Dear All,

You will hopefully be aware that Heathrow commenced a new Airspace Change Proposal (ACP) in 2021 to introduce airspace modernisation at Heathrow, in support of the Government's wider UK [Airspace Modernisation Strategy](#). More details on our ACP can be found on the Civil Aviation Authority's [airspace change portal](#).

To make this change, we are going through the CAA's airspace change process, known as [CAP1616](#). The process places great importance on engaging with a wide range of stakeholders throughout the required stages, including potentially affected communities.

We are now at Stage 2A in the process and we are required to engage with stakeholders to share and seek feedback on our **comprehensive list of options** for the proposed airspace design. We would like to seek input from the DfT to help us ensure that these options adequately address our Statement of Need and align with the Design Principles we set at Stage 1.

We are now inviting you and other stakeholder organisations to attend one of our workshops on our comprehensive list of options.

There are five workshop dates and times to choose from: **please let us know which workshop you would like to attend by responding to this email.**

Workshop 1: Tuesday 1 November (09:30 -12:00), Holiday Inn, 276 Bath Rd, UB7 0DQ  
Workshop 2: Tuesday 1 November (14:00 - 16:30), Holiday Inn, 276 Bath Rd, UB7 0DQ  
Workshop 3: Tuesday 8 November (18:30-20:30), Online Workshop  
Workshop 4: Wednesday 9 November (09:30 -12:00), Holiday Inn, 276 Bath Rd, UB7 0DQ  
Workshop 5: Wednesday 9 November (14:00 - 16:30), Holiday Inn, 276 Bath Rd, UB7 0DQ

We will send you an invitation to confirm your place at a workshop. Please note that parking is available free of charge at the Holiday Inn.

Thank you in advance for your engagement.

Kind regards,

Dear [REDACTED]

Many thanks for the invitation below.

Given the location of the venue of the in person workshops and length of travel time (I'm based in East Kent) I don't have capacity to attend. Is there any chance an online event could be held during normal working hours? I would imagine that this would be popular with other stakeholders too.

Dear Airspace Team,

Please can I attend Workshop 4 on Wednesday 9 November (09:30 -12:00), Holiday Inn, 276 Bath Rd, UB7 0DQ

However, if there is a specific workshop targeting local authorities then please can you share details as it would be my preference to attend that one.

Dear All,

You will hopefully be aware that Heathrow commenced a new Airspace Change Proposal (ACP) in 2021 to introduce airspace modernisation at Heathrow, in support of the Government's wider UK [Airspace Modernisation Strategy](#). More details on our ACP can be found on the Civil Aviation Authority's [airspace change portal](#).

To make this change, we are going through the CAA's airspace change process, known as [CAP1616](#). The process places great importance on engaging with a wide range of stakeholders throughout the required stages, including potentially affected communities.

We are now at Stage 2A in the process and we are required to engage with stakeholders to share and seek feedback on our **comprehensive list of options** for the proposed airspace design. We would like to seek input from members of the NACF Group to help us ensure that these options adequately address our Statement of Need and align with the Design Principles we set at Stage 1.

We are now inviting you and other stakeholder organisations to attend one of our workshops on our comprehensive list of options.

There are five workshop dates and times to choose from: **please let us know which workshop you would like to attend by responding to this email.**

Workshop 1: Tuesday 1 November (09:30 -12:00), Holiday Inn, 276 Bath Rd, UB7 0DQ

Workshop 2: Tuesday 1 November (14:00 - 16:30), Holiday Inn, 276 Bath Rd, UB7 0DQ

Workshop 3: Tuesday 8 November (18:30-20:30), Online Workshop

Workshop 4: Wednesday 9 November (09:30 -12:00), Holiday Inn, 276 Bath Rd, UB7 0DQ

Workshop 5: Wednesday 9 November (14:00 - 16:30), Holiday Inn, 276 Bath Rd, UB7 0DQ

We will send you an invitation to confirm your place at a workshop. Please note that parking is available free of charge at the Holiday Inn.

Thank you in advance for your engagement.

Hi [REDACTED]

I'd like to attend the virtual meeting on Tuesday 8 November in my capacity of the new Chair of the Council for Independent Scrutiny of Heathrow Airport.

Are these meetings advertised online anywhere? We have our first open forum on Thursday and airspace modernisation will definitely come up, so it would be helpful to be able to point people towards where they can engage.

Dear [REDACTED]

You will hopefully be aware that Heathrow commenced a new Airspace Change Proposal (ACP) in 2021 to introduce airspace modernisation at Heathrow, in support of the Government's wider UK [Airspace Modernisation Strategy](#). More details on our ACP can be found on the Civil Aviation Authority's [airspace change portal](#).

To make this change, we are going through the CAA's airspace change process, known as [CAP1616](#). The process places great importance on engaging with a wide range of stakeholders throughout the required stages, including potentially affected communities.

