on old technology. This is part of a UK-wide airspace modernisation programme, which you can find out more about here.</p> <p>We had been in the process of seeking a broad range of stakeholders' views about this process, but had to postpone this work in 2020 due to the outbreak of COVID-19. We have recently restarted our activity.</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>The airspace modernisation programme will enable us to better manage the airspace around the airport, without compromising on safety, whilst delivering a number of potential benefits such as increased resilience to disruption. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the UK Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p> <p>To support our activity, we are keen to ensure that our records are up to date and we have the most relevant representative from your organisation to participate in any future airspace change engagement.</p> <p>To allow us to send further information to the most appropriate person, we would be grateful if you could confirm that you remain the relevant contact and / or nominate an appropriate person by emailing airspace.change@southamptonairport.com.</p> <p>Ideally, the individual nominated would be willing to engage with us at subsequent stages of the process. Individuals' data will be stored on a secure database for future contact and retained for 12 years following the end of the project, unless otherwise requested to delete. All personal data is held by BECG, Southampton Airport's engagement consultant for this process. All personal data is held in accordance with the requirements of the Data Protection Legislation and data subjects' rights thereunder, as set out in BECG's Data Protection Policy.</p> <p>You can find out more about the Airspace Modernisation Strategy by visiting www.caa.co.uk/News/New-Airspace-Modernisation-Strategy-launched-to-overhaul-UK-airspace/ and Southampton Airport's ACP at www.southamptonairport.com/about-us/airspace-change-programme/. You can also contact us via email at airspace.change@southamptonairport.com or via our freephone information line on 0800 298 7040.</p> <p>Kind regards,</p> <p>  Southampton International Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. 					<p>_____</p> <p>From: Airspace Change Southampton <airspace.change@southamptonairport.com> Sent: 13 May 2022 11:53 To: [REDACTED] Subject: Update on Southampton Airport's airspace change proposal</p> <p>CAUTION: This email originated from outside of Hart District Council. Do not click links or open attachments unless you recognise the sender and know the content is safe.</p> <p>,</p> <p>Dear [REDACTED],</p> <p>Update on Southampton Airport's airspace change proposal</p> <p>I am emailing on behalf of Southampton International Airport about its Airspace Change Proposal (ACP). As you may be aware, Southampton Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace to remove reliance on old technology. This is part of a UK-wide airspace modernisation programme, which you can find out more about here.</p> <p>We had been in the process of seeking a broad range of stakeholders' views about this process, but had to postpone this work in 2020 due to the outbreak of COVID-19. We have recently restarted our activity.</p> <p>The airspace modernisation programme will enable us to better manage the airspace around the airport, without compromising on safety, whilst delivering a number of potential benefits such as increased resilience to disruption. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the UK Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p> <p>To support our activity, we are keen to ensure that our records are up to date and we have the most relevant representative from your organisation to participate in any future airspace change engagement.</p> <p>To allow us to send further information to the most appropriate person, we would be grateful if you could confirm that you remain the relevant contact and / or nominate an appropriate person by emailing airspace.change@southamptonairport.com.</p> <p>Ideally, the individual nominated would be willing to engage with us at subsequent stages of the process. Individuals' data will be stored on a secure database for future contact and retained for 12 years following the end of the project, unless otherwise requested to delete. All personal data is held by BECG, Southampton Airport's engagement consultant for this process. All personal data is held in accordance with the</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>Update on Southampton Airport's airspace change proposal</p> <p>I am emailing on behalf of Southampton International Airport about its Airspace Change Proposal (ACP). As you may be aware, Southampton Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace to remove reliance on old technology. This is part of a UK-wide airspace modernisation programme, which you can find out more about here.</p> <p>We had been in the process of seeking a broad range of stakeholders' views about this process, but had to postpone this work in 2020 due to the outbreak of COVID-19. We have recently restarted our activity.</p> <p>The airspace modernisation programme will enable us to better manage the airspace around the airport, without compromising on safety, whilst delivering a number of potential benefits such as increased resilience to disruption. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the UK Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p> <p>To support our activity, we are keen to ensure that our records are up to date and we have the most relevant representative from your organisation to participate in any future airspace change engagement.</p> <p>To allow us to send further information to the most appropriate person, we would be grateful if you could confirm that you remain the relevant contact and / or nominate an appropriate person by emailing airspace.change@southamptonairport.com.</p> <p>Ideally, the individual nominated would be willing to engage with us at subsequent stages of the process. Individuals' data will be stored on a secure database for future contact and retained for 12 years following the end of the project, unless otherwise requested to delete. All personal data is held by BECG, Southampton Airport's engagement consultant for this process. All personal data is held in accordance with the requirements of the Data Protection Legislation and data subjects' rights thereunder, as set out in BECG's Data Protection Policy.</p> <p>You can find out more about the Airspace Modernisation Strategy by visiting www.caa.co.uk/News/New-Airspace-Modernisation-Strategy-launched-to-overhaul-UK-airspace/ and Southampton Airport's ACP at www.southamptonairport.com/about-us/airspace-change-programme/. You can also contact us via email at airspace.change@southamptonairport.com or via our freephone information line on 0800 298 7040.</p> <p>Kind regards,</p> <p></p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>I am contacting you about Southampton Airport's Airspace Change Proposal (ACP) – our part of a UK-wide airspace modernisation programme, which you can find out more about here. We would like to invite you to attend a briefing session about our ACP; you can register to attend here.</p> <p>Background Along with other airports across the UK, Southampton Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace to remove reliance on old technology. This is part of a UK-wide airspace modernisation programme.