

**TEMPORARY DANGER AREA BVLOS UAS (RADNOR RANGE)**  
**9 MARCH 2023 – 6 JUNE 2023**

1. From 9 March 2023 to 6 June 2023, a Remotely Piloted Aircraft System (RPAS) will operate in the vicinity of Radnor Range. As the RPAS will be operating Beyond Visual Line of Sight, a Temporary Danger Area (TDA) will be established to facilitate the safe operation of the RPAS.
2. The TDA complex is sponsored by Nexus Nine Limited in accordance with Airspace Change reference ACP-2021-030.
3. The TDA complex will consist of 2 Danger Areas. A chart of the area is included within this Aeronautical Information Circular.
4. Only the Danger Area required for each flight or series of flights will be activated to minimise impact to other air users.
5. The required DA will be notified for activation by NOTAM no less than 24 hours prior to the planned flights.

**REQUIRED TEMPORARY DANGER AREAS WILL BE NOTIFIED BY NOTAM**

6. EG DXXX. When required from 9 March 2023 to 6 June 2023, a Temporary Danger Area is established within the area bounded by a circle of 1.5 NM radius whose centre is at 521453N 0031046W.
7. The Temporary Danger Area EG DXXX is established between Surface and 3500 FT AMSL.
8. Within EG DXXX a Danger Area Activity Information Service (DAAIS) will be available from London Information on 124.750. A Pre-Flight Information will be available from Nexus Nine Ltd via telephone number [REDACTED], which will be manned from 30 minutes before until 30 minutes after the notified activation period. When notified as active, requests for access to the TDA by emergency services aircraft shall be made by calling this number. Access to the TDA by emergency services aircraft will always be given priority over RPAS operations, which will be immediately suspended.
9. EG DXXX. When required from 9 March 2023 to 6 June 2023, a Temporary Danger Area is established within the area bounded by a circle of 3 NM radius whose centre is at 521453N 0031046W.
10. The Temporary Danger Area EG DXXX is established between Surface and 3500 FT AMSL.
11. Within EG DXXX a Danger Area Activity Information Service (DAAIS) will be available from London Information on 124.750. A Pre-Flight Information will be available from Nexus Nine Ltd via telephone number [REDACTED], which will be manned from 30 minutes before until 30 minutes after the notified activation period. When notified as active, requests for access to the TDA by emergency services aircraft shall be made by calling this number. Access to the TDA by emergency services aircraft will always be given priority over RPAS operations, which will be immediately suspended.

12. Further enquiries can be made to Airspace Regulation (Utilisation), Safety and Airspace Regulation Group, Civil Aviation Authority on telephone number 01293 983880.
13. As part of the ACP process requirements, Nexus Nine Ltd is collecting feedback regarding this TDA and its impact over its duration which will be shared with the CAA. All feedback regarding this may be sent via email to [REDACTED].

<TDA EG DXXX, TDA EG DXXX to be charted by NATS>
