**Subject:** FW: Heathrow Airspace Modernisation stage 2a engagement dates for AAL

Hi all,

Following on from our technical bi-lateral activities over the last 12 months, Heathrow has now developed a Comprehensive List of Options for our Airspace Modernisation ACP, based on the design principles we set at Stage 1.

We will be offering a number of engagement workshops in November 2022 to share our Comprehensive List of Options with our stakeholders, and to explain the approach we have taken to developing these. We would appreciate your attendance at one of these sessions so could you please let me know whether one of the below dates will be suitable for you?

- 3 November, 15:00 – 18:00 GMT
- 7 November, 15:00 – 18:00 GMT

We have tried to take account of time differences to UK time but please let me know if none of these dates/times will work for you.

Thank you in advance for your engagement in this process,

[REDACTED]

**Caution: external email. Unless you recognise the sender and know the content is safe, do not click links or open attachments.**

Hi [REDACTED]

Thanks for sending these across.

We can do 15<sup>th</sup> November from 2pm, if that is still convenient? Also, I assume these will be virtual rather than face to face?

Kind regards,

[REDACTED]

London Luton Airport

Morning [REDACTED]

We are happy with Teams also. If you could arrange one meeting to flow into the next that would be appreciated. A selection of dates below, over the next few weeks;

1 – 3 November anytime  
7 – 8 November anytime  
9 November AM  
11 November AM  
14- 15 November anytime  
16 November AM  
18 November AM

Look forward to hearing back from you soon.

Regards,

[REDACTED]

Hi [REDACTED], just to be clear that the HAL stage2a engagement will need to be kept clean from your requested bi lateral-the meetings can of course follow concurrently.

Could you give me some windows of opportunity of 2 hours plus your your requested bi lateral duration estimate so we can match diaries?

It would be beneficial to have within the 1st two weeks of November to enable the maximum time for Buffon Hill to provide any feedback to our stage 2a engagement.

[REDACTED]

Could you give me a few windows to work with

## RE: Heathrow Airspace Modernisation Stage 2a Engagement Dates for AAL

[REDACTED]  
Tue 20/09/2022 19:28

To: [REDACTED]

Cc: DD - [REDACTED]  
[REDACTED]

**Caution: external email. Unless you recognise the sender and know the content is safe, do not click links or open attachments.**

Greetings [REDACTED]

Thank you very much for the engagement!

November 7<sup>th</sup> is a better date for me as I will not be available on November 3<sup>rd</sup> due to a previous commitment. Yet, I can defer to the rest of the AAL Airspace Modernization Team as the other date may be more suitable for them.

Please note that [REDACTED] has been promoted and is now our Regional Director for Canada. You can remove [REDACTED] email from this distribution list.

Also, please add our new Senior Manager for International Dispatch, [REDACTED] to the email distribution list. I added [REDACTED] email to the CC block above.

Best Regards,

[REDACTED]

**Subject:** HAL Airspace Modernisation ACP, Stage 2a engagement request

Hi [REDACTED]

I'm looking for a bit of guidance please on the best ways to offer the opportunity for as many of Heathrow's airlines to be involved (represented via groups such as AOE/FLOPSC or directly) in [HAL's Airspace Modernisation ACP](#), which directly forms a part of the overall UK's airspace modernisation strategy

Heathrow has now developed a Comprehensive List of Options for stage 2a engagement, based on the design principles we set at Stage 1.

I would be using your guidance in offering a number of engagement workshops, in November 2022, to share our Comprehensive List of Options with our industry stakeholders, and to explain the approach we have taken to developing these.

Look forward to receiving your suggestions on best way forward.

Regards,  
[REDACTED]

[REDACTED]  
In hindsight I probably should have included that HAL have been working closely under NDA with our predominant carriers to this point, but we also recognise that we should be widening the net at each stage of CAP1616 to offer further carriers the opportunities to engage from their prospective.

