					<p>[REDACTED]</p> <p>Subject: Re: Southampton Airport Airspace Change Proposals</p> <p>You don't often get email from [REDACTED] <a href="#">Learn why this is important</a></p> <p>CAUTION: External email. Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>Re: Southampton Airport Airspace Change Proposals</p> <p>Good afternoon.</p> <p>Further to the recent air space workshops, Southampton, Eastleigh and Winchester Council officers would like to request a further meeting to better understand how the 4 Options were derived from the 'concepts' approach, which considers 'systems' of arrivals and departures, as required by DP8. In other words, in determining the various notional routing on runway 02 and 20 arrivals and departures, what rationale was used to bundle these into the 4 Options as presented?</p> <p>It is noted that the actual Options are not being consulted during Stage 2A but will be consulted on in the next stage, Stage 3. If this is the case, can it be assumed that once the 4 Options have been through Stage 2A engagement process, all 4 will be modelled for noise impacts on ground populations and presented as noise contours?</p> <p>In order to better inform our respective consultations before 26th July, can we request a meeting (&lt;1 hour) to discuss these points please. Officers have compared diaries and can make the following dates:</p> <ul style="list-style-type: none"> <li>* Wed 13th – pm</li> <li>* Mon 18th – pm</li> <li>* Wed 20th – am or pm</li> </ul> <p>The preference would be an in person meeting and Eastleigh BC would be happy to host or as may be easier SIA may be able to host in the Spitfire Room? Or if easier we can conduct on MS Teams. I've copied in everyone who I think may wish to attend from the Airport but did not have [REDACTED] email for a direct invitation.</p> <p>Hoping one of the above dates works for all or most of us.</p> <p>[REDACTED]</p> <p>[REDACTED]</p> <p>Winchester City Council</p> <p>[REDACTED]</p> <p>[REDACTED]</p> <p>Tel: [REDACTED]</p> <p>Ext: [REDACTED]</p> <p>[cid:image001.jpg@01D895D7.FFDED310]  [cid:image002.jpg@01D895D7.FFDED310]  [cid:image003.jpg@01D895D7.FFDED310] [cid:image004.jpg@01D895D7.FFDED310]</p> <hr/> <p>This email and any files transmitted with it are intended solely for the addressed individual. Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>CAUTION: This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.</p> <hr/> <p>Dear [REDACTED]</p> <p>Southampton Airport welcomes your feedback on its Airspace Change Proposal</p> <p>This is a reminder to give Southampton Airport your feedback on its approach to developing route options. The deadline for feedback is Tuesday 26th July 2022. We recently held three Stakeholder Briefing sessions to outline our approach to options development. If you were unable to attend a session or would like to hear the presentation again, a recording is now available on the website at <a href="https://southamptonairport.consultationonline.co.uk/">https://southamptonairport.consultationonline.co.uk/</a>.</p> <p><b>Providing Feedback</b></p> <p>We appreciate your participation in this important process and would be grateful for your feedback on our approach to developing airspace change design options for Southampton Airport. You can give us your feedback online at <a href="https://southamptonairport.consultationonline.co.uk/">https://southamptonairport.consultationonline.co.uk/</a>. The deadline for feedback is Tuesday 26th July 2022.</p> <p><b>Background</b></p> <p>As you may be aware, along with other airports across the UK, Southampton Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace. In 2019, Southampton Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. The final Design Principles can be viewed <a href="#">here</a>.</p> <p>We are asking you to give us your feedback on our approach to developing the options and if this approach aligns with the Design Principles. It is important to note that we are not asking you to comment on the individual options at this stage. If you would like a hard copy of the survey, you can request one by emailing <a href="mailto:airspace.change@southamptonairport.com">airspace.change@southamptonairport.com</a> or calling 0800 298 7040.</p> <p><b>Next Steps</b></p> <p>We will review all the responses to our survey and refine or create new options as appropriate. Our full comprehensive list of route options will then be taken forward to the Design Principle Evaluation, where we assess each option to understand whether it has met, partially met, or not met the Design Principles. We will inform you once the Design Principle Evaluation is complete and available to view.</p> <p>The outcome of the Design Principle Evaluation will likely be a shortlist of options. The wider public will then be informed of the proposals at Stage 3, which will include a full public consultation. A key element of this consultation is that it takes place when proposals are at a formative stage, so that feedback has the potential to affect the proposal. Southampton Airport is expecting the public consultation to take place in 2024.</p> <p><b>Further information</b></p> <p>We'd like to thank all those who have contributed to date to Southampton Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.</p> <p>Should you have any questions, please view our <a href="#">FAQ page</a>, which covers many of the most common queries. You can also find out more about the <a href="#">Airspace Modernisation Strategy</a> here and <a href="#">Southampton Airport's ACP</a> here. If you would like information not covered in this email, please contact us on 0800 298 7040 or via email at <a href="mailto:airspace.change@southamptonairport.com">airspace.change@southamptonairport.com</a>.</p> <p>Yours sincerely,</p> <p>[REDACTED] [REDACTED] Southampton Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. 					<p>Under GDPR, your data (name, address and email) will be held by ██████████ in relation to casework, in support of his Parliamentary duties and to carry out work necessary to his role of representing constituent's views as Member of Parliament for Winchester &amp; Chandler's Ford.</p> <p>From: Airspace Change Southampton (mailto:airspace.change@southamptonairport.com)  Sent: 25 May 2022 16:55  To: ██████████  Subject: Southampton Airport's Airspace Change Proposal</p> <p>Dear ██████████</p> <p>Southampton Airport's Airspace Change Proposal</p> <p>I am emailing to offer you the opportunity to meet Southampton Airport's engagement team to discuss the next steps in its Airspace Change Proposal (ACP) – our part of a nationwide initiative to modernise the country's airspace, known as the Airspace Modernisation Strategy (AMS).</p> <p>Background</p> <p>Along with other airports across the UK, Southampton Airport is required by the Department for Transport (DfT) and the Civil Aviation Authority (CAA) to modernise its airspace to remove reliance on old technology. This is part of a UK-wide airspace modernisation programme, which you can find more information about here.</p> <p>The airspace modernisation programme will enable us to better manage the airspace around the airport, without compromising on safety, whilst delivering a number of potential benefits such as increased resilience to disruption. As well as engaging with the Civil Aviation Authority (CAA), National Air Traffic Service (NATS), and the Department for Transport (DfT), we will be continuing to seek views from our regional stakeholders.