# Invitation to update on Airspace Modernisation at Heathrow: July 2023

DD - Airspace

Mon 12/06/2023 10:56

To:DD - Airspace <airspace@heathrow.com>

Bcc

[Redacted content]

[REDACTED]

Dear All,

Heathrow is now nearing completion of Stage 2 of the CAA's airspace change process (CAP1616) and we would like to update you, as a stakeholder representative, on our progress. Since our last sessions, where we shared our approach to the "Design Principle Evaluation", we have undertaken further assessment of each of the options in an "Initial Options Appraisal".

We are now inviting you to attend an online session where we will share a summary of our approach to the Initial Options Appraisal and shortlisting of options. Please note that the list of flight path options remains subject to change and assessment at this stage is very high-level. CAP1616 does not require ACP sponsors to engage at this stage so we will not be asking for formal feedback. Therefore, whilst we welcome every stakeholder, we suggest that one representative per organisation is sufficient to attend this update.

If you are interested in attending, there are four sessions to choose from:

- Session 1: Monday 3 July (09:00 - 10:30 GMT), Microsoft Teams
- Session 2: Monday 3 July (16:00 - 17:30 GMT), Microsoft Teams
- Session 3: Wednesday 5 July (09:00 - 10:30 GMT), Microsoft Teams
- Session 4: Wednesday 5 July (16:00 - 17:30 GMT), Microsoft Teams

**You can sign-up to a session via this survey:** <https://forms.office.com/e/N6nx75FS3F>

We will send you an invitation (with a Teams link and joining instructions) to confirm your place at a workshop.

Kind regards,  
[REDACTED]

# Invitation to update on Airspace Modernisation at Heathrow: June 2023

DD - Airspace

Mon 12/06/2023 12:00

To:DD - Airspace <airspace@heathrow.com>

Bcc

Dear Stakeholder,

Thank you for your recent engagement on our airspace modernisation proposal.

We are now nearing completion of Stage 2 of the CAA's airspace change process (CAP1616) and we would like to update you, as a stakeholder representative, on our progress. Since our last sessions, where we shared our approach to the "Design Principle Evaluation", we have undertaken further assessment of each of the options in an "Initial Options Appraisal".

We are now inviting you to attend an online session where we will share a summary of our approach to the Initial Options Appraisal and shortlisting of options. This is a technical session for a smaller group made up of technically-minded stakeholders who have an interest in discussing our approach to appraisal in detail. This follows on from our previous methods and metrics workshops and will hopefully resolve any questions you might have regarding Heathrow's approach to assessing the comprehensive list of flight path options at Stage 2. Our wider group of community stakeholders and local authority representatives will be invited to join a larger session with less of a technical focus.

This engagement is not formally required under the Government's airspace change progress.

The date of the technical session is **Tuesday 27 June (10:00 – 12:00), taking place online via Microsoft Teams.**

**Please could you respond to this email to let us know whether you would like to attend the session?** We will send you an invitation (with Teams link and joining instructions) to confirm your place at the technical session.

Kind regards,

Airspace & ATM Engagement Specialist

Hi [REDACTED]

I'm afraid I have to send my apologies as I will be on holiday that week.

Is it possible for another date to be provided or perhaps have the opportunity to speak separately with the airspace team upon my return?

Kind regards

[REDACTED]

# Invitation to update on Airspace Modernisation at Heathrow: Summer 2023

DD - Airspace

Tue 13/06/2023 14:17

To:DD - Airspace <airspace@heathrow.com>

Bcc:

Dear All,

You will be aware that Heathrow commenced a new Airspace Change Proposal (ACP) in 2021 to introduce airspace modernisation at Heathrow, in support of the Government's wider UK [Airspace Modernisation Strategy](#). More details on our ACP can be found on the Civil Aviation Authority's [airspace change portal](#).