</p> <p>The airspace modernisation programme will enable us to better manage the airspace around the airport, without compromising on safety, whilst delivering a number of potential benefits such as increased resilience to disruption. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p> <p>In 2019, Southampton Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. Southampton Airport successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.</p> <p>Attend a briefing session about Southampton Airport's ACP As part of its Stage 2 engagement activity, Southampton Airport is hosting stakeholder briefing sessions, which you can register to attend here. Alternatively, you can email airspace.change@southamptonairport.com detailing the name of your organisation, the name of the nominated attendee, and which workshop they will attend.</p> <p>We ask that your organisation select one representative to attend one of the following briefing sessions:</p> <p>Date: Thursday 23rd June 2022 Time: 10.00am to 12.30pm At: Online Register</p> <p>- Or -</p> <p>Date: Monday 27th June 2022 Time: 1.00pm to 4.00pm At: The Oak Room, Holiday Inn Eastleigh, Leigh Road, Eastleigh, Hampshire, SO50 9PG (in-person) Register</p> <p>- Or -</p> <p>Date: Tuesday 28th June 2022 Time: 10.00am to 12.30pm At: Online Register</p> <p>The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.</p> <p>If you are unable to engage online, please email airspace.change@southamptonairport.com or call 0800 298 7040, as we can arrange an alternative session.</p> <p>Have we got the right contact for your organisation? We want to keep our stakeholder records up-to-date for this airspace change engagement. We are required to engage with community stakeholders who may be affected by any future changes to Southampton Airport's airspace; as such, please let us know if we need to update our contact for your organisation. If so, please nominate an alternative person by emailing airspace.change@southamptonairport.com. Ideally,</p>

					<p>_____</p> <p>From: Airspace Change Southampton <airspace.change@southamptonairport.com> Sent: 25 May 2022 16:53 To: [REDACTED] Subject: Southampton Airport's Airspace Change Proposal</p> <p>CAUTION: This email originated from outside of Hart District Council. Do not click links or open attachments unless you recognise the sender and know the content is safe.</p> <p>,</p> <p>Dear [REDACTED]</p> <p>Southampton Airport's Airspace Change Proposal</p> <p>I am contacting you about Southampton Airport's Airspace Change Proposal (ACP) – our part of a UK-wide airspace modernisation programme, which you can find out more about here. We would like to invite you to attend a briefing session about our ACP; you can register to attend here.</p> <p>Background</p> <p>Along with other airports across the UK, Southampton Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace to remove reliance on old technology. This is part of a UK-wide airspace modernisation programme.</p> <p>The airspace modernisation programme will enable us to better manage the airspace around the airport, without compromising on safety, whilst delivering a number of potential benefits such as increased resilience to disruption. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p> <p>In 2019, Southampton Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. Southampton Airport successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.</p>

					<p>The airspace modernisation programme will enable us to better manage the airspace around the airport, without compromising on safety, whilst delivering a number of potential benefits such as increased resilience to disruption. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p> <p>Next Steps</p> <p>In 2019, Southampton Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. Southampton Airport successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.</p> <p>To continue to engage effectively with those stakeholders that were involved in Stage 1, Southampton Airport is hosting stakeholder briefing sessions in June 2022. The aim of these meetings is to gain feedback from stakeholders about the airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Southampton Airport has taken full account of the Stage 1 Design Principles.</p> <p>We remain committed to ensuring that all stakeholders can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy. As a local Member of Parliament, we would like to offer you an opportunity to meet our engagement team to discuss Southampton Airport's options development process and how it is engaging stakeholders in Stage 2. To arrange a meeting, please email airspace.change@southamptonairport.com or call 0800 298 7040.</p> <p>Further Information</p> <p>Should you have any questions in the meantime, please view our FAQ page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Southampton Airport's ACP www.southamptonairport.com/about-us/airspace-change-programme/.</p> <p>Kind regards,</p> <p></p> <p>, Southampton International Airport</p>

This is part of a UK-wide airspace modernisation programme, which you can find more information about here.</p> <p>The airspace modernisation programme will enable us to better manage the airspace around the airport, without compromising on safety, whilst delivering a number of potential benefits such as increased resilience to disruption. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>Next Steps</p> <p>In 2019, Southampton Airport commenced Stage 1 of this process, known as CAPI616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. Southampton Airport successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.</p> <p>To continue to engage effectively with those stakeholders that were involved in Stage 1, Southampton Airport is hosting stakeholder briefing sessions in June 2022. The aim of these meetings is to gain feedback from stakeholders about the airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Southampton Airport has taken full account of the Stage 1 Design Principles.</p> <p>We remain committed to ensuring that all stakeholders can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy. As a local Member of Parliament, we would like to offer you an opportunity to meet our engagement team to discuss Southampton Airport's options development process and how it is engaging stakeholders in Stage 2. To arrange a meeting, please email airspace.change@southamptonairport.com or call 0800 298 7040.</p> <p>Further Information</p> <p>Should you have any questions in the meantime, please view our FAQ page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Southampton Airport's ACP www.southamptonairport.com/about-us/airspace-change-programme/.</p> <p>Kind regards,</p> <p> , Southampton International Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. RE: Airspace change - Eastleigh Borough	██████████ - Eastleigh Borough Council	Email	06-06-22 09:48	C-23939	<p>██████████,</p> <p>Apologies, I have corrected one of the contacts.</p> <p>Please let me know your thoughts on the below; we can look to arrange an additional meeting if helpful; in the meantime we strongly encourage Eastleigh to send a representative to one of the briefings.</p> <p>We will look to provide the timelines you asked for.</p> <p>Kind regards,</p> <p>Southampton Airport's Airspace Change Project Team.</p> <p>From: #SOU Airspacechange <airspace.change@southamptonairport.com> Sent: 31 May 2022 11:12 To: ██████████ Subject: RE: Airspace change - Eastleigh Borough</p> <p>██████████</p> <p>Thank you for your email.