We are now at Stage 2A in the process and we are required to engage with stakeholders to share and seek feedback on our **comprehensive list of options** for the proposed airspace design. We would like to seek your input to help us ensure that these options adequately address our Statement of Need and align with the Design Principles we set at Stage 1.

We are now inviting you and other stakeholder organisations to attend one of our workshops on our comprehensive list of options.

There are five workshop dates and times to choose from: **please let us know which workshop you would like to attend by responding to this email.**

Workshop 1: Tuesday 1 November (09:30 -12:00), Holiday Inn, 276 Bath Rd, UB7 0DQ

Workshop 2: Tuesday 1 November (14:00 - 16:30), Holiday Inn, 276 Bath Rd, UB7 0DQ

Workshop 3: Tuesday 8 November (18:30-20:30), Online Workshop

Workshop 4: Wednesday 9 November (09:30 -12:00), Holiday Inn, 276 Bath Rd, UB7 0DQ

Workshop 5: Wednesday 9 November (14:00 - 16:30), Holiday Inn, 276 Bath Rd, UB7 0DQ

We will send you an invitation to confirm your place at a workshop. Please note that parking is available free of charge at the Holiday Inn.

Thank you in advance for your engagement.

Dear [REDACTED]

Thanks for confirming your attendance at a workshop – we are pleased that you are able to join us.

We have invited a wide range of local community representatives and Local Authorities to the Stage 2A workshops via email, but we haven't advertised them for general public attendance. The CAA process requires us to **engage with the same stakeholders we engaged at Stage 1** at this stage; although we have broadened this to include additional groups who have made contact with us regarding airspace modernisation over the past year. Wider public engagement is planned for Stage 3, when we will undertake a full public consultation (with a consultation website) and will undertake widespread advertising to ensure all potentially affected communities are able to engage and have their say.

Please let us know if there are any other groups you are aware of via your CISHA role who you think we should invite to a workshop at this stage – we are happy to broaden the invite list.

In the meantime, our webpages provide an update on our progress through the ACP ([Airspace modernisation | Heathrow](#)) and any specific questions on airspace modernisation can be directed to the airspace email address ([airspace@heathrow.com](mailto:airspace@heathrow.com)).

Many thanks,

To: [REDACTED] DD - Airspace <airspace@heathrow.com>

Hi [REDACTED],

We contacted a former Barking and Dagenham Council colleague to invite them to Heathrow's Airspace Change Proposal Stage 2A Engagement workshops taking place in early November. The workshops will provide an update on our plans to introduce airspace modernisation at Heathrow, in support of the Government's wider UK [Airspace Modernisation Strategy](#). More details on our ACP can be found on the Civil Aviation Authority's [airspace change portal](#).

To make this change, we are going through the CAA's airspace change process, known as [CAP1616](#). The process places great importance on engaging with a wide range of stakeholders throughout the required stages, including potentially affected communities.

We are now at Stage 2A in the process and we are required to engage with stakeholders to share and seek feedback on our **comprehensive list of options** for the proposed airspace design.

We would like to seek your input to help us ensure that these options adequately address our Statement of Need and align with the Design Principles we set at Stage 1. We are inviting you and other stakeholder organisations to attend one of our workshops on our comprehensive list of options. It has come to our attention that you are now the Council's interim CEO so we would like to extend our invitation to you.

There are five workshop dates and times to choose from: **please let us know which workshop you would like to attend by responding to this email.**

Workshop 1: Tuesday 1 November (09:30 -12:00), Holiday Inn, 276 Bath Rd, UB7 0DQ

Workshop 2: Tuesday 1 November (14:00 - 16:30), Holiday Inn, 276 Bath Rd, UB7 0DQ

Workshop 3: Tuesday 8 November (18:30-20:30), Online Workshop

Workshop 4: Wednesday 9 November (09:30 -12:00), Holiday Inn, 276 Bath Rd, UB7 0DQ

Workshop 5: Wednesday 9 November (14:00 - 16:30), Holiday Inn, 276 Bath Rd, UB7 0DQ

We will send you an invitation to confirm your place at a workshop. Please note that parking is available free of charge at the Holiday Inn.

Thank you in advance for your engagement.

Kind regards,

Dear [REDACTED],

Thank you for your email. At this stage of the process we will be sharing our “comprehensive list of flight path options” so it is too early to say whether the final proposed routes will be over the Oxfordshire countryside.

We have set out the potentially affected area on the Civil Aviation Authority’s Airspace Change Portal, if you would like to have a look: [Airspace change proposal public view \(caa.co.uk\)](https://www.caa.co.uk/airspace-change-proposal-public-view) (click on “Potentially affected area” at the bottom of the page)

Dear [REDACTED]

checking the map on page 11 of the documentation suggests that flights below 7,000 ft may be planned for the Oxfordshire area ranging from Henley to Thame. from this, please add my name to the list of those wishing to attend the virtual meeting on the 8th November.