Those carriers we have been working with under NDA so far are:

- UAL
- DAL
- AAL
- DLH Group
- BAW
- VIR

**To:** [REDACTED]  
**Cc:** [REDACTED]  
**Subject:** FW: HAL Airspace Modernisation ACP, Stage 2a engagement request

Dear all,

As you will see below, as part of the HAL and wider UK airspace modernisation, HAL wish to engage with those in the community that have interest in the Airspace Change Proposal (ACP). Against previously defined design principles, they now have a “Comprehensive List of Options” that they would like to engage the community on.

Given this, if you or the ATC experts in your head office would like to participate in the proposed engagement workshops (in November), please come back to me and I can advise Heathrow.

For note, currently the base carriers, UA, AA, LH, DL are already engaged.

Best

**Subject:** HAL FASI AMS ACP - CAP1616 stage 2a engagement

Hi [REDACTED]

Heathrow has now developed a Comprehensive List of Options for our Airspace Modernisation ACP, based on the design principles we set at Stage1: <https://airspacechange.caa.co.uk/PublicProposalArea?pID=386>

We will be offering a number of engagement workshops in November 2022 to share our Comprehensive List of Options with our stakeholders, and to explain the approach we have taken to developing these. We would appreciate your attendance at one of these sessions so could you please let me know whether one of the below dates will be suitable for you?

- 4 November, 09:00 – 12:00 GMT
- 10 November, 09:00 – 12:00 GMT

Please let me know if none of these dates/times will work for you.

Thank you in advance for your engagement in this process,  
[REDACTED]

[REDACTED]  
Thanks for coming back to me. I have a number of airlines already confirmed for 7th and the preference would be not to change the start time nor duration currently, as I suspect there will be a fair few questions and we don't want to curtail the feedback conversations.

In order to cater for different time zones, in this case USA based Heathrow carriers, I could also offer the following two slots for VIR's consideration if that would fit neater:

- 3 November, 15:00 – 18:00 GMT
- 7 November, 15:00 – 18:00 GMT

Look forward to hearing from you

Hi [REDACTED]

The original offering of the 7<sup>th</sup> 09:00 – 12:00 is fine; the only reason I originally asked for a 09:30 start was the assumption that this was a meeting amongst ourselves, not a wider audience. So please send the invite for 09:00-12:00.

Best regards

## HAL AMS ACP Stage 2a engagement session - Airline industry stakeholders

[REDACTED]  
Fri 21/10/2022 11:41

To: [REDACTED]

Cc: [REDACTED]

Hi [REDACTED]

Could you do 3pm GMT on 7th Nov as I have a session organised then with some other airline stakeholders?

If this isn't convenient, I'd be happy to organise a mutually convenient session, although we do have a hard stop date in early Dec where we would seek stakeholder feedback- thus I'm conscious of the reducing timeframe for UAL to provide feedback.

Regards  
[REDACTED]

Caution: external email. Unless you recognise the sender and know the content is safe, do not click links or open attachments.

I am able to attend but perhaps we should ensure Flt ops availability by arranging a convenient date. Flt ops have more to contribute than I do.

Hi [REDACTED]

Thanks for reaching out, we'd love to engage with Etihad,

I have a choice of 2 dates for your consideration, both via TEAMS:

- 3 November, 09:00 – 12:00 GMT
- 7 November, 09:00 – 12:00 GMT

Look forward to hearing back from you.

Regards,

[REDACTED]

Hi [REDACTED]

I'll take the pm session on 15<sup>th</sup>, thanks.

Kind regards,

To: [REDACTED]

Cc: DD - Airspace <airspace@heathrow.com> [REDACTED]

Hi [REDACTED]

There are industry sessions taking place online which will offer a more abridged version of the engagement material pack. These are taking place on:

- Friday 4<sup>th</sup> Nov 09:00-12:00
- Thursday 10<sup>th</sup> Nov 09:00-12:00
- Tuesday 15<sup>th</sup> Nov 14:00-16:30

If one of these times suits you better, please let me know and [REDACTED] will circulate the Teams link. You are more than welcome to join the community workshop session at 14:30 on Tues 8<sup>th</sup> November if this remains your preference.