</p> <p>I will ask my colleague to provide a good project timeline that looks ahead past the stakeholder briefing sessions we have written to you about.</p> <p>In terms of a meeting, we could discuss a potential, separate session if you'd like. In the meantime we do have two events that would be useful for you to attend:</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>1. We have three stakeholder briefing sessions coming up on 23rd, 27th, and 28th June – and we would encourage Eastleigh to send a representative to one of these. Please let me know by email or by registering on the links in my previous email.</p> <p>2. Airspace change is also a standing agenda item at every meeting of the Consultative Committee – you would be welcome the next meeting on Friday 24th June. I am advised that Laura Johnston is the designated lead on this at Eastleigh.</p> <p>In terms of Southampton and Winchester, our current contacts are as follows:</p> <ul style="list-style-type: none"> * Southampton City Council * [REDACTED] * Winchester City Council * [REDACTED] <p>Kind regards,</p> <p>Southampton Airport's Airspace Change Project Team.</p> <p>From [REDACTED] > Sent: 26 May 2022 15:30 To: #SOU Airspacechange <airspace.change@southamptonairport.com> Subject: Airspace change - Eastleigh Borough</p> <p>You don't often get email from [REDACTED] Learn why this is important CAUTION: External email. Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>I am the designated point of contact at Eastleigh Borough Council for the process. I may hand matters to colleagues to lead on depending on the issue e.g. planning policy, development management, design, health, noise, climate change etc.</p> <p>Please advise on the broad project timeline regarding stakeholder and community consultation so that we can plan local communications and internal staff workloads, and so that I can brief people internally.</p> <p>Please also advise on the contacts you are using in neighbouring council areas – Southampton City Council and Winchester City Council so that I can liase with them directly.</p> <p>It would be helpful if a representative can make themselves available to the Council to brief relevant officers and Councillors at the appropriate time.</p> <p>You will understand the high profile that Airport issues have for the Council following the JR process on the runway extension and so it will be important that we have good lines of communication for the substance of this process and the way it is communicated publicly.</p> <p>Many thanks</p> <p>[REDACTED]</p> <p>[REDACTED]</p> <p>[REDACTED]</p> <p>[REDACTED]</p> <p>[REDACTED]</p> <p>[REDACTED]</p> <p>[REDACTED]</p>

RE: Airspace change - Eastleigh Borough	[REDACTED] - Eastleigh Borough Council	Email	06-06-22 10:13	C-23956	<p>CAUTION: External email. Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>Hi</p> <p>Thanks for the amendment. Please forgive me if I have missed these but I am not able to find details of the meetings on 23rd, 27th and 28th June. I have registered for updates but not for any of these meetings specifically. Please can you send/resend details.</p> <p>I suggest we get past the ACC on 24th and these meetings at the end of June, and see the overall timeline so that we can plan the optimum time for a Councillor briefing. Hope that's ok for now.</p> <p>Many thanks</p> <p>[REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]</p> <p>[cid:image086470.png@4BB4DFD9.8CAD5A1E] [cid:image417488.png@1FA827CC.F8548FA1] [cid:image273021.png@4F766EE9.1183C1E1] [cid:image264476.png@8E17F8FC.BCEA4B39] [cid:image741362.png@AD82A1E0.B46A96BD] [cid:image887433.png@767E2EE6.7263282C]</p> <p>Eastleigh Borough Council [REDACTED]</p> <p>From: #SOU Airspacechange <airspace.change@southamptonairport.com> Sent: 06 June 2022 10:49 To: [REDACTED]</p>

RE: Airspace change - Eastleigh Borough	[REDACTED] - Eastleigh Borough Council	Email	06-06-22 10:26	C-23961	<p>[REDACTED],</p> <p>Not to worry, I have re-shared the email containing details of the Stage 2 stakeholder engagement briefings below. We would ask you to register via a link – or confirm via email.</p> <p>I'm due to send reminder emails about them to stakeholders later today.</p> <p>Ok, that's fine, we'll let you reach out after the June dates.</p> <p>Kind regards,</p> <p>Southampton Airport's Airspace Change Project Team</p> <p>---</p> <p>Dear [REDACTED],</p> <p>Southampton Airport's Airspace Change Proposal</p> <p>I am contacting you about Southampton Airport's Airspace Change Proposal (ACP) – our part of a UK-wide airspace modernisation programme, which you can find out more about here. We would like to invite you to attend a briefing session about our ACP; you can register to attend here.</p> <p>Background</p> <p>Along with other airports across the UK, Southampton Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace to remove reliance on old technology. This is part of a UK-wide airspace modernisation programme.</p> <p>The airspace modernisation programme will enable us to better manage the airspace around the airport, without compromising on safety, whilst delivering a number of potential benefits such as increased resilience to disruption. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>In 2019, Southampton Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. Southampton Airport successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.</p> <p>Attend a briefing session about Southampton Airport's ACP</p> <p>As part of its Stage 2 engagement activity, Southampton Airport is hosting stakeholder briefing sessions, which you can register to attend here. Alternatively, you can email airspace.change@southamptonairport.com detailing the name of your organisation, the name of the nominated attendee, and which workshop they will attend.</p> <p>We ask that your organisation select one representative to attend one of the following briefing sessions:</p> <p>Date: Thursday 23rd June 2022 Time: 10.00am to 12.30pm At: Online Register</p> <p>- Or -</p> <p>Date: Monday 27th June 2022 Time: 1.00pm to 4.00pm At: The Oak Room, Holiday Inn Eastleigh, Leigh Road, Eastleigh, Hampshire, SO50 9PG (in-person) Register</p> <p>- Or -</p> <p>Date: Tuesday 28th June 2022 Time: 10.00am to 12.30pm At: Online Register</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.</p> <p>If you are unable to engage online, please email airspace.change@southamptonairport.com or call 0800 298 7040, as we can arrange an alternative session.</p> <p>Have we got the right contact for your organisation?</p> <p>We want to keep our stakeholder records up-to-date for this airspace change engagement. We are required to engage with community stakeholders who may be affected by any future changes to Southampton Airport's airspace; as such, please let us know if we need to update our contact for your organisation. If so, please nominate an alternative person by emailing airspace.change@southamptonairport.com. Ideally, the individual nominated would be willing to engage with us at subsequent stages of the process.</p> <p>Further Information</p> <p>We'd like to thank all those who have contributed to date to Southampton Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the Airport should progress its part of the UK-wide Airspace Modernisation Strategy.</p> <p>Should you have any questions, please view our FAQs page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Southampton Airport's ACP www.southamptonairport.com/about-us/airspace-change-programme/.</p> <p>Kind regards,</p> <p>██████████</p> <p>██████████, Southampton International Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. RE: Southampton Airport's Airspace Change Proposal	[REDACTED] - Resident	Email	06-06-22 10:46	C-23974	<p>[REDACTED],</p> <p>Thank you for the below.</p> <p>These Stage 2 stakeholder engagement briefings are not a public consultation process (this happens later at Stage 3), rather the purpose is to secure feedback on the options development process from a representative group of stakeholders. As such, the parties attending are likely to be from organisations, be they local government, aviation, or community groups. Within this context, we tend to ask individuals whether they represent groups or not, if we don't recognise their name.</p> <p>You would be free to come to any of the three meetings, of course.</p> <p>Kind regards,</p> <p>[REDACTED].</p> <p>From: [REDACTED]</p>