I appreciate all the masses of data and comments you have already amassed for the usual subjects of noise and emissions but also fully understand the logic of using technology to reduce these and to make the airport more efficient ( i am a lapsed PPL).

It will be interesting to be part of the discussions.

Hello.

Thank you for your email inviting me (as a stakeholder) to attend the DD-Airspace workshops in early November 2022.

I am assuming the morning and afternoon workshops are identical rather than sequential and linked. Likewise I assume that the two days of workshops; WS1 & WS2 on Tues 01Nov and WS4 & WS5 on Tues 08Nov are identical day repeats.

**From the offered dates and times I would like to attend:**

**Tuesday afternoon 01.Nov.22, Workshop 2, 1400-1630.**

**I'd also like to attend the online Workshop 3, on Tuesday evening 08.Nov.22, 1830-2030.**

Can you also please advise/remind me on what specific pre-preparation work docs would be best to review before attending the workshops. I like to be properly prepared to participate. To ensure completeness, maybe you could send me software copies of the relevant pre-issued docs/reports for my attention. Many thanks.

DD - Airspace <airspace@heathrow.com>

Wed 26/10/2022 13:49

To: [REDACTED] DD - Airspace  
<airspace@heathrow.com>

To whom this may concern,

You may be aware that we are about to commence our Stage 2 Engagement for our Airspace Change Proposal to introduce airspace modernisation at Heathrow. We are now at Stage 2A in the process, and we are required to engage with stakeholders to share and seek feedback on our **comprehensive list of options** for the proposed airspace design.

We have already invited some NATS colleagues to our series of workshops beginning next week, but as a key stakeholder in our consideration and creation of flight path options, we wanted to make sure that NATS are suitably briefed on our airspace change proposal. Please could you extend this invitation to anyone at NATS who may be interested in attending one of our workshops. There are six workshop dates and times to choose from, **please let us know which workshop you would like to attend by responding to this email or emailing [airspace@heathrow.com](mailto:airspace@heathrow.com)**.

Workshop 1: Tuesday 1 November (09:30 -12:00), Holiday Inn, 276 Bath Rd, UB7 0DQ

Workshop 2: Tuesday 1 November (14:00 - 16:30), Holiday Inn, 276 Bath Rd, UB7 0DQ

Workshop 3: Tuesday 8 November (14:30-16:30), Online Afternoon Workshop

Workshop 4: Tuesday 8 November (18:30-20:30), Online Evening Workshop

Workshop 5: Wednesday 9 November (09:30 -12:00), Holiday Inn, 276 Bath Rd, UB7 0DQ

Workshop 6: Wednesday 9 November (14:00 - 16:30), Holiday Inn, 276 Bath Rd, UB7 0DQ

We will send you an invitation to confirm your place at a workshop. Please note that parking is available free of charge at the Holiday Inn.

Thank you in advance for your engagement.

Kind regards,

Dear [REDACTED]

Thank you for your email. We have allocated you to the afternoon workshop on Tuesday 1 November (1400-1630) at Holiday Inn, 276 Bath Rd, UB7 0DQ  
We look forward to seeing you there.

We are hosting multiple workshops to accommodate our many stakeholders – the same material will be presented at each workshop and we will share all feedback that we receive at a later stage, so there is really no need to attend more than one workshop.

We are following the CAA's Airspace Change Process (known as 'CAP1616') to make this airspace change and we are required to submit all relevant documents for publication on the CAA's Airspace Change Portal. You can view these documents here if you wish to: [Airspace change proposal public view \(caa.co.uk\)](#)

We have also provided a summary of information on our website: [Airspace modernisation | Heathrow](#)

We will provide a re-cap on work done at Stage 1 at the beginning of next week's workshop so we do not expect attendees to have done any pre-reading.

Kind regards,

Hello.

Thank you for your email inviting me (as a stakeholder) to attend the DD-Airspace workshops in early November 2022.

I am assuming the morning and afternoon workshops are identical rather than sequential and linked. Likewise I assume that the two days of workshops; WS1 & WS2 on Tues 01Nov and WS4 & WS5 on Tues 08Nov are identical day repeats.

**From the offered dates and times I would like to attend:**

**Tuesday afternoon 01.Nov.22, Workshop 2, 1400-1630.**

**I'd also like to attend the online Workshop 3, on Tuesday evening 08.Nov.22, 1830-2030.**

Dear Heathrow Stakeholder,

I am following up on an email I sent you on Wednesday 5<sup>th</sup> October inviting you to Heathrow's Airspace Change Proposal Stage 2A Engagement workshops taking place in early November. **These workshops will provide an update on our plans to introduce airspace modernisation at Heathrow, and a first look at our comprehensive list of flight path options.**

Please could you let us know which workshop you would like to attend by responding to this email? As a reminder, the workshop dates and times are as follows:

Workshop 1: Tuesday 1 November (09:30 -12:00), Holiday Inn, 276 Bath Rd, UB7 0DQ

Workshop 2: Tuesday 1 November (14:00 - 16:30), Holiday Inn, 276 Bath Rd, UB7 0DQ

As Chair of the NACF, we would really appreciate your engagement and feedback on our developing airspace change proposal.