</p> <p>Next Steps</p> <p>In 2019, Southampton Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. Southampton Airport successfully passed Stage 1 of the ACP process and has now commenced Stage 2. This stage involves developing a comprehensive list of potential airspace change design options.</p> <p>To continue to engage effectively with those stakeholders that were involved in Stage 1, Southampton Airport is hosting stakeholder briefing sessions in June 2022. The aim of these meetings is to gain feedback from stakeholders about the airport's process for developing its design options. Specifically, stakeholders will be asked to consider if Southampton Airport has taken full account of the Stage 1 Design Principles.</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>We remain committed to ensuring that all stakeholders can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy. As a local Member of Parliament, we would like to offer you an opportunity to meet our engagement team to discuss Southampton Airport's options development process and how it is engaging stakeholders in Stage 2. To arrange a meeting, please email <a href="mailto:airspace.change@southamptonairport.com">airspace.change@southamptonairport.com</a> or call 0800 298 7040.</p> <p>Further Information</p> <p>Should you have any questions in the meantime, please view our FAQ page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Southampton Airport's ACP <a href="http://www.southamptonairport.com/about-us/airspace-change-programme/">www.southamptonairport.com/about-us/airspace-change-programme/</a>.</p> <p>Kind regards,</p> <p>  , Southampton International Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. 					<p>From: [REDACTED]  Sent: 13 July 2022 15:53  To: #SOU Airspacechange &lt;airspace.change@southamptonairport.com&gt;  Subject: Re: Southampton Airport welcomes your feedback on its Airspace Change Proposal</p> <p>You don't often get email from [REDACTED]. Learn why this is important  CAUTION: External email. Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>Dear [REDACTED]  Thank you for your email. I am pretty certain I sent a feedback on the live session I attended. I also sent some feedback on noise and suggested someone from the airport would be welcome at a Parish Council meeting to talk through things to which I received a reply.  Regards  [REDACTED]</p> <hr/> <p>From: Airspace Change Southampton &lt;airspace.change@southamptonairport.com&gt;  Sent: 12 July 2022 11:46  To: [REDACTED]  Subject: Southampton Airport welcomes your feedback on its Airspace Change Proposal</p> <p>Dear [REDACTED]</p> <p>Southampton Airport welcomes your feedback on its Airspace Change Proposal</p> <p>This is a reminder to give Southampton Airport your feedback on its approach to developing route options. The deadline for feedback is Tuesday 26th July 2022. We recently held three Stakeholder Briefing sessions to outline our approach to options development. If you were unable to attend a session or would like to hear the presentation again, a recording is now available on the website at <a href="https://southamptonairport.consultationonline.co.uk/">https://southamptonairport.consultationonline.co.uk/</a>.</p> <p>Providing Feedback</p> <p>We appreciate your participation in this important process and would be grateful for your feedback on our approach to developing airspace change design options for Southampton Airport. You can give us your feedback online at <a href="https://southamptonairport.consultationonline.co.uk/">https://southamptonairport.consultationonline.co.uk/</a>. The deadline for feedback is Tuesday 26th July 2022.</p> <p>Background</p> <p>As you may be aware, along with other airports across the UK, Southampton Airport is required by the Department for Transport (DfT) and the</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>Civil Aviation Authority (CAA) to modernise its airspace. In 2019, Southampton Airport commenced Stage 1 of this process, known as CAP1616, which included engaging with a range of stakeholders and community representatives to co-design principles that should guide the airport's decision making. The final Design Principles can be viewed <a href="#">here</a>.</p> <p>We are asking you to give us your feedback on our approach to developing the options and if this approach aligns with the Design Principles. It is important to note that we are not asking you to comment on the individual options at this stage. If you would like a hard copy of the survey, you can request one by emailing <a href="mailto:airspace.change@southamptonairport.com">airspace.change@southamptonairport.com</a> or calling 0800 298 7040.</p> <p><b>Next Steps</b></p> <p>We will review all the responses to our survey and refine or create new options as appropriate. Our full comprehensive list of route options will then be taken forward to the Design Principle Evaluation, where we assess each option to understand whether it has met, partially met, or not met the Design Principles. We will inform you once the Design Principle Evaluation is complete and available to view.</p> <p>The outcome of the Design Principle Evaluation will likely be a shortlist of options. The wider public will then be informed of the proposals at Stage 3, which will include a full public consultation. A key element of this consultation is that it takes place when proposals are at a formative stage, so that feedback has the potential to affect the proposal. Southampton Airport is expecting the public consultation to take place in 2024.</p> <p><b>Further information</b></p> <p>We'd like to thank all those who have contributed to date to Southampton Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.</p> <p>Should you have any questions, please view our <a href="#">FAQ page</a>, which covers many of the most common queries. RE: Flight path proposed changes lecture 28 June 2022	██████████ - CPRE Hampshire	Email	19-07-22 14:17	C-28281	<p>Hi ██████████</p> <p>Thank you for your email and for attending one of our recent workshops.</p> <p>I'm sorry to hear that you found the workshop to be technical and aviation focused and we will certainly take on board your feedback for future sessions. Our team are always happy to explain or clarify at any point during the workshop so in future please do not hesitate to ask any questions or please do approach one of the team following the presentation and we'd be pleased to help.</p> <p>With regards to your question around wanting more information on the sort of effect will the proposed changes have upon residents living within a few miles of the airport, we don't yet have that level of detail. At present, we're developing a comprehensive list of options that aim to align with the Design Principles which were developed with Stakeholders as part of Stage 1 of the airspace change process. As you will have seen within the presentation, there are 16 Design Principles, and some of these focus on noise, air quality and emissions. Our comprehensive list aims to align with the design principles and the presentation published on the website gives details about how the options have been developed to meet these. The engagement gives stakeholders the opportunity to feedback about whether we have developed the comprehensive list of options in line with the Design Principles or whether we have missed anything; we will review all feedback received and where appropriate develop further options.