We would ask you to register via a link – or confirm via email.</p> <p>I'm due to send reminder emails about them to stakeholders later today.</p> <p>Ok, that's fine; we'll let you reach out after the June dates.</p> <p>Kind regards,</p> <p>Southampton Airport's Airspace Change Project Team.</p> <p>----</p> <p>Dear [REDACTED]</p> <p>Southampton Airport's Airspace Change Proposal</p> <p>I am contacting you about Southampton Airport's Airspace Change Proposal (ACP) – our part of a UK-wide airspace modernisation programme, which you can find out more about here. We would like to invite you to attend a briefing session about our ACP; you can register to attend here.</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>Background</p> <p>Along with other airports across the UK, Southampton Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace to remove reliance on old technology. This is part of a UK-wide airspace modernisation programme.</p> <p>The airspace modernisation programme will enable us to better manage the airspace around the airport, without compromising on safety, whilst delivering a number of potential benefits such as increased resilience to disruption. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p> <p>In 2019, Southampton Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. Southampton Airport successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.</p> <p>Attend a briefing session about Southampton Airport's ACP</p> <p>As part of its Stage 2 engagement activity, Southampton Airport is hosting stakeholder briefing sessions, which you can register to attend here. Alternatively, you can email airspace.change@southamptonairport.com detailing the name of your organisation, the name of the nominated attendee, and which workshop they will attend.</p> <p>We ask that your organisation select one representative to attend one of the following briefing sessions:</p> <p>Date: Thursday 23rd June 2022 Time: 10.00am to 12.30pm At: Online Register</p> <p>- Or -</p> <p>Date: Monday 27th June 2022 Time: 1.00pm to 4.00pm</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>At: The Oak Room, Holiday Inn Eastleigh, Leigh Road, Eastleigh, Hampshire, SO50 9PG (in-person) Register</p> <p>- Or -</p> <p>Date: Tuesday 28th June 2022</p> <p>Time: 10.00am to 12.30pm</p> <p>At: Online Register</p> <p>The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.</p> <p>If you are unable to engage online, please email airspace.change@southamptonairport.com or call 0800 298 7040, as we can arrange an alternative session.</p> <p>Have we got the right contact for your organisation?</p> <p>We want to keep our stakeholder records up-to-date for this airspace change engagement. We are required to engage with community stakeholders who may be affected by any future changes to Southampton Airport's airspace; as such, please let us know if we need to update our contact for your organisation. If so, please nominate an alternative person by emailing airspace.change@southamptonairport.com. Ideally, the individual nominated would be willing to engage with us at subsequent stages of the process.</p> <p>Further Information</p> <p>We'd like to thank all those who have contributed to date to Southampton Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the Airport should progress its part of the UK-wide Airspace Modernisation Strategy.</p> <p>Should you have any questions, please view our FAQs page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Southampton Airport's ACP www.southamptonairport.com/about-us/airspace-change-programme/.</p> <p>Kind regards,</p>

Airspace change - request for further information	[REDACTED] - Montgomeryshire Angling Association	Email	07-06-22 16:36	C-24964	<p>[You don't often get email from [REDACTED] Learn why this is important at https://aka.ms/LearnAboutSenderIdentification]</p> <p>CAUTION: External email. Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>Good Afternoon,</p> <p>Hope you are well, I have today been made aware of the proposed airspace change.</p> <p>I would like to know more information about the airspace change, I would like to know how this will affect me in my home. I live under the flight path currently and have already noticed a e increase in flights. On Sunday night there were three planes that flew over my house after 10pm.</p> <p>Please can you elaborate on the change. Will this mean more planes over my home, flights at different times? Later/earlier? My post code is [REDACTED] so you will be able to see my location in relation to the flight path.</p> <p>I have read information both on your site and through the documents but I could not find a simply map that would perhaps demonstrate the flight paths to me?</p> <p>Any information will help as if this change will mean more flights over my home I will consider moving.</p> <p>I have also heard people in the community mention that people under the flight path will be offered a grant or money to help with noise insulation for our homes, can you also advise on this?</p> <p>I want to make it clear that I am not against the expansion, I would simply like to know more information. Especially about the airspace and flight paths changing.</p> <p>Thank you for you help, look forward to hearing from you.</p> <p>Kind regards, [REDACTED]</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>Subject: Southampton Airport's Airspace Change Proposal</p> <p>Dear [REDACTED]</p> <p>Southampton Airport's Airspace Change Proposal</p> <p>I am emailing to offer you the opportunity to meet Southampton Airport's engagement team to discuss the next steps in its Airspace Change Proposal (ACP) – our part of a nationwide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS).</p> <p>Background</p> <p>Along with other airports across the UK, Southampton Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace to remove reliance on old technology. This is part of a UK-wide airspace modernisation programme, which you can find more information about here.</p> <p>The airspace modernisation programme will enable us to better manage the airspace around the airport, without compromising on safety, whilst delivering a number of potential benefits such as increased resilience to disruption. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p> <p>Next Steps</p> <p>In 2019, Southampton Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. Southampton Airport successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.</p> <p>To continue to engage effectively with those stakeholders that were involved in Stage 1, Southampton Airport is hosting stakeholder briefing sessions in June 2022. The aim of these meetings is to gain feedback from stakeholders about the airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Southampton Airport has taken full account of the Stage 1 Design Principles.</p> <p>We remain committed to ensuring that all stakeholders can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy. As a local Member of Parliament, we would like to offer you an opportunity to meet our engagement team to discuss Southampton Airport's options development process and how it is engaging stakeholders in Stage 2. To arrange a meeting, please email airspace.change@southamptonairport.com or call 0800 298 7040.</p>