Heathrow is now nearing completion of Stage 2 of the CAA's airspace change process (CAP1616) and we would like to update you, as a stakeholder representative, on our progress. Since our last sessions, where we shared our approach to the "Design Principle Evaluation", we have undertaken further assessment of each of the options in an "Initial Options Appraisal".

We are now inviting you to attend an online session where we will share a summary of our approach to the Initial Options Appraisal and shortlisting of options. Please note that the list of flight path options remains subject to change and assessment at this stage is very high-level.

If you are interested in attending, there are two sessions to choose from:

- Session 1: Thursday 29 June (13:30 - 15:30), Microsoft Teams
- Session 2: Tuesday 4 July (18:30 - 20:30), Microsoft Teams

**You can sign-up to a session via this survey:** <https://forms.office.com/e/PwAezuVGTW>

We will send you an invitation (with Teams link and joining instructions) to confirm your place.

Kind regards,

Airspace & ATM Engagement Specialist

Dear [REDACTED],

Thank you for signing up to one of Heathrow's Airspace Modernisation update session taking place on Monday 3rd July. These sessions are intended for our industry stakeholders, please could you let us know which organisation (e.g. an airport, airline, or airfield) you will be representing at the session for our records?

We will send out a Teams invitation to the session in due course.

Kind regards,

Hi [REDACTED],

I work for Denham Aerodrome.

Rgds,

[REDACTED]  
Director  
Merlin Aerospace Consulting Ltd

**From:** DD - Airspace  
**Sent:** 15 June 2023 15:52  
**To:** [REDACTED]  
**Cc:** DD - Airspace  
**Subject:** FW: Invitation to update on Airspace Modernisation at Heathrow: Summer 2023

Dear [REDACTED]

Heathrow has recently engaged with Milton Keynes Council on our Airspace Modernisation programme. I sent the email below to council representative [REDACTED] to invite [REDACTED] to our next series of online update sessions on our airspace change process. I was unable to reach [REDACTED] email address, and was wondering if there is someone at Milton Keynes Council I can contact who would be interested in attending a session?

Kind regards,

[REDACTED]

[REDACTED]  
Airspace & ATM Engagement Specialist

**To:** DD - Airspace <airspace@heathrow.com>  
**Subject:** Invitation to update on Airspace Modernisation at Heathrow: Summer 2023

Dear All,

You will be aware that Heathrow commenced a new Airspace Change Proposal (ACP) in 2021 to introduce airspace modernisation at Heathrow, in support of the Government's wider UK [Airspace Modernisation Strategy](#). More details on our ACP can be found on the Civil Aviation Authority's [airspace change portal](#).

Heathrow is now nearing completion of Stage 2 of the CAA's airspace change process (CAP1616) and we would like to update you, as a stakeholder representative, on our progress. Since our last sessions, where we shared our approach to the "Design Principle Evaluation", we have undertaken further assessment of each of the options in an "Initial Options Appraisal".

We are now inviting you to attend an online session where we will share a summary of our approach to the Initial Options Appraisal and shortlisting of options. Please note that the list of flight path options remains subject to change and assessment at this stage is very high-level.

If you are interested in attending, there are two sessions to choose from:

- Session 1: Thursday 29 June (13:30 - 15:30), Microsoft Teams
- Session 2: Tuesday 4 July (18:30 - 20:30), Microsoft Teams

**You can sign-up to a session via this survey:** <https://forms.office.com/e/PwAezuVGTw>

We will send you an invitation (with Teams link and joining instructions) to confirm your place.

Kind regards,

Dear [REDACTED]

Please accept my apologies that your emails were unanswered, but [REDACTED] has now left the Council.

I have recently taken on a role in strategic transport at Milton Keynes Council, and I would be delighted to attend one of the Heathrow Airspace Modernisation sessions on behalf of MKC, so I would be very grateful if you could include me in any future invitations.