</p> <p>We'll then move onto the next steps in the process where we start to evaluate and appraise the options; it's at this stage where we will begin to understand the benefits and impacts of each of the options when compared to a 'do nothing' baseline. The Initial Options Appraisal (Step 2B of the Airspace Change Process), includes assessments on the benefits and impacts to noise, tranquillity, biodiversity, air quality and carbon</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>emissions. Some of this may be qualitative, some may be quantitative where possible. The outcome of these assessments will be published on the CAA's Airspace Change Portal when Southampton Airport submits its Stage 2 documents, and this is where you will find detailed information about the potential effects of each option. There will then be a greater level of quantitative analysis performed in Stage 3 and that analysis will be contained within the public consultation material.</p> <p>I hope this clarifies your question but if you require any further information, or after reviewing the material on our website you have any further questions, then please do not hesitate to get in touch.</p> <p>Best wishes,</p> <p>-----Original Message-----  From: [REDACTED]  Sent: 28 June 2022 23:07  To: #SOU Airspacechange &lt;airspace.change@southamptonairport.com&gt;  Subject: Flight path proposed changes lecture 28 June 2022</p> <p>[You don't often get email from [REDACTED] Learn why this is important at <a href="https://aka.ms/LearnAboutSenderIdentification">https://aka.ms/LearnAboutSenderIdentification</a> ]</p> <p>CAUTION: External email. Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>Dear Airport</p> <p>The lecture was delivered by an expert on aviation and the aircraft flight path problems. The lecture was very technical, really directed to the aviation experts. For the non-expert, representing an amenity society, concerned principally at the effect on the ground, pollution, noise and air quality, there was little consideration. These matters were covered, but not in a very easily absorbed way by the non-expert who wants to know what sort of effect will the proposed changes have upon the ordinary resident living within a few miles of the Airport. Attention should always be given to the nature of the audience, especially when it is likely to be a very mixed audience in terms of knowledge and experience.</p> <p>[REDACTED], on behalf of the Hampshire Branch of the Campaign for the Protection of Rural England CPRE</p> <p>--  This email has been checked for viruses by AVG.  <a href="https://urldefense.com/v3/__https://www.avg.com_/!Lq9ptnvMneGj!GL-CII3ODkmx7KP3q3opF5-nOpksabE2py6hucRogvotrTxNTSCFqF1MTcH91EJdtuRmxyAkyRqmQ6gbodDh81Na6Ey5jvXMgWBmUk\$">https://urldefense.com/v3/__https://www.avg.com_/!Lq9ptnvMneGj!GL-CII3ODkmx7KP3q3opF5-nOpksabE2py6hucRogvotrTxNTSCFqF1MTcH91EJdtuRmxyAkyRqmQ6gbodDh81Na6Ey5jvXMgWBmUk\$</a></p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. Steve Szalay and Winchester / Southampton / Eastleigh Council Officers	██████████ - Winchester City Council ██████████ ██████████ - Winchester City Council ██████████ ██████████ - Southampton City Council ██████████ ██████████ - Eastleigh Borough Council	Meeting	20-07-22 00:00	C-29216	Meeting at Southampton Airport to discuss SIAL's ACP Stage 2. Officers at Winchester City Council, Southampton City Council, and Eastleigh Borough Council requested a meeting with the Operations Director at Southampton Airport, along with a representative of Trax to discuss Stage 2 of the airspace change, and to ask questions, in order to inform their feedback.
Re: Southampton Airport asks for your feedback on its Airspace Change Proposal by Tuesday 9th August 2022	██████████ - Southampton City Council	Email	20-07-22 08:18	C-34348	Good morning  My only comments at this stage having taken part in the stakeholder briefs was to ensure whatever decision is taken it doesn't make the situation worse for those who live directly under flight path in Southampton. I imagine the changes won't impact much as there wouldn't be much room for manoeuvre that close to the end of the runway.  Regards ██████████

RE: Re: Southampton Airport Airspace Change Proposals - Stage 2A engagement concerns from Winchester ward Councillors	[REDACTED] Winchester City Council [REDACTED] [REDACTED] Winchester City Council [REDACTED]	Email	27-07-22 16:08	C-29223	[REDACTED] Thank you for your email. I will liaise with the SIAL project team on your behalf and get back to you. It is particularly important to clarify to councillors that Stage 2 of the airspace change is engagement, rather than consultation. To ensure councillors' full understanding, it's important to differentiate between this stakeholder engagement work and the public consultation that takes

Comments from Colden Common Parish Council - Airspace design	██████████ Colden Common Parish Council	Email	31-07-22 11:30	C-34350	<p>The Parish Council is concern about how the airport prioritised the airspace design principles.</p> <p>No information is given on how the airport concluded the priority of the items DP1 to DP15. No evidence or weighting is given how these priorities were decided, and no opportunity has been given for comments on the priority order.</p>

					<p>[REDACTED]</p>
Consultation	[REDACTED] – Individual Pilot	Email	31-07-22 11:43	C-34363	<p>Dear Team</p> <p>First of all, thank you for the sincere consultation exercise.</p> <p>I am a microlight pilot using an aircraft based at Blackbushe and I frequently fly to Portsmouth, the Isle of Wight, and to the southwest; these are popular destinations for recreational pilots. I have two comments relating to the process outlined in your on-line presentation. These relate to prevention of bottlenecks and maintaining or improving safety, which are stated as goals but not considered from some points of view in the proposals.</p> <ol style="list-style-type: none"> <li>1. Bottlenecks. You state the avoidance of bottlenecks as a goal, but your presentation only shows Solent CTA; neighbouring controlled airspace is not mentioned, which of course makes the bottlenecks impossible to appraise. I did not see any discussion of them. As I mentioned in previous emails, a serious bottleneck is between the western edge of the Solent CTA and the Middle Wallop MATZ. (The narrowness of the gap at reasonable heights surely helps account for the nearly complete absence of GA traffic in the areas of uncontrolled airspace south of Salisbury.) Similarly, there is only a narrow gap to the west of the Lee-on-Solent ATZ. Attention needs to be paid to the width of these gaps. Also, you should consider that the triangle of CTA at the eastern edge of the Solent zone currently has a base height of 3000' and covers some high ground features (spot heights &gt;600 feet). There is potential for creating vertical bottlenecks in this area if the base is lowered.</li> <li>2. Safety. One item I did not see discussed was the safety of single-engine aircraft crossing the Solent. In general, to avoid ditching after an engine failure, one would want to fly over this water at a height that allows a glide to one shore or the other from the mid-point, plus a margin to find a landing spot once the shore has been reached and to account for headwinds. A typical glide ratio for a light aircraft would be 10:1. Proposals should take this into account when considering minimum heights of CTA over the Solent and also whether extensions of CTA would force light aircraft to take longer routes over water.</li> </ol> <p>Thank you for your consideration,</p> <p>[REDACTED]</p>