RE: Airspace change - request for further information	[REDACTED] - Montgomeryshire Angling Association	Email	09-06-22 10:38	C-24966	<p>[REDACTED]</p> <p>Thank you for your email.</p> <p>Perhaps it would be helpful I provided background on airspace change, before answering your questions directly.</p> <p>Background</p> <p>Along with other airports across the UK, Southampton Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace to remove reliance on old technology. This is part of a UK-wide airspace modernisation programme.</p> <p>The airspace modernisation programme will enable us to better manage the airspace around the airport, without compromising on safety, whilst delivering a number of potential benefits such as increased resilience to disruption. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the Department for Transport (DfT), we are continuing to seek views from our regional stakeholders.</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>In 2019, Southampton Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. Southampton Airport successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.</p> <p>For more information about airspace change, please consult our website, or our status page with the CAA.</p> <p>Your Query</p> <p>As to your specific questions, we are currently engaging with stakeholders on a comprehensive list of potential design options, so we are not yet in a position to say whether the change will affect any one particular home or another at this stage.</p> <p>Further details on potential flight paths will be developed as a result of our engagement with stakeholders at Stage 2, then we will seek to consult the public at Stage 3, which we expect to happen in 2024.</p> <p>Airspace change is a long and complex process, but hopefully many of your questions are answered in our FAQs page.</p> <p>The runway extension is a different process; noise insulation funding and other community funding is associated with the S106 legal agreement connected to the planning permission granted by Eastleigh Borough Council. While there is still a potential for the campaigners to appeal the High Court's recent ruling, we are not in a position to provide further updates to the community on the construction of the runway and the community benefits. We will provide more information as soon as we can.</p> <p>I hope this is helpful for now; if you have a specific noise complaint, the best information can be found here: https://www.southamptonairport.com/customer-service/local-resident-enquiry/</p> <p>Kind regards,</p> <p>█</p> <p>-----Original Message----- From: █ Sent: 07 June 2022 17:36</p>

					<p>To: #SOU Airspacechange <airspace.change@southamptonairport.com> Subject: Airspace change - request for further information</p> <p>[You don't often get email from ██████████. Learn why this is important at https://aka.ms/LearnAboutSenderIdentification]</p> <p>CAUTION: External email. Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>Good Afternoon,</p> <p>Hope you are well, I have today been made aware of the proposed airspace change.</p> <p>I would like to know more information about the airspace change. I would like to know how this will affect me in my home. I live under the flight path currently and have already noticed a e increase in flights. On Sunday night there were three planes that flew over my house after 10pm.</p> <p>Please can you elaborate on the change. Will this mean more planes over my home, flights at different times? Later/earlier? My post code is so18 2dp so you will be able to see my location in relation to the flight path.</p> <p>I have read information both on your site and through the documents but I could not find a simply map that would perhaps demonstrate the flight paths to me?</p> <p>Any information will help as if this change will mean more flights over my home I will consider moving.</p> <p>I have also heard people in the community mention that people under the flight path will be offered a grant or money to help with noise insulation for our homes, can you also advise on this?</p> <p>I want to make it clear that I am not against the expansion, I would simply like to know more information. Especially about the airspace and flight paths changing.</p>

					<p>In 2019, Southampton Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. Southampton Airport successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.</p> <p>Attend a briefing session about Southampton Airport's ACP</p> <p>As part of its Stage 2 engagement activity, Southampton Airport is hosting stakeholder briefing sessions, which you can register to attend here. Alternatively, you can email airspace.change@southamptonairport.com detailing the name of your organisation, the name of the nominated attendee, and which workshop they will attend.</p> <p>We ask that your organisation select one representative to attend one of the following briefing sessions:</p> <p>Date: Thursday 23rd June 2022</p> <p>Time: 10.00am to 12.30pm</p> <p>At: Online</p> <p>Register</p> <p>- Or -</p> <p>Date: Monday 27th June 2022</p> <p>Time: 1.00pm to 4.00pm</p> <p>At: The Oak Room, Holiday Inn Eastleigh, Leigh Road, Eastleigh, Hampshire, SO50 9PG (in-person)</p> <p>Register</p> <p>- Or -</p> <p>Date: Tuesday 28th June 2022</p> <p>Time: 10.00am to 12.30pm</p> <p>At: Online</p> <p>Register</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>The briefing sessions will include a presentation on the design options, followed by an opportunity to ask questions. After the briefing sessions, stakeholders will have a period of four weeks to provide feedback via an online feedback form.</p> <p>If you are unable to engage online, please email airspace.change@southamptonairport.com or call 0800 298 7040, as we can arrange an alternative session.</p> <p>Have we got the right contact for your organisation?</p> <p>We want to keep our stakeholder records up-to-date for this airspace change engagement. We are required to engage with community stakeholders who may be affected by any future changes to Southampton Airport's airspace; as such, please let us know if we need to update our contact for your organisation. If so, please nominate an alternative person by emailing airspace.change@southamptonairport.com. Ideally, the individual nominated would be willing to engage with us at subsequent stages of the process.</p> <p>Further Information</p> <p>We'd like to thank all those who have contributed to date to Southampton Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the Airport should progress its part of the UK-wide Airspace Modernisation Strategy.</p> <p>Should you have any questions, please view our FAQs page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Southampton Airport's ACP www.southamptonairport.com/about-us/airspace-change-programme/.</p> <p>Kind regards,</p> <p> , Southampton International Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. 					