

ACP-2019-32 Edinburgh Airport FASI

Stage 3 'Consult' Gateway Outcome – 17 October 2024

[STATEMENT]

As part of Stage 3 'Consult' of the CAP 1616 airspace change process, the UK Civil Aviation Authority (CAA) has completed a 'Consult' Gateway Assessment of Edinburgh Airport's airspace change proposal (ACP) – Edinburgh Airport FASI (ACP-2019-32).

In accordance with CAP 1616, the requirements for the CAA to sign-off the Stage 3 'Consult' Gateway, detailed in paragraphs 3.24 – 3.27, have not been fully met.

The CAA has informed the change sponsor of this decision. In line with CAP 1616, the change sponsor is now able to reconsider its submission before resubmitting it for further review by the CAA at a future Gateway.

It is important to note that whether an ACP passes a gateway successfully or not does not predetermine the CAA's later final decision on whether to approve the airspace change proposal. This decision is not an explicit or implicit comment on the merits or otherwise of this ACP. This will come at the decision-making stage (Stage 5 - DECIDE).