RE: Re: Southampton Airport Airspace Change Proposals - Stage 2A engagement concerns from Winchester ward Councillors	[REDACTED] Winchester City Council [REDACTED] – Winchester City Council	Email	03-08-22 11:07	C-29877	<p>[REDACTED]</p> <p>Apologies if I was not clear.</p> <p>While our team unfortunately cannot make that date, the airport team remains keen to engage.</p> <p>So, if you had questions after the meeting, we would be happy to take them. Additionally or alternatively, we would also be happy to arrange a meeting at a mutually convenient date with the members concerned.</p> <p>Kind regards,</p> <p>[REDACTED]</p> <p>From: [REDACTED] Sent: 01 August 2022 09:24 To: #SOU Airspacechange &lt;airspace.change@southamptonairport.com&gt; Cc: [REDACTED] Subject: RE: Re: Southampton Airport Airspace Change Proposals - Stage 2A engagement concerns from Winchester ward Councillors</p> <p>CAUTION: External email. <p>Southampton Airport airspace change proposal</p>	<p>██████████ - - New Forest National Park Authority</p>	<p>Email</p>	<p>04-08-22 13:13</p>	<p>C-30307</p>	<p>From: ██████████ Sent: 04 August 2022 13:13 To: #SOU Airspacechange &lt;<a href="mailto:airspace.change@southamptonairport.com">airspace.change@southamptonairport.com</a>&gt; Subject: Southampton Airport airspace change proposal</p> <p>You don't often get email from ██████████. Learn why this is important</p> <p>CAUTION: External email. Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>Feedback from the New Forest National Park Authority</p> <p>The Southampton Airport airspace design principles include DP9 - Avoiding overflying densely populated residential areas, national parks, AONBs, noise sensitive buildings and other areas prized for tranquillity.</p> <p>This is particularly pertinent for Southampton Airport, located close to both the New Forest and South Downs National Parks. The New Forest National Park's 'special qualities' – defined following public consultation and referenced within Section 61 of the Environment Act 1995 – include, "Tranquillity in the midst of the busy, built up south of England. The tranquillity and sense of remoteness that can still be found in many parts of the National Park is a quality of importance to many people. The relative peace and naturalness, combined with the open and unfenced landscape of much of the area, gives a sense of space and freedom. This contrasts with the increasingly built-up and intensively managed</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>landscape of southern England and provides a means of release from the pressures of modern life.”</p> <p>Section 62(2) of the Environment Act 1995 places a ‘duty of regard’ towards the statutory National Park purposes. The Act states, “In exercising or performing any functions in relation to, or so as to affect, land in a National Park, any relevant authority shall have regard to the purposes specified in subsection of section five of this Act.” This duty of regard applies to public bodies and anyone holding public office and ensures the two National Park purposes are appropriately considered in decisions that could affect National Parks. This applies to the Southampton Airport airspace change proposals and therefore we support the inclusion of design principle 9 in the process.</p> <p>Appendix B to CAP1616 (March 2021) confirms that change sponsors are required to have regard to the statutory National Park purposes when developing airspace change proposals. CAP1616 goes on to state, “...where practicable, it is desirable that airspace routes below 7,000 feet should seek to avoid flying over Areas of Outstanding Natural Beauty (AONB) and National Parks.” CAP1616 confirms that in line with the altitude-based priorities, when sponsors are developing airspace change proposals that have the potential to change overflights of National Parks or AONBs below 7,000 feet sponsors must show how they have considered and taken account of this impact as part of their option development and final design. We therefore expect impacts on the New Forest National Park to be transparently assessed and reported on as the airspace change proposal progresses. The inclusion of design principle 9 is a positive start and the aim of avoiding overflying at low levels our National Parks – which are enjoyed by millions of people of each – should be key in the airspace development process.</p> <p>Regards</p> <p>██████████</p> <p>██</p> <p>██</p> <p>██</p> <p>██</p> <p>██</p> <p>██</p> <p>██</p> <p>Switchboard: ██████████</p> <p>Website: <a href="http://www.newforestnpa.gov.uk">www.newforestnpa.gov.uk</a></p> <p>Connect with us on:  [Facebook Logo][Instagram Logo][Twitter Logo][YouTube Logo][Sign up to e-news]</p> <p>The New Forest National Park Authority's purposes  [New Forest Code]</p> <p>This message is intended solely for the addressee and may contain confidential information or information that is legally privileged or otherwise protected by law. 					<p>This is a reminder to give Southampton Airport your feedback on its approach to developing route options, if you have not already done so.</p> <p>Further to our previous email, the feedback deadline is Tuesday 9th August 2022.</p> <p>It is really important that we secure feedback from a broad range of stakeholder types, so we would ask that you use this opportunity to provide your comments.</p> <p>We recently held three Stakeholder Briefing sessions to outline our approach to options development. If you were unable to attend a session or would like to hear the presentation again, a recording is now available on the website at <a href="https://southamptonairport.consultationonline.co.uk/">https://southamptonairport.consultationonline.co.uk/</a>.</p> <p>Further information</p> <p>We'd like to thank all those who have contributed to date to Southampton Airport's ACP; we remain committed to ensuring your organisation can provide feedback on how the airport should progress its part of the UK-wide Airspace Modernisation Strategy.</p> <p>Should you have any questions, please view our FAQ page, which covers many of the most common queries. You can also find out more about the Airspace Modernisation Strategy here and Southampton Airport's ACP here.</p> <p>If you would like information not covered in this email, please contact us on 0800 298 7040 or via email at <a href="mailto:airspace.change@southamptonairport.com">airspace.change@southamptonairport.com</a>.</p> <p>Yours sincerely,</p> <p>   Southampton Airport</p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material. Southampton Airport Airspace Change Proposal	 – Eastleigh Borough Council	Email	04-08-22 15:12	C-34368	<p>Thank you for the opportunity to comment on your approach to developing the comprehensive list of options for Southampton Airport. Regretfully, I was unable to attend one of your stakeholder engagement meeting but I have reviewed the information that you have made available on-line.</p> <p>I support the design principles developed in Stage 1 of the Airspace Change Proposal and the approach taken using 2019 data. From the information provided, you have evidenced the design principles that have been covered in each broad design principle category for each</p>