<p>To continue to engage effectively with those stakeholders that were involved in Stage 1, Southampton Airport is hosting stakeholder briefing sessions in June 2022. The aim of these meetings is to gain feedback from stakeholders about the airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Southampton Airport has taken full account of the Stage 1 Design Principles.</p> <p>We remain committed to ensuring that all stakeholders can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy. As a local Member of Parliament, we would like to offer you an opportunity to meet our engagement team to discuss Southampton Airport's options development process and how it is engaging stakeholders in Stage 2. To arrange a meeting, please email airspace.change@southamptonairport.com or call 0800 298 7040.</p> <p>Further Information</p> <p>Should you have any questions in the meantime, please view our FAQ page, which covers many of the most common queries. 					<p>stakeholders.</p> <p>Next Steps</p> <p>In 2019, Southampton Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. Southampton Airport successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.</p> <p>To continue to engage effectively with those stakeholders that were involved in Stage 1, Southampton Airport is hosting stakeholder briefing sessions in June 2022. The aim of these meetings is to gain feedback from stakeholders about the airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Southampton Airport has taken full account of the Stage 1 Design Principles.</p> <p>We remain committed to ensuring that all stakeholders can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy. As a local Member of Parliament, we would like to offer you an opportunity to meet our engagement team to discuss Southampton Airport's options development process and how it is engaging stakeholders in Stage 2. To arrange a meeting, please email airspace.change@southamptonairport.com or call 0800 298 7040.</p> <p>Further Information</p> <p>Should you have any questions in the meantime, please view our FAQ page, which covers many of the most common queries. Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>Under GDPR, your data (name, address and email) will be held by ██████████ in relation to casework, in support of his Parliamentary duties and to carry out work necessary to his role of representing constituent's views as Member of Parliament for Winchester & Chandler's Ford.</p> <p>From: Airspace Change Southampton [mailto:airspace.change@southamptonairport.com] Sent: 25 May 2022 16:55 To: ██████████ Subject: Southampton Airport's Airspace Change Proposal</p> <p>Dear ██████████</p> <p>Southampton Airport's Airspace Change Proposal</p> <p>I am emailing to offer you the opportunity to meet Southampton Airport's engagement team to discuss the next steps in its Airspace Change Proposal (ACP) – our part of a nationwide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS).</p> <p>Background</p> <p>Along with other airports across the UK, Southampton Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace to remove reliance on old technology. This is part of a UK-wide airspace modernisation programme, which you can find more information about here.</p> <p>The airspace modernisation programme will enable us to better manage the airspace around the airport, without compromising on safety, whilst delivering a number of potential benefits such as increased resilience to disruption. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p> <p>Next Steps</p> <p>In 2019, Southampton Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. Southampton Airport successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.</p> <p>To continue to engage effectively with those stakeholders that were involved in Stage 1, Southampton Airport is hosting stakeholder briefing sessions in June 2022. The aim of these meetings is to gain feedback from stakeholders about the airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Southampton Airport has taken full account of the Stage 1 Design Principles.</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>We remain committed to ensuring that all stakeholders can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy. As a local Member of Parliament, we would like to offer you an opportunity to meet our engagement team to discuss Southampton Airport's options development process and how it is engaging stakeholders in Stage 2. To arrange a meeting, please email airspace.change@southamptonairport.com or call 0800 298 7040.</p> <p>Further Information</p> <p>Should you have any questions in the meantime, please view our FAQ page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Southampton Airport's ACP www.southamptonairport.com/about-us/airspace-change-programme/.</p> <p>Kind regards,</p> <p></p> <p>, Southampton International Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>Southampton</p> <p>SO18 6AN</p> <p>W: www.roystonsmith.co.uk</p> <p>Follow  online:</p> <p>[Icon - Facebook] [Icon - Twitter]</p> <hr/> <p>From: Airspace Change Southampton <airspace.change@southamptonairport.com> Sent: 25 May 2022 16:54 To:  Subject: Southampton Airport's Airspace Change Proposal</p> <p>Dear </p> <p>Southampton Airport's Airspace Change Proposal</p> <p>I am emailing to offer you the opportunity to meet Southampton Airport's engagement team to discuss the next steps in its Airspace Change Proposal (ACP) – our part of a nationwide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS).</p> <p>Background</p> <p>Along with other airports across the UK, Southampton Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace to remove reliance on old technology. This is part of a UK-wide airspace modernisation programme, which you can find more information about here.</p> <p>The airspace modernisation programme will enable us to better manage the airspace around the airport, without compromising on safety, whilst delivering a number of potential benefits such as increased resilience to disruption. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p> <p>Next Steps</p> <p>In 2019, Southampton Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. Southampton Airport successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>To continue to engage effectively with those stakeholders that were involved in Stage 1, Southampton Airport is hosting stakeholder briefing sessions in June 2022. The aim of these meetings is to gain feedback from stakeholders about the airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Southampton Airport has taken full account of the Stage 1 Design Principles.</p> <p>We remain committed to ensuring that all stakeholders can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy. As a local Member of Parliament, we would like to offer you an opportunity to meet our engagement team to discuss Southampton Airport's options development process and how it is engaging stakeholders in Stage 2. To arrange a meeting, please email airspace.change@southamptonairport.com or call 0800 298 7040.</p> <p>Further Information</p> <p>Should you have any questions in the meantime, please view our FAQ page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Southampton Airport's ACP www.southamptonairport.com/about-us/airspace-change-programme/.</p> <p>Kind regards,</p> <p>  Southampton International Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. Southampton Airport ACP	 - Sky Surfing Club	Email	28-06-22 16:40	C-26750	<p>-----Original Message----- From:  Sent: 28 June 2022 16:40 To: #SOU Airspacechange <airspace.change@southamptonairport.com> Subject: Southampton Airport ACP</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>CAUTION: External email. Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>Thank you again for hosting the briefing session at the Holiday Inn, Eastleigh yesterday (27 June 2022). It was an interesting and useful event. I confess I am still "catching up", having been overlooked for participation in previous Stages of the process, (see below).</p> <p>DOCUMENTATION</p> <p>I have been perusing the documentation released on the CAA Portal and identified some items which appear to be incomplete or in error. Please correct me if I have misread.</p> <p>Appendix B - Engagement Material</p> <ul style="list-style-type: none"> - Reference 4 and Reference 5 appear to be duplicated - Reference 6 and Reference 7 appear to be duplicated - The dates specified in the Document Overviews for Reference 4/5 and Reference 6/7 are incomplete - e.g. "Tuesday 23rd July" where (I think) it should read "Tuesday 23rd July 2019" - Some presentations are not dated at all - e.g. Reference 8 and Reference 9 <p>STAKEHOLDERS</p> <p>From the Stage 1B Final Report it is obvious that key aviation stakeholders, (or local representative groups) were not involved, e.g.</p> <ul style="list-style-type: none"> - British Microlight Aircraft Association (BMAA) - British Hang Gliding & Paragliding Association (BHPA) - British Balloon & Airship Club - All-Party Parliamentary Group on General Aviation <p>This may have been avoided if the Royal Aero Club (RAeC) had been contacted and information circulated through this organisation.</p> <p>SSC ENGAGEMENT</p> <p>I am involved with the Sky Surfing Club which manages hang gliding and paragliding interests in Hampshire and West Sussex. I would have hoped to represent the Club during Stage 1 of the SOU ACP. The SSC became aware of the ACP through, "word of mouth" in May 2019. I immediately registered through your website to receive notifications and on the 3 June 2019 received confirmation of my registration.</p> <p>I understand the closing date for stakeholder feedback was 7 August 2019 and the Stage 1B submission to the CAA took place on 18 August 2019. The /first/ notification I received regarding the SOU ACP was 25 February 2020!</p> <p>I appreciate that there are many interests involved with the SOU ACP and many contacts to manage. However, as the SSC has had a Letter of Agreement (LoA) in place with Southampton ATC since 1 February 2019, (preceded by a trial which commenced on the 23 April 2018) I would have expected the SSC to be a prime candidate for the list of aviation stakeholders. (The LoA allows the SSC to operate within the Southampton CTR.) I appreciate that Stage 1B is now complete and you had a substantial volume of feedback to aid the development of the Design Principles. However, it is a great shame that the SSC were excluded from making any contribution early in the process; Southampton CTR and Solent CTA have a very significant impact on hang gliding and paragliding activity in the region.</p> <p>I hope these comments are helpful and I look forward to our engagement in the future.</p> <p>Regards,  , Sky Surfing (hang gliding & paragliding) Club https://urldefense.com/v3/__https://skysurfingclub.co.uk/__;!!Lq9ptnvMneGjIH_68Cj-to_-jGFIG_rA39Rm74QykzQj7N9JBi_ITPwZrzQ8UdYjpDIz_NK6JhAsxGvukkaJ2uAvHNlIFwf6lovDkSZPzXoIV\$</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is</p>

RE: Stakeholder briefing this afternoon	██████████ - Goodwood	Email	29-06-22 10:32	C-27114	<p>██████████</p> <p>Thank you for your email.</p> <p>For those who were unable to make our three stakeholder briefing sessions, we have uploaded a video recording of our session from 23rd June to our website: https://southamptonairport.consultationonline.co.uk/</p> <p>If you could review this recording first of all, it will give you an outline of Stage 2 and Southampton Airport's approach. There is also a method to leave feedback on this website.</p> <p>If you have questions after viewing the recording, we would be happy to take these via email. Alternatively, if you wanted a separate briefing after listening to the recording, we could look to arrange this.</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>Follow [redacted] online: [Icon - Facebook] [Icon - Twitter]</p> <hr/> <p>From: Airspace Change Southampton <airspace.change@southamptonairport.com> Sent: 25 May 2022 16:54 To: [redacted] Subject: Southampton Airport's Airspace Change Proposal</p> <p>Dear [redacted]</p> <p>Southampton Airport's Airspace Change Proposal</p> <p>I am emailing to offer you the opportunity to meet Southampton Airport's engagement team to discuss the next steps in its Airspace Change Proposal (ACP) – our part of a nationwide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS).</p> <p>Background</p> <p>Along with other airports across the UK, Southampton Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace to remove reliance on old technology. This is part of a UK-wide airspace modernisation programme, which you can find more information about here.</p> <p>The airspace modernisation programme will enable us to better manage the airspace around the airport, without compromising on safety, whilst delivering a number of potential benefits such as increased resilience to disruption. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p> <p>Next Steps</p> <p>In 2019, Southampton Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. Southampton Airport successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.</p> <p>To continue to engage effectively with those stakeholders that were involved in Stage 1, Southampton Airport is hosting stakeholder briefing sessions in June 2022. The aim of these meetings is to gain feedback from stakeholders about the airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Southampton Airport has taken full account of the Stage 1 Design Principles.</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>We remain committed to ensuring that all stakeholders can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy. As a local Member of Parliament, we would like to offer you an opportunity to meet our engagement team to discuss Southampton Airport's options development process and how it is engaging stakeholders in Stage 2. To arrange a meeting, please email airspace.change@southamptonairport.com or call 0800 298 7040.</p> <p>Further Information</p> <p>Should you have any questions in the meantime, please view our FAQ page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Southampton Airport's ACP www.southamptonairport.com/about-us/airspace-change-programme/.</p> <p>Kind regards,</p> <p>██████████</p> <p>██████████, Southampton International Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p> <p>Next Steps</p> <p>In 2019, Southampton Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. Southampton Airport successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>To continue to engage effectively with those stakeholders that were involved in Stage 1, Southampton Airport is hosting stakeholder briefing sessions in June 2022. The aim of these meetings is to gain feedback from stakeholders about the airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Southampton Airport has taken full account of the Stage 1 Design Principles.