Best wishes,

[REDACTED]

Hi [REDACTED]

The only availability I have from the dates [REDACTED] mentioned below is pm on 8<sup>th</sup> Nov. Were there alternative sessions for industry? Equally, if you send me the material, I may just be able to provide feedback based on that.

Kind regards,

[REDACTED] | [REDACTED] | Defence Airspace and Air Traffic Management |

██████████  
**Subject:** Heathrow Stage 2 Engagement

Morning ██████████

Hope you are well. You may be aware that we are about to commence our Stage 2 Engagement for our Airspace Modernisation ACP. As a member of NATMAC, we will send the material to DAATM once we have completed our workshops.

However, as a 'key stakeholder' in the NATMAC list due to the proximity of Heathrow & RAF Northolt, we would like to provide you with the opportunity to attend a briefing session.

We have 5 Community/LA sessions on the 1<sup>st</sup> Nov (AM & PM) in person, 8<sup>th</sup> Nov (PM & Eve) on Teams or 9<sup>th</sup> Nov (AM & PM) in person.

We also have a number of Industry sessions and ██████████ are attending an online briefing on 4<sup>th</sup> Nov 0900 – 1200 – this will be a more 'bespoke' session as not so much background information will be required. There are other industry sessions if this does not work for you.

Please let ██████████ (cc'd) your preference or if you are happy to receive the material in due course and provide feedback from there.

Kind regards

██████████

**To:** [REDACTED]  
**Cc:** [REDACTED] DD - Airspace  
**Subject:** RE: Heathrow stage 2a engagement materials

Hi [REDACTED]

In addition to the airline and industry stakeholders, we have also been carrying out, in parallel, a number of stage 2a engagement sessions with representatives from public bodies and organisations that lie within our potentially affected area for this ACP.

We got some really good feedback at the final sessions yesterday, which, we felt would be beneficial to all stakeholders to include in the FAQ's section and the team are actively on the case to incorporate.

We envisage delivery by close of play tomorrow, however, in reality it will be as soon as we have updated the documentation which could well be sooner.

Regards,

[REDACTED]

Comprehensive List of Options\_Appendix\_External\_vF.pdf; Comprehensive List of Options\_Engagement slides\_External\_vF.pdf;

Dear Sir/Madam,

Thank you to those of you who attended one of our recent Stage 2A Engagement workshops. We very much appreciate the time that you gave for this important engagement. As promised in the workshops, we have now attached the engagement material relevant to our Comprehensive List of Options, and we would appreciate your feedback on this material.

To enable you to provide feedback, we have attached the following engagement materials:

- The Comprehensive List of Options slide pack presented in the workshops, supplemented by a Glossary of Terms and responses to 'Frequently Asked Questions',
- An Appendix which sets out the full set of our Comprehensive List of Options by Design Principle.

The link to our Feedback Form is here: <https://www.research.net/r/HeathrowEngagementFeedback>  
Alternatively, you can access the feedback form by scanning the QR code on slide 59 of the main slide pack.

If you have any questions on anything within the material, or difficulty in accessing the materials, please email us at: [airspace@heathrow.com](mailto:airspace@heathrow.com).

Please use the Feedback Form to provide your feedback on our approach to developing a Comprehensive List of Options. Please remember that, in accordance with the CAA's CAP1616 process, we are seeking feedback on the approach at this stage, rather than on the specific geographical areas or potential impact of the flight path options. There will be ample opportunity to discuss and feedback on these issues during the public consultation at Stage 3.

The deadline for receiving Feedback Forms is **5:00pm on Friday 9 December**, to allow us time to consider all feedback received prior to undertaking our Design Principle Evaluation. We will be in touch to provide you with a summary of all the feedback we receive prior to our Stage 2 submission in mid-2023.

Many thanks for your support in this engagement.