					<p>[REDACTED]</p> <p>Cc: [REDACTED]</p> <p>Subject: Re: Southampton Airport Airspace Change Proposals</p> <p>You don't often get email from [REDACTED] learn why this is important  CAUTION: External email. Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>Re: Southampton Airport Airspace Change Proposals</p> <p>Good afternoon.</p> <p>Further to the recent air space workshops, Southampton, Eastleigh and Winchester Council officers would like to request a further meeting to better understand how the 4 Options were derived from the 'concepts' approach, which considers 'systems' of arrivals and departures, as required by DP8. In other words, in determining the various notional routing on runway 02 and 20 arrivals and departures, what rationale was used to bundle these into the 4 Options as presented?</p> <p>It is noted that the actual Options are not being consulted during Stage 2A but will be consulted on in the next stage, Stage 3. If this is the case, can it be assumed that once the 4 Options have been through Stage 2A engagement process, all 4 will be modelled for noise impacts on ground populations and presented as noise contours?</p> <p>In order to better inform our respective consultations before 26th July, can we request a meeting (&lt;1 hour) to discuss these points please. Officers have compared diaries and can make the following dates:</p> <ul style="list-style-type: none"> <li>* Wed 13th – pm</li> <li>* Mon 18th – pm</li> <li>* Wed 20th – am or pm</li> </ul> <p>The preference would be an in person meeting and Eastleigh BC would be happy to host or as may be easier SIA may be able to host in the Spitfire Room? Or if easier we can conduct on MS Teams. I've copied in everyone who I think may wish to attend from the Airport but did not have [REDACTED] email for a direct invitation.</p> <p>Hoping one of the above dates works for all or most of us.</p> <p>[REDACTED]</p> <p>[REDACTED]</p> <p>Winchester City Council</p> <p>[REDACTED]</p> <p>[REDACTED]</p> <p>Tel: [REDACTED]</p> <p>Ext: [REDACTED]</p> <p>[cid:image001.jpg@01D8AB45.835EF080]  [cid:image002.jpg@01D8AB45.835EF080]  [cid:image003.jpg@01D8AB45.835EF080] [cid:image004.jpg@01D8AB45.835EF080]</p> <hr/> <p>This email and any files transmitted with it are intended solely for the addressed individual. <p>Re: Southampton Airport asks for feedback on its Airspace Change Proposal TOMORROW</p>	<p>██████████ – Twyford Parish Council</p>	<p>Email</p>	<p>08-08-22 19:38</p>	<p>C-34349</p>	<p>I could not find any link in your emails to a consultation page and form. The following are my comments as a ██████████ for Colden Common and Twyford and Twyford ██████████ speaking as such, but not on behalf of the whole City Council or Parish Council.</p> <p>I accept there are many stages to this exercise and the process will take time but I find a lack of any actual proposals confusing.</p> <p>The design considerations include relevant but conflicting desires, such as to protect the peace and tranquility of the South Downs National Park, to avoid areas of population density, and to treat households fairly.</p> <p>What I believe is missing from this stage is any indication about how these competing desires will be prioritised when designing options.</p> <p>Many residents of Colden Common and Twyford have believed for many years that the flight path is over the Itchen. This was endorsed by the Airport's planning application for the runway extension with the noise contours being based on that route.</p> <p>What is needed therefore is to understand whether that route can be an option and which design options it fulfills and which it does not, (or to what extent each is met). Then with other potential options we need to see what they are and again how different design principles are met, and thus why a different route might be proposed.</p> <p>At the moment I am left with the impression that the airport is suggesting that all interests will be met by the proposed options – as far as possible, but I have the concern that the primary interest of flexibility for the airport and flight operators will have the greatest weight. Therefore that the options for public consultation will not include an option such as that currently in place for the southern approach, where the narrowest route is used thus minimising the wide distribution of noise and pollution but concentrating it to sites that can be the focus of meaningful mitigation. If this approach/option were included for testing during the public consultation it could allow consideration as to whether the fewest persons along the Itchen should be affected but well compensated or whether fairness means the widest number of people must share some noise and pollution.</p> <p>Therefore this consultation does not leave me with any clarity over which design options are being used in which proportions to generate proposed routes for public consultation at the next stage.</p> <p>Kind regards ██████████</p> <p>On Mon, 8 Aug 2022, 09:48 Airspace Change Southampton, &lt;<a href="mailto:airspace.change@southamptonairport.com">airspace.change@southamptonairport.com</a>&gt; wrote:</p> <p>Dear ██████████</p>

<p>RE: Southampton Airport asks for feedback on its Airspace Change Proposal TOMORROW</p>	<p>██████████ Winchester City Council ██████████ Winchester City Council ██████████ ██████████ ██████████</p>	<p>Email</p>	<p>09-08-22 09:10</p>	<p>C-30726</p>	<p>██████████</p> <p>Thank you for your email – and the feedback which we will forward to our airspace technical consultants for review.</p> <p>In terms of the feedback method, it's perhaps worth my saying that the website address we included in this and all other engagement and emails is the primary method for feedback: <a href="https://southamptonairport.consultationonline.co.uk/">https://southamptonairport.consultationonline.co.uk/</a></p> <p>This site includes all the information we presented during the stakeholder engagement meetings for Stage 2A, along with a Feedback tab. Though, of course, many stakeholders have emailed us their comments instead via this address. This was also an option we presented during our engagement briefing sessions.</p> <p>I have added you to our stakeholder list, so you will now receive our emails on this subject.</p> <p>Kind regards,</p> <p>██████████</p> <p>From: ██████████ Sent: 08 August 2022 19:38 To: #SOU Airspacechange &lt;<a href="mailto:airspace.change@southamptonairport.com">airspace.change@southamptonairport.com</a>&gt; Subject: Re: Southampton Airport asks for feedback on its Airspace Change Proposal TOMORROW</p> <p>You don't often get email from ██████████. Learn why this is important CAUTION: External email. Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>I could not find any link in your emails to a consultation page and form. The following are my comments as a ██████████ for Colden Common and Twyford and Twyford ██████████ speaking as such, but not on behalf of the whole City Council or Parish Council.</p> <p>I accept there are many stages to this exercise and the process will take time but I find a lack of any actual proposals confusing.</p> <p>The design considerations include relevant but conflicting desires, such as to protect the peace and tranquility of the South Downs National Park, to avoid areas of population density, and to treat households fairly.</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>What I believe is missing from this stage is any indication about how these competing desires will be prioritised when designing options.</p> <p>Many residents of Colden Common and Twyford have believed for many years that the flight path is over the Itchen. This was endorsed by the Airport's planning application for the runway extension with the noise contours being based on that route.</p> <p>What is needed therefore is to understand whether that route can be an option and which design options it fulfills and which it does not, (or to what extent each is met). Then with other potential options we need to see what they are and again how different design principles are met, and thus why a different route might be proposed.