I look forward to hearing from you

**Kind Regards,**

Dear Stakeholder,

Following up on our email below, this is to remind you that Heathrow's technical session to discuss our approach to the Initial Options Appraisal and shortlisting of options is in one week. As a reminder, the date of the session is **Tuesday 27 June (10:00 – 12:00), taking place online via Microsoft Teams.**

**If you are interested in attending, please could you respond to this email?**

We will be in touch again soon to send you an invitation (with Teams link and joining instructions) to confirm your place.

Dear [REDACTED]

Thank you for the invitation to the two stakeholder engagement meetings on 29 June and 4 July. Unfortunately I will be travelling across Greece from 27 June to 6 July and it will not be feasible for me to join the three dates suggested. As the session on 27 June is not being recorded (nor the other two dates), and all the dates fall close together I wondered if it would be possible to arrange a face to face session, as a follow up to our contribution in the Stakeholder Engagement Meeting and Record (SER) process, when I return. As with the initial SER discussion we would be happy to do this with other groups if they can't make the scheduled virtual meetings sessions or in an observation capacity.

If such a session could be set up this would be much appreciated.

Many thanks

[REDACTED]

Dear [REDACTED]

Thank you for signing up to attend Heathrow's Airspace Modernisation Initial Options Appraisal update session. I sent you the Teams invitation to Session 2 but noticed that you have completed the survey again indicating a preference to join Session 1 taking place this Thursday (29 June) at 13:30 – 15:30. Please add a personal reminder to your calendar and click on the Teams link below to join Session 1 on Thursday afternoon:

Re: Invitation to update on Airspace Modernisation at Heathrow: June 2023

**Caution: external email. Unless you recognise the sender and know the content is safe, do not click links or open attachments.**

As requested at today's meeting, by Heathrow's [REDACTED], I'm formally requesting that the GIS flight path information files, used in the creation of today's presentation slides (and going forward), showing un-obfuscated flight path options be made available, for consultation purposes.

Rationale: The number of people that will be affected by this **Airspace Modernisation** is truly enormous (and an order of magnitude larger than the aborted Heathrow 2014 PBN Departure Trials). The USA's NextGen PBN rollout has demonstrated the disaster of the FAA consultation folly - see note.

As community stakeholder representatives, we need to be able share information gleaned from these engagements, with our membership(s). The GIS data is foundational to that information sharing, without which wide-scale (required given the numbers that will be affected by this UK Airspace Modernisation and in particular of the London Airports), and effective Consultation, as defined by the Gunning Principles, cannot begin or said to have taken part.

Regards,

[REDACTED]

EGAG

Note: The USA's NextGen has been an unmitigated disaster for overflown communities, old and new, and to all involved, with successful legal challenges, flightpath reversals and \$100billion underperformance of the minimum projected financial benefits, barely covering costs.

**Cc:** [REDACTED]  
**Subject:** Heathrow FASI and Surrey Hills AONB

**Caution: external email. Unless you recognise the sender and know the content is safe, do not click links or open attachments.**

Hi there,

Firstly, thanks for the presentation last night. It was informative.

I wasn't able to hit the 'hands up' button quick enough last night, but I noted that when you were discussing the options in relation to AONB's etc, there was no mention of how the proposed expansion of the Surrey Hills AONB would be accounted for in the formation of your options.

Natural England have undertaken a review of the Surrey Hills AONB Boundary and have consulted on the proposed new boundary (consultation concluded on 13 June 2023). They intend to submit to the Secretary of State in Spring/Summer 2024. I note that some of the options still being considered would fly over northern areas of Surrey and where the AONB both exists and is due to be expanded and it would be useful for you to request the layers from Natural England so that you can feed this into your modelling. Surrey Authorities will then be in a position to reassure elected Members and communities that you have had regard to this.

The best email to use to acquire the information is: [REDACTED]

Many thanks

Morning [REDACTED]

Apologies for missing this event, operation stuff had my attention. I will not be able to participate this afternoon, however if you have a desk/presentation as a follow up, that would be great to view.