We have added an additional online workshop, so we now have 6 events for you to choose from:

Workshop 1: Tuesday 1 November (09:30 -12:00), Holiday Inn, 276 Bath Rd, UB7 0DQ

Workshop 2: Tuesday 1 November (14:00 - 16:30), Holiday Inn, 276 Bath Rd, UB7 0DQ

Dear [REDACTED]

Thank you for your response to our invitation to our upcoming workshops. These workshops provide an opportunity for us to engage community representatives so that we can share information on our proposed airspace change and collect feedback from them. Please could you confirm whether the individuals you have named represent a Community Group?

We have a number of Community Groups who have been engaging with Heathrow on airspace issues for a few years and these groups have been asked to delegate attendance to a maximum of two representatives. This is to ensure that we can accommodate a wide range of stakeholder groups (including environmental groups and industry representatives) at the workshops. The role of these delegated representatives is to build an understanding of our operation and proposals and then share this information with the communities they represent.

We will undertake a full public consultation in 2024/25 when we reach Stage 3 of the process. At this stage we will have proposed flight paths to share and we will be able to accommodate the involvement of as many local community members as possible. However, for this stage, please could you let us know the names of the relevant Community Group(s) and their delegated representative?

Many thanks,

Thank you for your recent email offering me the choice of whether to attend the 1430-1630 online (Teams) session on Tuesday 8<sup>th</sup> Nov 2022, or the 1830-2030 online session on that same day (8<sup>th</sup> Nov).

Though I initially preferred the evening session at 1830, if it is heavily booked and it makes it easier for you, then I am able to accept either of them – 1430hrs or 1830hrs on Thursday 8<sup>th</sup> Nov. I leave it up to you. Just advise me in time.

Thanks and kind regards

Hi [REDACTED]

[REDACTED] Our online workshop is actually **next** Tuesday 8<sup>th</sup> November. We are now running two online workshops on this day (due to popular demand..) so you could join the afternoon workshop (14:30-16:30) or the evening workshop (18:30-20:30).

Please let me know which session you would prefer to join (afternoon or evening)? We will then send you an invite to the appropriate TEAMS session.

Dear [REDACTED]

I am following up on our previous emails inviting you to Heathrow's Airspace Change Proposal Stage 2A Engagement workshops taking place in early November. These workshops will provide an update on our plans to introduce airspace modernisation at Heathrow, and a first look at our comprehensive list of flight path options.

Please could you let us know which workshop you, or a colleague, would like to attend by responding to this email? The workshop dates and times are as follows:

- Thursday 3rd November 09:00 – 12:00, Online Morning Workshop (Industry Stakeholders)
- Thursday 3rd November 15:00 – 18:00, Online Afternoon Workshop (Industry Stakeholders)
- Friday 4th November 09:00 – 12:00, Online Morning Workshop (Industry Stakeholders)
- Monday 7th November 09:00 – 12:00, Online Morning Workshop (Industry Stakeholders)
- Monday 7th November 15:00 – 18:00, Online Afternoon Workshop (Industry Stakeholders)
- Tuesday 8th November 14:30 - 16:30, Online Afternoon Workshop (Community Stakeholders)
- Tuesday 8th November 18:30 - 20:30, Online Evening Workshop (Community Stakeholders)
- Wednesday 9th November 09:30 - 12:00, Holiday Inn, 276 Bath Rd, UB7 0DQ (Community Stakeholders – in person)
- Wednesday 9th November 14:00 - 16:30, Holiday Inn, 276 Bath Rd, UB7 0DQ (Community Stakeholders – in person)
- Thursday 10th November 09:00 – 12:00, Online Morning Workshop (Industry Stakeholders)
- Tuesday 15th November 14:00 – 16:30, Online Afternoon Workshop (Industry Stakeholders)

Once we have received your preferred workshop date/time, we will send you an invitation to confirm your place.

Dear [REDACTED]

Thank you for agreeing to attend one of the Stage 2A Engagement workshops for our Airspace Change Proposal (ACP) to introduce airspace modernisation at Heathrow.

We have confirmed your place at the online workshop on Tuesday 8<sup>th</sup> November 18:30 – 20:30 and we look forward to seeing you there. Please join the workshop via the Microsoft TEAMS link provided below.

[Click here to join the meeting](#)

After the workshop, we will email the engagement material pack and feedback form to both of you.

If you have any questions on anything related to the workshop, please email us at [airspace@heathrow.com](mailto:airspace@heathrow.com). There will also be an opportunity to ask questions during the workshop.

