

## Airspace Change Proposal Change Sponsor Indicative Timeline Update Request Form

CAP 1616 requires change sponsors to submit a timeline for their airspace change proposal (Level 0's are exempt) to the CAA so that it can be reviewed and agreed accordingly. In agreeing a timeline, the CAA is making a commitment to deliver the decision timeframes as specified in CAP 1616 for each of the four Gateway sign-offs, and for the decision on the final proposal, subject to the change sponsors meeting their own commitments.

This form should be used by the change sponsor to formally request an update to airspace change proposal timelines that have previously been presented to/and agreed with the CAA.

The change sponsor is required to publish a record of this form, including the latest indicative dates, on the Airspace Change Portal at the following points in the process (major timeline updates can and should be published outside of this as required):

	CURRENT DOCUMENT SUBMISSION DEADLINE	CURRENT GATEWAY DATE	PROPOSED DOCUMENT SUBMISSION DEADLINE	PROPOSED GATEWAY DATE
DEFINE Gateway <sup>1</sup>				
DEVELOP & ASSESS Gateway <sup>1</sup>				
CONSULT Gateway				
Formal ACP Submission				08-Dec-23
DECIDE Gateway				19-Jan-24
Target AIRAC		04/2023		05/2024

ACP Reference Number (ACP-YYYY-NNN): ACP-2022-008

Change Sponsor Name: Ministry of Defence

Please briefly explain the need to revise the timelines: Due to delays to the timeline of ACP-2021-078, which this TDA supports, the TDA timeline needs to be adjusted. ACP-2021-078 expected to implement in AIRAC 09/2024, effective 5 Sep 24, therefore this ACP aims to be captured in the NATS systems updates AIRAC 05/2024, effective 16 May 24 ahead of commencing the 90-day activation period. Due to impact on the ATS network and flight planning system, this ACP must be incorporated in a NATS system update AIRAC.
