Please use the check box below to indicate whether this is an administrative change:

☒ Does your proposal represent an administrative change to the Aeronautical Information Publication (AIP)?

5. Statement of Need

Please provide a brief 'Statement of Need' expressing explicitly what airspace issue or opportunity you are seeking to address. Your Statement of Need should clearly articulate the current situation, the issue (and the cause of it) to be resolved or the opportunity to be addressed along with any other factors or requirements. *

Following the implementation of SAIP AD3 in December 2018, we have received feedback of a flight planning issue for northbound traffic filing even levels via ORIST on Y110, at FL190 and below. As northbound traffic through ORIST below FL200 should be at odd levels, it has resulted in incorrect flight plans which have had to be manually amended.

This issue has arisen from an incorrect entry in the AIP ENR 3.3-182 which states "even levels all the way from FL140", which contradicts what is captured in the LoA.

It is proposed to amend the AIP entry for Y110 to read as follows (similar format to the Z171 entry):
Between ORIST and VEXEN: FL130 to FL190 odd levels; FL200 to FL430 even levels
Between VEXEN and THRED: FL110 to FL150 odd levels

Please specify the altitudes (where applicable) affected by your Statement of Need:

- ☐ Surface to below 4,000 feet
- ☐ 4,000 feet to below 7,000 feet
- ☒ 7,000 feet to below 20,000 feet
- ☒ 20,000 feet and above

6. Proposed Dates

Please provide your proposed date for the submission of your change proposal to the CAA. This should be the date on which you are expecting to submit your formal airspace change proposal to the CAA. Please note that your formal airspace change proposal must be submitted alongside all of the supporting documentation required by the CAA to complete our regulatory assessment of the Proposal; consequently the date on which you place in this field should represent the point at which you will have the formal airspace change proposal **and all** of the supporting documentation ready to submit to the CAA. This date is required to assist us with the allocation of the required CAA-resource to your proposal and therefore it is a key date in our planning process. Whilst we will try to accommodate your specified timescales, there may be occasions where it is not possible for us to do so given the large number of projects that are already 'in process'. You should also note that any changes to the above date may impact our ability to process your airspace change proposal within your preferred timescales. It should also be noted that from September 2018 any amendments submitted by a Data Originator or ANSP for onward promulgation in the UK IAIP will be subject to the Aeronautical Data Quality Requirements. See [Commission Regulation \(EU\) No 73/2010](#) (updated by 10/29/2014) and [CAP 1054: Aeronautical Information Management](#) guidance material for further information. These requirements will be discussed in greater detail during the course of your initial meeting with the CAA.

☒ Confirmation of Understanding *

Please provide your proposed date for the submission of your change proposal to the CAA. *