</p> <p>At the moment I am left with the impression that the airport is suggesting that all interests will be met by the proposed options - as far as possible, but I have the concern that the primary interest of flexibility for the airport and flight operators will have the greatest weight. Therefore that the options for public consultation will not include an option such as that currently in place for the southern approach, where the narrowest route is used thus minimising the wide distribution of noise and pollution but concentrating it to sites that can be the focus of meaningful mitigation. If this approach/option were included for testing during the public consultation it could allow consideration as to whether the fewest persons along the Itchen should be affected but well compensated or whether fairness means the widest number of people must share some noise and pollution.</p> <p>Therefore this consultation does not leave me with any clarity over which design options are being used in which proportions to generate proposed routes for public consultation at the next stage.</p> <p>Kind regards  ██████████</p> <p>On Mon, 8 Aug 2022, 09:48 Airspace Change Southampton, &lt;airspace.change@southamptonairport.com&gt; wrote:  Dear ██████████</p> <p>Southampton Airport asks for feedback on its Airspace Change Proposal by TOMORROW</p> <p>If you have not already done so, this is a reminder to give Southampton Airport your feedback on its approach to developing route options.</p> <p>Further to our previous email, we are asking for your comments by midnight tomorrow (Tuesday 9th August 2022).</p> <p>It is important that we secure feedback from a broad range of stakeholder types, so we would ask that you use this opportunity to provide your comments.</p> <p>We recently held three Stakeholder Briefing sessions to outline our approach to options development. Re: Southampton Airport asks for feedback on its Airspace Change Proposal TOMORROW	<p>██████████ - Compton &amp; Shawford Parish Council ██████████</p> <p>██████████</p> <p>Otterbourne Parish Council</p> <p>██████████ - Compton &amp; Shawford Parish Council</p> <p>Twyford Parish Council</p>	Email	09-08-22 10:04	C-30727	<p>From: ██████████</p> <p>Sent: 09 August 2022 10:04</p> <p>To: #SOU Airspacechange &lt;airspace.change@southamptonairport.com&gt;</p> <p>Cc: ██████████</p> <p>Subject: Re: Southampton Airport asks for feedback on its Airspace Change Proposal TOMORROW</p> <p>CAUTION: External email. Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>Dear ██████████</p> <p>As with other local communities who currently suffer from noise and environmental pollution from the airport, there is no sense of consultation with our community about the proposed changes. This includes the Parish Council and local resident's groups (e.g. Compton Down Society). It is also felt that Winchester is being excluded from input (e.g. NPRs) this is difficult to justify and removes a large number of people from input and consultation. It is easy to see this as a convenience rather than a desire for local input.</p> <p>We have a special school in Compton-</p> <p><a href="https://www.get-information-schools.service.gov.uk/Establishments/Establishment/Details/116642">https://www.get-information-schools.service.gov.uk/Establishments/Establishment/Details/116642</a></p> <p>160 special pupils. We also have 2 junior schools. These sites can be and are overflowed at surprisingly low altitude by aircraft taking shortcuts as the are not being controlled. These sorts of needs are not addressed by your consultation. Less populated routes are available.</p> <p>I attended the July 2019 presentations and made a note at that time- "industry and GA shaping the "priorities" to their own ends. GA seem a bit over represented considering how many residents are affected". This still applies, commercial interests taking priority over local pollution and disturbance/quiet enjoyment.</p> <p>The design options are presented rather than consulted on in any meaningful way. Instead, the process has been deliberately dovetailed into specific options rather than the "intention" which is consultation on the process itself. In your FAQs, you mention "public consultation" at a later point but this will be about the choices the airport has already made and not about involving the community in real decisions and choices.</p> <p>The CAA rules about noise consideration below 4000 feet having priority appears to be absent as a consideration.</p> <p>Stage 3 data and consideration seem to be missing.</p> <p>The diagrams and illustrations are very poor in terms of detailed information. Have runway 20 arrivals been missed?</p> <p>Could you tell me where the various representations will be posted/hosted and how they will inform the progress of the proposals?</p> <p>Many Thanks</p> <p>██████████</p> <p>(On behalf of Compton and Shawford Parish Council)</p>

Stage 2 comments	██████████ - Aircraft Owners and Pilots Association (AOPA)	Email	09-08-22 19:31	C-34362	<p>For the attention of ██████████ Southampton Airport</p> <p>AOPA represents many GA pilots who own and operate a wide range of aircraft types, from light jets to single engine piston types as well as rotary craft. AOPA has been representing GA for over 50 years.</p> <p>Whilst I understand that this is a stage two engagement and that the presentation which includes notional route may not be the final solution and that this is not a public consultation.</p> <p>The design principles are generally reasonable and fit with the Governments requirements , however when referring to electronic conspicuity the words say "consider the use of EC" for integration of traffic. AOPA supports the need for a co operative surveillance environment, and We are not convinced at this stage that we have achieved that goal. Which I would suggest make the consideration of EC a particular issue when it comes to sharing the airspace. So I have a concern about how to achieve the integration of traffic within the orbit of SAMs airspace.</p> <p>The use of controlled airspace establishes a know traffic environment which allows controllers to safely organise traffic flows. Infringements of CAS impacts the controller due to LOS events requiring greater separation. To guard against this having dedicated VFR routes through Southampton combined with EC / transponder and a radio may help to reduce the impact on ATC and on GA's ability to transit the airspace and I was wondering what consideration to this you have given? If Any. There is a requirement to minimise the impact of change on other airspace users, Luton had a VFR route over the top of the aerodrome keeping the GA traffic well away from CAT arrival and departures - I over flew Luton many times in the past.</p> <p>The important issue for me is how Southampton provides a traffic service to GA and if that can be achieved then the boundaries have a lower impact.</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>The use of EC/transponder or even ADS-B all become part of the known traffic environment and only adds a small amount of additional controller workload.</p> <p>These are my initial thoughts and thank you for inviting me to comment at this stage.</p> <p>Yours sincerely,</p> <p>[REDACTED]</p> <p>[REDACTED]</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>From: #SOU Airspacechange &lt;airspace.change@southamptonairport.com&gt;  Sent: 12 July 2022 10:12  To: [REDACTED]  Cc: [REDACTED]  [REDACTED]  Subject: RE: Southampton Airport Airspace Change Proposals</p> <p>[REDACTED]</p> <p>Thank you for your email.</p> <p>The time that works best for SIAL is Wednesday 20th July AM.</p> <p>We have reserved the Spitfire Room at the Airport for the meeting and would suggest 10am to 11am, but we are flexible regarding times that morning.