Kind regards,

Dear [REDACTED]

Very many apologies in not responding sooner. **If it is not too late, could we please secure a place for a representative(s) of the Chiltern Society at Workshop 3** (the online one on the 8<sup>th</sup> November). If you could send the necessary confirmation / invitation to both me [REDACTED] and our Planning Officer [REDACTED] (cc'd), at least one of us will endeavour to be there.

And, if there is subsequent circulation of the presentation material, please send to both of us.

Thank you,

**Subject:** Invitation to Heathrow's Stage 2A Engagement Workshops

Dear [REDACTED]

We would like to invite a CAGNE representative to join our upcoming workshops on Heathrow's Airspace Change Proposal for Airspace Modernisation. Heathrow is now at Stage 2A of the CAA's CAP1616 process and we are hosting Engagement Workshops next week to share our Comprehensive List of Options with interested stakeholders.

I realise that CAGNE's interests are primarily focussed on changes at Gatwick Airport, but I thought you might be interested in attending for an update on our plans to introduce airspace modernisation at Heathrow, and a first look at our comprehensive list of flight path options.

The workshop dates and times are as follows:

Tuesday 8 November, 14:30-16:30: Online Workshop

Tuesday 8 November, 18:30-20:30: Online Workshop

Wednesday 9 November, 09:30 -12:00: Holiday Inn, 276 Bath Rd, UB7 0DQ

Wednesday 9 November, 14:00 - 16:30: Holiday Inn, 276 Bath Rd, UB7 0DQ

Please could you let us know if you would like to attend one of these workshops by responding to this email?

Once we have received your preferred workshop date/time, we will send you an invitation to confirm your place.

Many thanks,

[REDACTED]

Dear Sir/Madam,

Thank you to those of you who attended one of our recent Stage 2A Engagement workshops. We very much appreciate the time that you gave for this important engagement. As promised in the workshops, we have now attached the engagement material relevant to our Comprehensive List of 224 Options, and we would appreciate your feedback on this material.

To enable you to provide feedback, we have attached the following engagement materials:

- The Comprehensive List of Options slide pack presented in the workshops, supplemented by a Glossary of Terms and responses to 'Frequently Asked Questions',
- An Appendix which sets out the full set of our Comprehensive List of Options by Design Principle.

The link to our Feedback Form is here: <https://www.research.net/r/HeathrowEngagementFeedback>  
Alternatively, you can access the feedback form by scanning the QR code on slide 59 of the main slide pack.

If you have any questions on anything within the material, or difficulty in accessing the materials, please email us at: [airspace@heathrow.com](mailto:airspace@heathrow.com).

Please use the Feedback Form to provide your feedback on our approach to developing a Comprehensive List of Options. Please remember that, in accordance with the CAA's CAP1616 process, we are seeking feedback on the approach at this stage, rather than on the specific geographical areas or potential impact of the flight path options. There will be ample opportunity to discuss and feedback on these issues during the public consultation at Stage 3.

The deadline for receiving Feedback Forms is **5:00pm on Friday 9 December** to allow us time to consider all feedback received prior to undertaking our Design Principle Evaluation. We will be in touch to provide you with a summary of all the feedback we receive prior to our Stage 2 submission in mid-2023.

Many thanks for your support in this engagement.

Kind regards,

Dear [REDACTED]

Thank you for inviting me to your FASIS event and I would be happy to attend others in the future.

CAGNE will send feedback in due course to meet your deadline, but in the meantime may I ask if you engaged with any other groups/ individuals from the communities around Gatwick as it may be good for us to liaise with them over our response.

Thank you in advance

Good morning [REDACTED] and the team.

Thank you for the slides and attachments.

Please can you advise if there is a public version of the above that can be shared with Council Members as no doubt they will be interested to hear at the earliest opportunity the list of options being proposed that potentially could affect there wards in the future.

Confirmation of what documents can be shared or relevant links to use will be greatly appreciated.

Hi [REDACTED]

Many thanks for the presentation and the follow-up material.

Could I ask a favour please – would it be possible to take my Chief Executive [REDACTED] off the mailing list – it's me that correspondence needs to get to and I can report up as necessary.

Many thanks.

Hi [REDACTED]

Please feel free to share the slides we sent you with Council Members. They are marked as “private” because they aren’t suitable for engagement with the general public, since some background on airspace change is assumed.

Can I suggest this is always included in future surveys. I'm afraid navigating your web site to find the relevant documents proved impossible.

Can I also clarify who is the audience for this survey? It is just stakeholders or is this a broader engagement involving the public?

Dear [REDACTED]

Please see below the email that was sent to a wide range of stakeholders – including the following Ealing Council representatives:

- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]

We also invited them to attend one of our 6 workshops, where we talked through the material and explained how we have followed the Civil Aviation Authority's process to develop a Comprehensive List of Options for our proposed airspace change. Councillor [REDACTED] was the only attendee from Ealing Council.

Please let me know if you would like me to add your name (or anyone else's) to our stakeholder list for engagement on airspace issues.