</p> <p>We remain committed to ensuring that all stakeholders can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy. As a local Member of Parliament, we would like to offer you an opportunity to meet our engagement team to discuss Southampton Airport's options development process and how it is engaging stakeholders in Stage 2. To arrange a meeting, please email airspace.change@southamptonairport.com or call 0800 298 7040.</p> <p>Further information</p> <p>Should you have any questions in the meantime, please view our FAQ page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Southampton Airport's ACP www.southamptonairport.com/about-us/airspace-change-programme/.</p> <p>Kind regards,</p> <p>  Southampton International Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. Re: Southampton Airport Airspace Change Proposals	<p>[REDACTED] Winchester City Council [REDACTED] [REDACTED] Winchester City Council [REDACTED] [REDACTED] Southampton City Council [REDACTED] - Eastleigh Borough Council</p>	Email	08-07-22 15:03	C-27590	<p>From: [REDACTED] Sent: 08 July 2022 15:03 To: #SOU Airspacechange <airspace.change@southamptonairport.com>; [REDACTED] [REDACTED] Cc: [REDACTED] Subject: Re: Southampton Airport Airspace Change Proposals</p> <p>You don't often get email from [REDACTED] Learn why this is important CAUTION: External email. Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>Re: Southampton Airport Airspace Change Proposals</p> <p>Good afternoon.</p> <p>Further to the recent air space workshops, Southampton, Eastleigh and Winchester Council officers would like to request a further meeting to better understand how the 4 Options were derived from the 'concepts' approach, which considers 'systems' of arrivals and departures, as required by DP8. In other words, in determining the various notional routing on runway 02 and 20 arrivals and departures, what rationale was used to bundle these into the 4 Options as presented?</p> <p>It is noted that the actual Options are not being consulted during Stage 2A but will be consulted on in the next stage, Stage 3. If this is the case, can it be assumed that once the 4 Options have been through Stage 2A engagement process, all 4 will be modelled for noise impacts on ground populations and presented as noise contours?</p> <p>In order to better inform our respective consultations before 26th July, can we request a meeting (<1 hour) to discuss these points please. Officers have compared diaries and can make the following dates:</p> <ul style="list-style-type: none"> * Wed 13th – pm * Mon 18th – pm * Wed 20th – am or pm <p>The preference would be an in person meeting and Eastleigh BC would be happy to host or as may be easier SIA may be able to host in the [REDACTED]? Or if easier we can conduct on MS Teams. I've copied in everyone who I think may wish to attend from the Airport but did not have [REDACTED] email for a direct invitation.</p> <p>Hoping one of the above dates works for all or most of us.</p> <p>[REDACTED] [REDACTED] - Public Protection</p> <p>Winchester City Council [REDACTED]</p> <p>Tel: [REDACTED] Ext: [REDACTED]</p> <p>[cid:image001.jpg@01D892BE.E9D43630] [cid:image002.jpg@01D892BE.E9D43630]</p>

<p>Airport's Airspace Change Proposal Feedback and Questions</p>	<p>█ SOU</p>	<p>Email</p>	<p>10-07-22 17:01</p>	<p>C-27589</p>	<p>From: AXO SOU █ Sent: 10 July 2022 17:01 To: #SOU Airspacechange <airspace.change@southamptonairport.com> Subject: Airport's Airspace Change Proposal Feedback and Questions</p> <p>You don't often get email from █ Learn why this is important CAUTION: External email. Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>On behalf of AXO Southampton I would like to make the following comments:</p> <ol style="list-style-type: none"> 1. We are unsure whether the numbering of the design principles is intended to indicate priority. If it is, we request that minimising noise (7) is given priority above environment (6) and preferably higher still. This is because although we are obviously concerned about climate change emissions and pollution, aircraft noise from Southampton Airport is excessively high (as noted by EBC Environmental Health in response to the initial planning application, in relation to size of the airport). Aircraft noise affects many more people than most UK airports including most of the larger ones and the increase in noise impacts from the runway extension is forecast to increase proportionally more than the impacts on pollution and climate change. This is why we feel that taking this opportunity to reduce the burden of noise on local people is extremely important. 2. We note there was no indication of possible respite routes in the options presented. With more planes potentially concentrated over fewer people the use of respite routes would become more important, especially for runway 20 which takes most of the traffic. 3. The wording of principle 7 ('to minimise and where possible reduce') implies that noise impacts may not necessarily be reduced compared with current routes. We note the planning application for the runway extension promised a noise cap, ie limit on the size of the 51dB contour at the level consistent with 3mppa, but this would have applied only until any airspace change, which means it won't now come into force. At the planning meeting reassurance was given that this didn't matter because airspace change might give opportunity to reduce noise levels further - but without a new cap being applied it cannot simply be assumed that over time noise could rise beyond expected levels. Are there plans to introduce an equivalent cap once the new airspace is decided? If not, what assurance can be given to communities under the flight path that noises cannot rise without limited? 4. We are unsure what the purpose of the formal public consultation is, given that you stated in response to one of the questions that little change would be possible following the consultation. Is it therefore just a tick box exercise to satisfy the CAA? 5. We would like more information on how noise modelling is carried out. Does it include effects such as wind and local structures (reflecting and shielding) and the presence of the bund (and its removal with the runway extension).

					<p>6. We would like to protest at the misleading claim in the video which you showed about about the benefits of aviation, that it brings in £20m from inbound tourism. This ignores the £30m taken out of the economy by outbound tourism, so the video should either have acknowledged this or quoted the net (i.e. negative) impact of tourism on the economy.</p> <p>██████████ ██████████ Members all around Southampton airport. https://axosouthampton.wordpress.com/</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. Please report anything suspicious or abusive by using the 'Report Phishing Email' button. Re: Southampton Airport Airspace Change Proposals Good afternoon. Further to the recent air space workshops, Southampton, Eastleigh and Winchester Council officers would like to request a further meeting to better understand how the 4 Options were derived from the 'concepts' approach, which considers 'systems' of arrivals and departures, as required by DP8. In other words, in determining the various notional routing on runway 02 and 20 arrivals and departures, what rationale was used to bundle these into the 4 Options as presented? It is noted that the actual Options are not being consulted during Stage 2A but will be consulted on in the next stage, Stage 3. If this is the case, can it be assumed that once the 4 Options have been through Stage 2A engagement process, all 4 will be modelled for noise impacts on ground