</p> <p>Does this work for you? If so, I can send a diary invite to confirm.</p> <p>Kind regards,</p> <p>[REDACTED]</p> <p>From: [REDACTED]  Sent: 08 July 2022 15:03  To: #SOU Airspacechange &lt;airspace.change@southamptonairport.com&gt;; [REDACTED]  [REDACTED]  Cc: [REDACTED]  Subject: Re: Southampton Airport Airspace Change Proposals</p> <p>You don't often get email from [REDACTED] Learn why this is important  CAUTION: External email. Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>Re: Southampton Airport Airspace Change Proposals</p> <p>Good afternoon.</p> <p>Further to the recent air space workshops, Southampton, Eastleigh and Winchester Council officers would like to request a further meeting to better understand how the 4 Options were derived from the 'concepts' approach, which considers 'systems' of arrivals and departures, as required by DP8. In other words, in determining the various notional routing on runway 02 and 20 arrivals and departures, what rationale was used to bundle these into the 4 Options as presented?</p> <p>It is noted that the actual Options are not being consulted during Stage 2A but will be consulted on in the next stage, Stage 3. If this is the case, can it be assumed that once the 4 Options have been through Stage 2A engagement process, all 4 will be modelled for noise impacts on ground populations and presented as noise contours?</p> <p>In order to better inform our respective consultations before 26th July, can we request a meeting (&lt;1 hour) to discuss these points please. Officers have compared diaries and can make the following dates:</p> <ul style="list-style-type: none"> <li>* Wed 13th – pm</li> <li>* Mon 18th – pm</li> </ul>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>* Wed 20th – am or pm</p> <p>The preference would be an in person meeting and Eastleigh BC would be happy to host or as may be easier SIA may be able to host in the Spitfire Room? Or if easier we can conduct on MS Teams. I've copied in everyone who I think may wish to attend from the Airport but did not have [REDACTED] email for a direct invitation.</p> <p>Hoping one of the above dates works for all or most of us.</p> <p>[REDACTED] [REDACTED]</p> <p>Winchester City Council [REDACTED] [REDACTED]</p> <p>Tel: [REDACTED] Ext: [REDACTED]</p> <p>[cid:image001.jpg@01D8B15B.84665970] [cid:image002.jpg@01D8B15B.84665970] [cid:image003.jpg@01D8B15B.84665970] [cid:image004.jpg@01D8B15B.84665970]</p> <hr/> <p>This email and any files transmitted with it are intended solely for the addressed individual. 					<p>Subject: RE: Southampton Airport Airspace Change Proposals</p> <p>Dear All,</p> <p>I hope you're well.</p> <p>Further to our recent meeting at the airport and the email of this morning from the [REDACTED] at Southampton Airport, I'd like to highlight how keen we are to receive comments back from your respective local authorities on the development of our route options.</p> <p>It is important that we hear back from a broad range of stakeholders regarding our airspace change proposal, which includes Eastleigh BC, Winchester CC, and Southampton CC.</p> <p>The information relating to Southampton Airport's ACP at Stage 2A is available here: <a href="https://southamptonairport.consultationonline.co.uk/">https://southamptonairport.consultationonline.co.uk/</a> - and we have been asking for feedback by Tuesday 9th August, which is tomorrow.</p> <p>You can leave feedback via this website using the Feedback tab, or you can respond to this email with your comments if you prefer.</p> <p>Kind regards,</p> <p>[REDACTED]</p> <p>From: #SOU Airspacechange &lt;airspace.change@southamptonairport.com&gt;  Sent: 12 July 2022 10:12  To: [REDACTED]  Cc: [REDACTED]  [REDACTED]  Subject: RE: Southampton Airport Airspace Change Proposals</p> <p>[REDACTED]</p> <p>Thank you for your email.</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>The time that works best for SIAL is Wednesday 20th July AM.</p> <p>We have reserved the Spitfire Room at the Airport for the meeting and would suggest 10am to 11am, but we are flexible regarding times that morning.</p> <p>Does this work for you? If so, I can send a diary invite to confirm.</p> <p>Kind regards,</p> <p>█</p> <p>From: █  Sent: 08 July 2022 15:03  To: #SOU Airspacechange &lt;airspace.change@southamptonairport.com&gt;; █  █  Cc: █  Subject: Re: Southampton Airport Airspace Change Proposals</p> <p>You don't often get email from █ Learn why this is important</p> <p>CAUTION: External email. Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>Re: Southampton Airport Airspace Change Proposals</p> <p>Good afternoon.</p> <p>Further to the recent air space workshops, Southampton, Eastleigh and Winchester Council officers would like to request a further meeting to better understand how the 4 Options were derived from the 'concepts' approach, which considers 'systems' of arrivals and departures, as required by DP8. In other words, in determining the various notional routing on runway 02 and 20 arrivals and departures, what rationale was used to bundle these into the 4 Options as presented?</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>It is noted that the actual Options are not being consulted during Stage 2A but will be consulted on in the next stage, Stage 3. If this is the case, can it be assumed that once the 4 Options have been through Stage 2A engagement process, all 4 will be modelled for noise impacts on ground populations and presented as noise contours?</p> <p>In order to better inform our respective consultations before 26th July, can we request a meeting (&lt;1 hour) to discuss these points please. Officers have compared diaries and can make the following dates:</p> <ul style="list-style-type: none"> <li>* Wed 13th – pm</li> <li>* Mon 18th – pm</li> <li>* Wed 20th – am or pm</li> </ul> <p>The preference would be an in person meeting and Eastleigh BC would be happy to host or as may be easier SIA may be able to host in the Spitfire Room? Or if easier we can conduct on MS Teams. I've copied in everyone who I think may wish to attend from the Airport but did not have John Henderson's email for a direct invitation.</p> <p>Hoping one of the above dates works for all or most of us.</p> <p>██████████ ██</p> <p>Winchester City Council</p> <p>██████████ ████████████████████</p> <p>Tel: ██████████ Ext: ██████</p> <p>[cid:image001.jpg@01D8C13A.A3EFB810] [cid:image002.jpg@01D8C13A.A3EFB810] [cid:image003.jpg@01D8C13A.A3EFB810] [cid:image004.jpg@01D8C13A.A3EFB810]</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>Good afternoon [REDACTED]</p> <p>You should have received our comments. There is a fair bit of concern within the community and we would definitely like to take you up on the offer of a meeting / briefing /Q and A for Winchester Members. If you are able to propose some dates for mid to late Sept that would be great. We have also sent out the link so if they wish to become stakeholders they can contact you directly.</p> <p>Kind regards</p> <p>[REDACTED]</p> <p>From: #SOU Airspacechange &lt;airspace.change@southamptonairport.com&gt;  Sent: 08 August 2022 10:01  To: [REDACTED]  Subject: RE: Southampton Airport Airspace Change Proposals</p> <p>Dear All,</p> <p>I hope you're well.</p> <p>Further to our recent meeting at the airport and the email of this morning from the [REDACTED] at Southampton Airport, I'd like to highlight how keen we are to receive comments back from your respective local authorities on the development of our route options.</p> <p>It is important that we hear back from a broad range of stakeholders regarding our airspace change proposal, which includes Eastleigh BC, Winchester CC, and Southampton CC.</p> <p>The information relating to Southampton Airport's ACP at Stage 2A is available here: <a href="https://southamptonairport.consultationonline.co.uk/">https://southamptonairport.consultationonline.co.uk/</a> - and we have been asking for feedback by Tuesday 9th August, which is tomorrow.</p> <p>You can leave feedback via this website using the Feedback tab, or you can respond to this email with your comments if you prefer.</p> <p>Kind regards,</p>