The engagement material is attached and there is a link to the Feedback Form in the email below. I would be happy to answer any questions that you have on the material. The material is not available on our website since Heathrow is not undertaking a public consultation at this stage. This stage of the process is reasonably technical and the CAA therefore requires us to engage with representatives from community and industry, rather than with the general public. A formal public consultation will take place around 2024/2025 when we have final flight path options and detailed impact assessments to share.

Separately, we sent you and [REDACTED] a number of emails over the summer requesting information on Ealing's Local Plans, to ensure we can have regard for local development plans when assessing our flight path options. I haven't received a response to those requests from anyone at Ealing. I have attached the email chain and would be grateful if you could let me know who I should follow up with on that issue.

I'd be happy to set up a Teams call to answer any questions you have on either the engagement material or the Local Plans request.

Many thanks,

Thanks [REDACTED] that's really helpful. I will make sure this has been actioned already by colleagues.

Yes please add me to the mailing list. For you information, I have been heavily involved in the work of HSPG and I'm vice chair of the officers group working on land use. We are currently revising the evidence base (much of which had been previously prepared jointly with HAL prior to the pandemic) with a view to updating the HSPG Joint Spatial Planning Framework. If you recall this was published literally weeks before the pandemic begun, so needs refreshing.

Regards the data requests I will look into this and get back in touch. Best to use me as the central point of contact on that from now on. I and my team have been somewhat preoccupied in recent months with preparing our Reg 18 Local Plan which will be published this Wednesday, so I suspect it hasn't been prioritised with everything else going on. We have also had some issues with the London DataHub and have been working with the GLA to resolve issues around data integrity etc.

Dear Sir/Madam,

You will hopefully be aware that Heathrow commenced a new Airspace Change Proposal (ACP) in 2021 to introduce airspace modernisation at Heathrow, in support of the Government's wider UK [Airspace Modernisation Strategy](#). More details on our ACP can be found on the Civil Aviation Authority's [airspace change portal](#).

To make this change, we are going through the CAA's airspace change process, known as [CAP1616](#). The process places great importance on engaging with a wide range of stakeholders throughout the required stages, including potentially affected communities.

We are now at Stage 2A in the process and we are required to engage with stakeholders to share and seek feedback on our **comprehensive list of options** for the proposed airspace design. We would like to seek your input to help us ensure that these options adequately address our Statement of Need and align with the Design Principles we set at Stage 1.

We have attached the engagement material that sets out how we developed our Comprehensive List of Options for the introduction of Airspace Modernisation at Heathrow, and we would appreciate your feedback on this material please.

To enable you to provide feedback, we have attached the following engagement materials:

- The Comprehensive List of Options slide pack, including a Glossary of Terms and responses to 'Frequently Asked Questions',
- An Appendix which sets out the full set of our Comprehensive List of Options by Design Principle.

The link to our Feedback Form is here: <https://www.research.net/r/HeathrowEngagementFeedback> Alternatively, you can access the feedback form by scanning the QR code on slide 59 of the main slide pack.

If you have any questions on anything within the material, or difficulty in accessing the materials, please email us at: [airspace@heathrow.com](mailto:airspace@heathrow.com).

Please use the Feedback Form to provide your feedback on our approach to developing a Comprehensive List of Options. In accordance with the CAA's CAP1616 process, we are seeking feedback on the approach Heathrow has taken at this stage, rather than on the specific geographical areas or potential impact of the flight path options. There will be ample opportunity to discuss and feedback on these issues during the public consultation at Stage 3.

The current deadline for receiving Feedback Forms is **5:00pm on Friday 9 December** to allow us time to consider all feedback received prior to undertaking our Design Principle Evaluation. However, please let us know if you require more time to respond.

We will be in touch to provide you with a summary of all the feedback we receive prior to our Stage 2 submission in mid-2023.

Many thanks for your support in this engagement.

Kind regards,

## Questions relating to airspace redesign

Wed 30/11/2022 16:09

To: DD - Airspace <airspace@heathrow.com>

**Caution: external email. Unless you recognise the sender and know the content is safe, do not click links or open attachments.**

Hi

My name is [REDACTED] and I represent the Windlesham Society. I attended one of the recent Stage 2A Engagement Workshops in relation to the airspace redesign. We are currently working on our feedback form. I have a few questions in relation to the way in which Heathrow has interpreted Design Principle 9. DP9 is to “Keep the number of people who experience an increase in noise from the future airspace design to a minimum.” One of the inputs used is “Population newly overflown (below 7000ft at least 20 times a day on average”.

My questions are as follows. You are welcome to keep your answers brief and answer yes or no where appropriate.