Kind regards,

Comprehensive List of Options\_Appendix\_External\_vF.pdf; Comprehensive List of Options\_Engagement slides\_External\_vF.pdf;

Dear Sir/Madam,

Thank you to those of you who attended one of our recent Stage 2A Engagement workshops. We very much appreciate the time that you gave for this important engagement. As promised in the workshops, we have now attached the engagement material relevant to our Comprehensive List of Options, and we would appreciate your feedback on this material.

To enable you to provide feedback, we have attached the following engagement materials:

- The Comprehensive List of Options slide pack presented in the workshops, supplemented by a Glossary of Terms and responses to 'Frequently Asked Questions',
- An Appendix which sets out the full set of our Comprehensive List of Options by Design Principle.

The link to our Feedback Form is here: <https://www.research.net/r/HeathrowEngagementFeedback>  
Alternatively, you can access the feedback form by scanning the QR code on slide 59 of the main slide pack.

If you have any questions on anything within the material, or difficulty in accessing the materials, please email us at: [airspace@heathrow.com](mailto:airspace@heathrow.com).

Please use the Feedback Form to provide your feedback on our approach to developing a Comprehensive List of Options. Please remember that, in accordance with the CAA's CAP1616 process, we are seeking feedback on the approach at this stage, rather than on the specific geographical areas or potential impact of the flight path options. There will be ample opportunity to discuss and feedback on these issues during the public consultation at Stage 3.

The deadline for receiving Feedback Forms is **5:00pm on Friday 9 December**, to allow us time to consider all feedback received prior to undertaking our Design Principle Evaluation. We will be in

touch to provide you with a summary of all the feedback we receive prior to our Stage 2 submission in mid-2023.

Many thanks for your support in this engagement.

Kind regards,

Airspace & ATM Engagement Specialist

**Caution: external email. Unless you recognise the sender and know the content is safe, do not click links or open attachments.**

Thanks for the engagement that includes design options. We are surprised that there appeared to be no associated illustrative airspace design options that would help a GA stakeholder understand the potential impact of the change options. Without the airspace illustration overlay, its impossible to identify impacts.

We probably not the only stakeholder who feels the LHR ACP at this stage is engaging without important detail aware that the CAA is unlikely to show interest in airspace design until stage 3 (or in the case of climb gradients, stage 5) by which time the value of meaningful early engagement will have passed.

We recognise that airports have had issues to deal with. We recognise too that AMS and FASI also present challenges, although public funding of ACPs has in part offset that. However, we are concerned that the stage 2 engagement we've experienced to date, ie design options with no airspace design options, is inadequate.

If the intention is to contain the design options within the existing airspace design, we'd be grateful for confirmation of that.

Please ensure that our feedback is included in any submission to the CAA.

Kind regards  
[REDACTED]

**Cc:** [REDACTED]  
**Subject:** RE: Heathrow Airspace Modernisation ACP: Stage 2A Engagement

Good afternoon [REDACTED]

Thank you for your email.

We are currently at Stage 2A of the CAP1616 process, where we are required to design and produce a long list of flight path options based on the Design Principles we set out at Stage 1. At this stage in the process, we are seeking feedback on our approach taken to develop these designs rather than the geographical location of the options. At Stage 3 and following detailed analysis of the options, we are required to consult with the wider public and we will welcome feedback on the locations of our designs at this time.

In relation to your first point, we have current lateral and vertical CAS overlays illustrated on all map images depicting the departure and arrival options in both the Comprehensive List of Options main slide pack and the Options Appendix. The overlays appear in green on each map.

Additionally I want to highlight the information on slide 55 of the main slide pack where we have stated 'Our options aim to: Limit Controlled Airspace, with no more Controlled Airspace currently envisaged' in relation to Design Principle 11 "Enable the efficiency of other airspace users' operations" and Design Principle 12 "Minimise the impact to all stakeholders from future changes to Heathrow's airspace".

I hope this clarifies the points raised in your email and please do let me know if you have any further questions on the material.

We do include all email correspondence in our submission to the CAA, however we are asking stakeholders to provide their feedback specific to our approach on the Comprehensive List of Options through a dedicated feedback form. Please could you confirm if you will be providing your feedback through the form?

Kind regards,

[REDACTED]