					<p>[REDACTED]</p> <p>From: #SOU Airspacechange &lt;airspace.change@southamptonairport.com&gt;  Sent: 12 July 2022 10:12  To: [REDACTED]  Cc: [REDACTED]  [REDACTED]  [REDACTED]  Subject: RE: Southampton Airport Airspace Change Proposals</p> <p>[REDACTED]</p> <p>Thank you for your email.</p> <p>The time that works best for SIAL is Wednesday 20th July AM.</p> <p>We have reserved the Spitfire Room at the Airport for the meeting and would suggest 10am to 11am, but we are flexible regarding times that morning.</p> <p>Does this work for you? If so, I can send a diary invite to confirm.</p> <p>Kind regards,</p> <p>[REDACTED]</p> <p>From: [REDACTED]  Sent: 08 July 2022 15:03  To: #SOU Airspacechange &lt;airspace.change@southamptonairport.com&gt;; [REDACTED]  [REDACTED]  Cc: [REDACTED]  Subject: Re: Southampton Airport Airspace Change Proposals</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>You don't often get email from [REDACTED]. Learn why this is important</p> <p>CAUTION: External email. Unless you recognise the sender and know the content is safe, do not click links or open attachments. Please report anything suspicious or abusive by using the 'Report Phishing Email' button.</p> <p>Re: Southampton Airport Airspace Change Proposals</p> <p>Good afternoon.</p> <p>Further to the recent air space workshops, Southampton, Eastleigh and Winchester Council officers would like to request a further meeting to better understand how the 4 Options were derived from the 'concepts' approach, which considers 'systems' of arrivals and departures, as required by DP8. In other words, in determining the various notional routing on runway 02 and 20 arrivals and departures, what rationale was used to bundle these into the 4 Options as presented?</p> <p>It is noted that the actual Options are not being consulted during Stage 2A but will be consulted on in the next stage, Stage 3. If this is the case, can it be assumed that once the 4 Options have been through Stage 2A engagement process, all 4 will be modelled for noise impacts on ground populations and presented as noise contours?</p> <p>In order to better inform our respective consultations before 26th July, can we request a meeting (&lt;1 hour) to discuss these points please. Officers have compared diaries and can make the following dates:</p> <ul style="list-style-type: none"> <li>* Wed 13th – pm</li> <li>* Mon 18th – pm</li> <li>* Wed 20th – am or pm</li> </ul> <p>The preference would be an in person meeting and Eastleigh BC would be happy to host or as may be easier SIA may be able to host in the Spitfire Room? Or if easier we can conduct on MS Teams. I've copied in everyone who I think may wish to attend from the Airport but did not have [REDACTED] email for a direct invitation.</p> <p>Hoping one of the above dates works for all or most of us.</p> <p>[REDACTED]</p> <p>[REDACTED]</p>

RE: Southampton Airport ACP	[REDACTED] - Sky Surfing Club	Email	06-09-22 10:07	C-31628	<p>Dear [REDACTED],</p> <p>I hope you're well and thank you for your email.</p> <p>Documentation</p> <p>Thank you for highlighting those points regarding the documentation. Since we are now beyond Stage 1, we cannot alter the documentation at this stage. However, please rest assured that we will take your comments into consideration for future reporting.</p> <p>Stakeholders</p> <p>By way of explanation, Stages 1 and 2 of the CAP1616 process require the engagement of a representative, rather than exhaustive, group of stakeholders; many aviation stakeholders were contacted throughout the process (including the BMAA and BHPA – see, for example, letter ref.</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>Please correct me if I have misread.</p> <p>Appendix B - Engagement Material</p> <ul style="list-style-type: none"> <li>- Reference 4 and Reference 5 appear to be duplicated</li> <li>- Reference 6 and Reference 7 appear to be duplicated</li> <li>- The dates specified in the Document Overviews for Reference 4/5 and Reference 6/7 are incomplete - e.g. "Tuesday 23rd July" where (I think) it should read "Tuesday 23rd July 2019"</li> <li>- Some presentations are not dated at all - e.g. Reference 8 and Reference 9</li> </ul> <p>STAKEHOLDERS</p> <p>From the Stage 1B Final Report it is obvious that key aviation stakeholders, (or local representative groups) were not involved, e.g.</p> <ul style="list-style-type: none"> <li>- British Microlight Aircraft Association (BMAA)</li> <li>- British Hang Gliding &amp; Paragliding Association (BHPA)</li> <li>- British Balloon &amp; Airship Club</li> <li>- All-Party Parliamentary Group on General Aviation</li> </ul> <p>This may have been avoided if the Royal Aero Club (RAeC) had been contacted and information circulated through this organisation.</p> <p>SSC ENGAGEMENT</p> <p>I am involved with the Sky Surfing Club which manages hang gliding and paragliding interests in Hampshire and West Sussex. I would have hoped to represent the Club during Stage 1 of the SOU ACP. The SSC became aware of the ACP through, "word of mouth" in May 2019. I immediately registered through your website to receive notifications and on the 3 June 2019 received confirmation of my registration.</p> <p>I understand the closing date for stakeholder feedback was 7 August 2019 and the Stage 1B submission to the CAA took place on 18 August 2019. The /first/ notification I received regarding the SOU ACP was 25 February 2020!</p> <p>I appreciate that there are many interests involved with the SOU ACP and many contacts to manage. However, as the SSC has had a Letter of Agreement (LoA) in place with Southampton ATC since 1 February 2019, (preceded by a trial which commenced on the 23 April 2018) I would</p>

Title	Organisation / Stakeholder	Type	Date/time	Ref. no.	Content
					<p>have expected the SSC to be a prime candidate for the list of aviation stakeholders. (The LoA allows the SSC to operate within the Southampton CTR.) I appreciate that Stage 1B is now complete and you had a substantial volume of feedback to aid the development of the Design Principles. However, it is a great shame that the SSC were excluded from making any contribution early in the process; Southampton CTR and Solent CTA have a very significant impact on hang gliding and paragliding activity in the region.</p> <p>I hope these comments are helpful and I look forward to our engagement in the future.</p> <p>Regards,</p> <p>██████████</p> <p>██████████, Sky Surfing (hang gliding &amp; paragliding) Club  <a href="https://urldefense.com/v3/__https://skysurfingclub.co.uk/__;!!Lq9ptnvMneGjIH_68Cj-to_-jGFIG_rA39Rm74QykzQj7N9JBi_ITPwZrzQ8UdYjpOIZ_NK6JhAsxGvukkaJ2uAvHNlIFwf6lovDk5ZPzXoM\$">https://urldefense.com/v3/__https://skysurfingclub.co.uk/__;!!Lq9ptnvMneGjIH_68Cj-to_-jGFIG_rA39Rm74QykzQj7N9JBi_ITPwZrzQ8UdYjpOIZ_NK6JhAsxGvukkaJ2uAvHNlIFwf6lovDk5ZPzXoM\$</a></p> <p>CONFIDENTIAL NOTICE: The information contained in this email and accompanying data are intended only for the person or entity to which it is addressed and may contain confidential and / or privileged material.