- 1 Does this mean that if an area is currently overflown at least 20 times a day on average it is treated as “overflown” for the purposes of this DP?
- 2 Is the approach for this DP, therefore, to avoid, where possible, overflying areas which are currently overflown less than 20 times a day on average (on the basis that such overflight would make these areas “newly overflown”)?
- 3 Which period did you consider when performing the “20 overflights on average per day calculation”?
- 4 Is this period set in stone or might you use other periods in future?
- 5 Our area of Surrey Heath experiences both departures and arrivals. When you produced the departure flightpath options, did you just take into account the number of departure overflights when you performed the “20 overflights on average per day calculation”? In other words, did you just work out the average number of departure overflights on a departures day (westerly operations)? Or did you include arrivals overflights too and work out the average number of both departure and arrival overflights taken together over the period considered? Please explain the process.

Thanks for your help.

Hi [REDACTED]

Thank you for your email. I have responded to each of your questions below, and have kept answers brief as you suggested. I hope this helps to clarify the approach that was taken to designing options to meet Design Principle 9 at this early stage of the process.

Please let me know if you have any further questions.

Thanks,  
[REDACTED]

1 Does this mean that if an area is currently overflown at least 20 times a day on average it is treated as “overflown” for the purposes of this DP?

Yes.

2 Is the approach for this DP, therefore, to avoid, where possible, overflying areas which are currently overflown less than 20 times a day on average (on the basis that such overflight would make these areas “newly overflown”)?

Yes.

3 Which period did you consider when performing the “20 overflights on average per day calculation”?

We used overflight data from 92 days in summer 2019 (16 June to 15 Sept 2019).

4 Is this period set in stone or might you use other periods in future?

Our Stage 2 assessments, including the Design Principle Evaluation and the Initial Options Appraisal, will compare flight path options to a baseline year of 2019. Other periods may be used for future assessments.

5 Our area of Surrey Heath experiences both departures and arrivals. When you produced the departure flightpath options, did you just take into account the number of departure overflights when you performed the “20 overflights on average per day calculation”? In other words, did you just work out the average number of departure overflights on a departures day (westerly operations)? Or did you include arrivals overflights too and work out the average number of both departure and arrival overflights taken together over the period considered? Please explain the process.

We identified areas overflown at least 20 times a day on average in summer 2019, by departures and/or arrivals. The population within these areas were considered to be “overflown” today.

Dear Heathrow Airspace Team,

Further to the email chain below, in order to assist Newham Council in providing a response, please could you forward the consultation material associated with the Comprehensive list of Options? Apologies for the late request, I have been out of the office for the last few weeks.

I also wanted to check that I am on the distribution list for updates to Heathrow's airspace modernisation process? The reason I ask is that I don't appear to have received an email in respect of the engagement workshops.

Kind regards, [REDACTED]

Dear [REDACTED]

Thank you for your email. [REDACTED] (cc'd) was listed as our key point of contact for Newham Council, so [REDACTED] received the invite to our engagement workshops. I have updated our stakeholder list to ensure that you are also contacted with all future correspondence relating to airspace change at Heathrow.

Please see attached the comprehensive list of options slide pack presented in the workshops and options appendix which sets out our comprehensive list of options for each design principle.

If you have any questions on anything within the material, please email us at [airspace@heathrow.com](mailto:airspace@heathrow.com) and we will answer your queries. We would also be happy to organise a briefing for you if it would be useful.

Dear [REDACTED]

Thanks for the attached slides- I will be in touch if I have any queries, and I can confirm we will provide a response by the end of the week.

Noted about [REDACTED] being listed at the key point of contact, it is probably best to keep both of us on the database. However, as [REDACTED] is the chief executive correspondence will be passed down to me for a response in any event.

Dear Heathrow,

I have recently joined the St Albans District Council's planning policy team and it falls to me to draft a response to this, and unfortunately I don't have access to the previously sent materials.

Please could you send through the 'comprehensive list of options' document which the feedback form relates to?

Please could you also re-send the materials referenced in the email below; ie

- The Comprehensive List of Options slide pack, including a Glossary of Terms and responses to 'Frequently Asked Questions',
- An Appendix which sets out the full set of our Comprehensive List of Options by Design Principle.

Also could you possibly advise whether our previous response on the CAA website copied below from earlier this year is to the same proposals? (Therefore perhaps negating the need for a further response this week)

Hi [REDACTED]

I have attached the two relevant documents for you to review and provide feedback on. The feedback form is here: <https://www.research.net/r/HeathrowEngagementFeedback>

These documents set out the work we have done to develop a comprehensive list of options for introducing airspace modernisation at Heathrow. This is separate to the response St Albans provided to the CAA's consultation earlier this year on the wider airspace modernisation strategy.

Please let us know if you have any questions on either of the attached documents.

I will add your name to our stakeholder list to ensure we include you in future correspondence relating to Heathrow's airspace change proposal (ACP).

Many thanks,

Dear Sir/Madam,

You will hopefully be aware that Heathrow commenced a new Airspace Change Proposal (ACP) in 2021 to introduce airspace modernisation at Heathrow, in support of the Government's wider UK [Airspace Modernisation Strategy](#). More details on our ACP can be found on the Civil Aviation Authority's [airspace change portal](#).

To make this change, we are going through the CAA's airspace change process, known as [CAP1616](#). The process places great importance on engaging with a wide range of stakeholders throughout the required stages, including potentially affected communities.

We are now at Stage 2A in the process and we are required to engage with stakeholders to share and seek feedback on our **comprehensive list of options** for the proposed airspace design. We would like to seek your input to help us ensure that these options adequately address our Statement of Need and align with the Design Principles we set at Stage 1.

We have attached the engagement material that sets out how we developed our Comprehensive List of Options for the introduction of Airspace Modernisation at Heathrow, and we would appreciate your feedback on this material please.

To enable you to provide feedback, we have attached the following engagement materials:

- The Comprehensive List of Options slide pack, including a Glossary of Terms and responses to 'Frequently Asked Questions',
- An Appendix which sets out the full set of our Comprehensive List of Options by Design Principle.

The link to our Feedback Form is here: <https://www.research.net/r/HeathrowEngagementFeedback> Alternatively, you can access the feedback form by scanning the QR code on slide 59 of the main slide pack.

If you have any questions on anything within the material, or difficulty in accessing the materials, please email us at: [airspace@heathrow.com](mailto:airspace@heathrow.com).

Please use the Feedback Form to provide your feedback on our approach to developing a Comprehensive List of Options. In accordance with the CAA's CAP1616 process, we are seeking feedback on the approach Heathrow has taken at this stage, rather than on the specific geographical areas or potential impact of the flight path options. There will be ample opportunity to discuss and feedback on these issues during the public consultation at Stage 3.

The current deadline for receiving Feedback Forms is **5:00pm on Friday 9 December** to allow us time to consider all feedback received prior to undertaking our Design Principle Evaluation. However, please let us know if you require more time to respond.

We will be in touch to provide you with a summary of all the feedback we receive prior to our Stage 2 submission in mid-2023.

Many thanks for your support in this engagement.

Kind regards,

Hi [REDACTED]

These documents are marked as “private” because the relatively technical nature of engagement at this stage does not lend itself to public engagement. Ideally we like to take stakeholders through the material in a workshop to ensure that our approach has been fully understood and provide an opportunity to ask questions.

We expect that stakeholders will only share the material with their colleagues. You are welcome to forward the documents to [REDACTED] if you feel it is appropriate, however please include the caveat that this material is not intended for onward circulation.

If [REDACTED] would like to engage with us directly, please do direct him to [airspace@heathrow.com](mailto:airspace@heathrow.com)

Hi [REDACTED]

Thank you for your email.

We have attached the documents relevant to our current engagement on our airspace change proposal (ACP). ***Please note that this is stakeholder engagement rather than consultation at this stage.*** We will be undertaking a public consultation on our ACP at Stage 3 of the process, as required by the CAA's CAP1616, and I will add your email address to our stakeholder list to ensure we invite you to respond to that consultation at the appropriate time.

You are welcome to provide feedback on the Comprehensive List of Options that we have shared in the attached material. The feedback form is here:

Dear [REDACTED]

FYI, we have completed the online Stage 2A Feedback Form as per the link below.

It was a bit of a challenge (unformatted text, character limited, etc.). So, to be sure and/or in case you find the uploaded version difficult to read, please find attached a pdf version.

We will turn to the draft Stakeholder Engagement Record shortly (your email of 25-Nov-22 refers).

Best regards, and wishing you a lovely weekend (consider visiting Richmond Park: it's particularly lovely just now), and a super Christmas break,

[REDACTED]

Dear [REDACTED]

Short feedback submitted via the online link earlier this afternoon. Might it be possible to have a copy as I can't find any way to retrieve it?

Thank you and good wishes

Good morning [REDACTED],

I have requested a copy of your responses from Headland and attached the PDF to this email.

Thank you for your engagement with us during this process.

Kind regards,

Dear

[REDACTED]

We have been reviewing the feedback received via the online survey and noticed that you did not identify your response as being on behalf of Englefield Green Action Group. As we mentioned during the workshops, any personal information (i.e. names) of respondents will be removed before we submit to the CAA - in most cases this means the response is attributed to the Community group/organisation that the stakeholder represents, but in your case it will mean your response is anonymous.

Please let me know if you would prefer us to add EGAG to your response.

Many thanks,

[REDACTED]

Thanks for your note regarding my response.

You will be aware that [REDACTED] has responded under the EGAG banner. However I am also aware that he has made reference to some of my responses in answering some of the later feedback questions.

If you are happy to allow two responses to the EGAG banner please link my response to the EGAG name, although I know that will mean you have two different responses to some of the earlier questions from the same group. If this is an issue please give my response anonymously, with [REDACTED] the EGAG response, although he has referred to my response on the last few questions.

Hope helpful;
